HOW TO USE THIS DIRECTORY

Israel's Homeland Defense Directory 2015-2016, brought to you by SIBAT, provides homeland defense technology and service providers.

For your convenience, this book includes several index sections. Each index is organized by alphabetical order, highlighting the participating companies, specific products, application solutions and services offered.

Company Index (Page 11-12):

Israel's Homeland Defense Company Index lists about 100 companies offering homeland defense products, solutions and services. The index lists the location (page number) where the company's profile is located in the company profile section beginning at page 32.

Equipment Index (page 13-24):

Israel's Homeland Defense Equipment Index presents hundreds of equipment types, grouped under 23 main categories, organized by alphabetical order. Companies offering specific products related to each sub-category are listed, indicating the company profile page. Among the main product categories are access control, perimeter security, transportation, armor protection, biometric systems, industrial, financial and business security, civil defense and CBRN, Command, control and communications and surveillance, Counter-IED, and EOD, intelligence, and forensic investigation, law enforcement and counter-terror, weapons, personal gear.

Applications/Solutions Index (page 25-28):

Israel's Homeland Defense Applications listing outlines companies offering system solutions based on their own equipment or other equipment manufacturers (OEM). Over 40 categories are included, addressing a broad range of homeland security requirements. In addition to the 23 main product categories, this section addresses specific applications such as anti-fraud and countering financial crime, aviation security, border security & control, casualty evacuation, cyber security, emergency response planning, maritime and coastal security, oil and gas security, safe city, urban surveillance and response and more.

Services Index (page 29-30):

Israel's Homeland Defense Services listing include companies providing services, consulting and support for homeland security operations. These companies are providing expert advice for the planning, design, integration, training, inspection, auditing and certification, required for continuous operation of homeland security systems

Alphabetical Index - Product Brand Names (page 163-167):

You can also search for a specific product by brand name, in the alphabetical index listed at the end of this directory.

Although we have done our utmost to insure that the information herein is correct, it is the companies that are responsible for the accuracy of the information they submit.

We, therefore, cannot be held responsible for any inconsistency or inconvenience caused by discrepancies in the information.

The Directory will be current for 24 months, with the next one due to be published in the spring of 2017.

Please turn to page 168 to order additional copies of the Directory.

ISRAEL'S GLOBALLY RECOGNIZED DEFENSE INDUSTRY

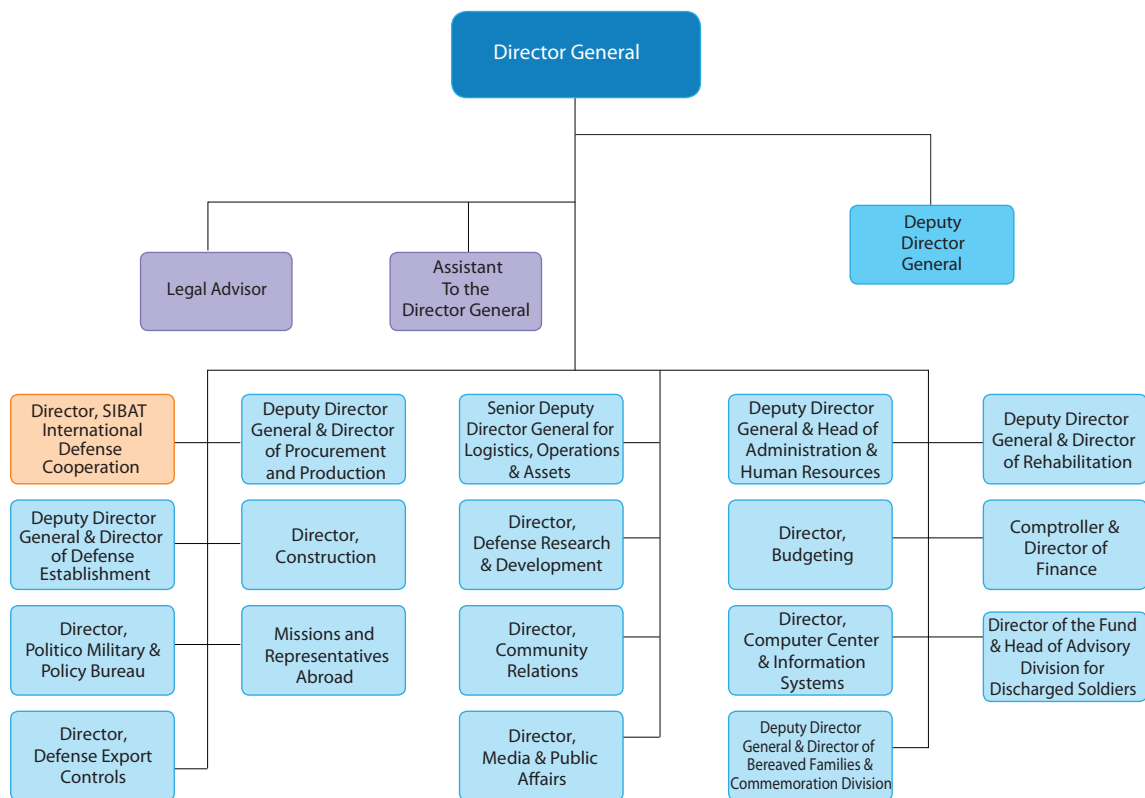

Israel is recognized the world over for its pioneering, operationally-proven defense systems—delivering advanced capabilities to meet today's increasingly sophisticated threats.

Developed by the country's defense industries – and utilized by defense and security forces around the globe – these ground-breaking systems are backed by a combination of cutting-edge technologies, a skilled and militarily experienced multi-disciplinary workforce, and a well-developed infrastructure. Together, they ensure Israel's national security – and support its worldwide customer base.

Israel's defense industry – which plays a leading role in the development of the country's industrial and technological capabilities – is open to cooperation, technology transfer, and the sharing of know-how through international initiatives.

As the authority responsible for defense export and international cooperation within Israel's Ministry of Defense (IMOD), SIBAT is your link to the technological knowledge and expertise of Israel's defense industries.

Israel Ministry of Defense - Organization Chart

SIBAT AT THE CROSSROADS OF ISRAEL'S DEFENSE INDUSTRY

Occupying a key position in Israel's defense sector – SIBAT is both an essential directorate within the IMOD, while at the same time, enjoying a close relationship with Israel's defense industry.

SIBAT's responsibilities include:

- Assisting in the expansion of international defense cooperation.
- Acting as the primary source of detailed information about Israel's versatile, dynamic defense industry.
- Participating in the formulation of Israel's defense export policy, coordinating all export-related activities, and promoting Israel's defense technologies abroad.
- Managing the marketing and sales of defense inventory.

Due to its unique position within Israel's defense ecosystem, SIBAT:

- Receives ongoing updates regarding the wide variety of technologies and solutions being developed by Israeli defense companies.
- Handles a steady stream of critical input concerning the IDF's evolving operational requirements.
- Continuously enhances and expands its understanding of defense concepts – and the relationship between the IDF's field experience and the development of industry solutions.

SIBAT - Organization Chart

FACILITATING INTERNATIONAL COOPERATION

Among the activities designed to facilitate international cooperative initiatives, SIBAT:

- Generates and supports Government-to-Government agreements.
- Initiates and coordinates visits to Israel by foreign delegations and representatives from around the world.
- Organizes the visits of Israeli defense delegations abroad.
- Establishes collaborative ventures and long-term partnerships.
- Assists in the creation of joint ventures between Israeli defense industry manufacturers and foreign partners.
- Identifies the needs of potential customers, matches these requirements with appropriate technological solutions, and establishes connections between customers and relevant Israeli defense companies.

International Cooperation

International cooperation is divided into three regional divisions:

1. Europe & North America
2. Asia, Africa & the Pacific
3. Latin America

EUROPE & NORTH AMERICA DIVISION

UNITS	TEL.	FAX
Director of Europe & North America	972-3-697-7936	972-3-697-5097
Central Europe	693-7937	
Eastern Europe	697-7905	
Western Europe	697-7930	
North America	697-6586	

E-mail: sibat_euam@mod.gov.il

ASIA, AFRICA & THE PACIFIC DIVISION

UNITS	TEL.	FAX
Director of Asia, Africa & the Pacific	972-3-697-7921	972-3-697-7959
East Asia	697-7928	
South Asia	697-7964	
Africa	697-7912	
The Pacific	697-7920	

E-mail: sibat_aap@mod.gov.il

LATIN AMERICA DIVISION

UNITS	TEL.	FAX
Director of Latin America	972-3-697-7925	972-3-697-5097
South America	697-7698	
Central America	697-7949

EXPANDING GLOBAL DEFENSE COOPERATION

Supporting Israel's High-End SME's

SIBAT attaches great importance, and allocates significant management resources, to the support of small and medium-sized defense enterprises. SIBAT has become an exceptional source of information for Israel's flourishing SME community – appreciated for its nurturing of innovative startups, as well as its matching of mid-sized and large firms with global partners. These industries rapidly provide flexible solutions to meet urgent needs, constitute a wellspring of technological innovation, contribute to the enhancement of competitiveness, and possess specialized knowledge and expertise.

The division is organized as follows:

UNITS	TEL.	FAX
Director of Business Development and SMEs	972-3- 697-7938	972-3-697-6843
SMEs	697-6461	
Business Information	693-4073	

E-mail: sibat_bic@mod.gov.il

Supporting Global Customers and Defense Exporters

Tasked with expanding global cooperation with Israel's defense industry, SIBAT disseminates information regarding the country's cutting-edge, combat-proven technologies, and supports global customers as well as defense exporters.

Activities include:

- Comprehensive quality assurance and technical support services as required by Government-to-Government agreements.
- Advanced training seminars in Israel and abroad, and training for foreign forces around the world in the effective use of Israel's technologies and know-how.
- Publication of the Israel Defense Directory every two years, covering Israel's Defense and Homeland Security Industries.
- Organizing the Israel National Pavilion at defense-related exhibitions around the world, where Israel's technologies and capabilities are showcased under one roof; producing local conferences; attending global fairs and exhibitions.

These services are headed by the Principal Deputy Director of SIBAT and provided by the following units:

UNITS	TEL.	FAX	E-MAIL
Principal Deputy Director	972-3-697-7906	972-3-697-6843	Itamar_graff@mod.gov.il
Marketing Communications	697-5515	693-4639	sibat_marcom@mod.gov.il
Planning, Coordination & Export Policy	697-7942	697-7093	sibat_expolicy@mod.gov.il
Quality Assurance	693-4189	693-4640	anordan@mailto.mod.gov.il

MARKETING AND SALES OF DEFENSE INVENTORY

SIBAT manages the marketing and sales of Israel's entire defense Inventory, which is released by the IDF and the IMOD. Inventory sales, handled by SIBAT, includes main platforms (aircraft, tanks, ships and armored vehicles), weapon systems (guns, missiles, light weapon systems), spare parts (air, ground, sea), and vehicles. All sales are carried out either through tenders or by negotiation. A selection of currently available Inventory can be found on SIBAT's website.

The Defense Inventory & Sales Division

The Defense Inventory & Sales Division is headed by the Deputy Director & Head of Defense Inventory Marketing & Sales Division, and consists of the following professional areas:

UNITS	TEL.	FAX
Deputy Director & Head of Defense Inventory Marketing & Sales	972-3- 697-5754	972-3- 697-6724
Deputy & Head of International Marketing & Sales	697-7207	697-6724
Air & Naval Systems	697-7991	697-6864
Land & Industrial Services	697-7333	697-6864

DEFENSE TECHNOLOGY AT THE SERVICE OF HOMELAND SECURITY

Homeland Security (HLS) has become a major concern for every nation facing threats of internal, cross border, or hostile cyber activities, driving governments to increase their investments in internal security.

As a developer and supplier of advanced technology, Israel is positioned among the leaders in the global HLS market. Dealing with security challenges for decades, Israel has implemented large-scale border protection systems, specialized counter-terror activities and efficient emergency response to meet those threats. Security measures are employed to protect large population centers and rural areas. Strategic assets, critical infrastructure, transportation, communications and cyberspace protection are also becoming vital national priorities. Israel is ready to cooperate and assist friendly countries seeking to protect their citizens and assets from growing domestic or foreign threats.

Security systems from Israel include state-of-the-art, wide area surveillance systems covering terrestrial, airspace and subterranean domains. Manned and unattended sensors constantly feed command and control centers with real-time information on threat situations, effectively monitoring and securing hundreds of kilometers of land borders and coastlines.

Securing safety cities, protecting tourist attractions and high-profile sporting events, 'virtual fences' are used to enhance security and safety without the environmental and social implications imposed by physical barriers. Specialized monitoring equipment developed in Israel is guarding the cyber domain, utilizing advanced cyber security, surveillance systems, advanced analytics and biometric processing to safeguard systems and assisting law enforcement agencies in combatting terror and illegal activities.

Security measures are also tailored for transportation in the air, land and sea, protecting major airlines, harbors and transportation hubs worldwide. Similar facilities are securing critical infrastructures on land and offshore.

Israeli companies are also offering a wide range of security equipment, furnishing personnel and units with top quality gear from weapons and protection systems to lightweight, ultra-strong textiles and composites, including specialized gear for CBRNE and EOD applications.

Compiled by SIBAT - Israel's International Defense Cooperation Directorate at the Ministry of Defense (MOD), the 3rd edition of Israel's Homeland Defense Directory is designed to assist foreign customers seeking to source HLS solutions from Israel. This directory provides a comprehensive review of Israel's HLS industry's capabilities. It does not attempt to be complete. The companies listed have voluntarily decided to include a selection of their product listing, therefore, the directory does not contain Israel's entire list of HLS driven companies, or all products available for export.

We hope you will find it informative, and convenient to use.

- **Scanners & Detectors (X Ray, Chemical)**
 - A.D.Con p. 32, DefenseTechs p. 43, Dignia Systems p. 45, Elbit Security p. 49, 50, 51, 52, 53, 54, 55, HBA p. 62, LDS p. 76, Maverick p. 80, Rotem p. 116, Shafran p. 122, TraceTech Security p. 128
- **Security Vehicles**
 - A.D.Con p. 32, Beit-Alfa Technologies p. 36, 37, Carmor p. 42, DefenseTechs p. 43, Dignia Systems p. 45, Elbit Security p. 49, 50, 51, 52, 53, 54, 55, HBA p. 62, IAI/Tamam p. 63, IMI/HLS Directorate p. 68, ISDS p. 70, 71, Ludus Security p. 78, Mayotex-Philcar p. 81, Mer Group p. 82, Ortech p. 99, Phantom p. 100, Plasan p. 102, Shafran p. 122, Sky Sapience p. 123, YTS p. 133
- **Under Water Security**
 - DefenseTechs p. 43, Dignia Systems p. 45, DSIT p. 46, IAI/Elta p. 65, IMI/Academy p. 69, Karil p. 75, Maverick p. 80, RBtec p. 115, Shafran p. 122, TCI p. 127
- **Unmanned Aerial Systems**
 - Aeronautics p. 34, 35, Controp p. 40, 41, DefenseTechs p. 43, Dignia Systems p. 45, HarTech Technologies p. 61, IAI/Elta p. 65, IAI/MLM p. 67, IAI/Tamam p. 63, Maverick p. 80, Mipha p. 88, 89, 90, 91, Rada p. 103, Rafael p. 111, RT p. 117, Shafran p. 122, Sky Sapience p. 123
- **Unmanned Surface Vessels**
 - Aeronautics p. 34, 35, Controp p. 40, 41, DefenseTechs p. 43, Dignia Systems p. 45, HarTech Technologies p. 61, HBA p. 62, IAI/Tamamp. 63, Maverick p. 80, Mipha p. 88, 89, 90, 91, Rafael p. 111, Shafran p. 122, Sky Sapience p. 123
- **Urban Surveillance**
 - Beit-Alfa Technologies p. 36, 37, Camero p. 39, DefenseTechs p. 43, Dignia Systems p. 45, Elbit Security p. 49, 50, 51, 52, 53, 54, 55, HarTech Technologies p. 61, IAI/Tamam p. 63, IMI/Academy p. 69, IOTT p. 74, ISDS p. 70, 71, Maverick p. 80, Mipha p. 88, 89, 90, 91, M.L.M p. 92, mPrest p. 94, Netline p. 95, Nice Systems p. 96, Ortech p. 99, PicSix p. 101, Rafael p. 107, 108, 109, 111, 113, 114, Rada p. 114, RT p. 117, Shafran p. 122, Sky Sapience p. 123
- **Vehicle Inspection**
 - Carmor p. 42, DefenseTechs p. 43, Dignia Systems p. 45, LDS p. 76, Maverick p. 80, Rada p. 103, Rotem p. 116, Shafran p. 122, TraceTech Security p. 128, YTS p. 133
- **Vehicle Location & Tracking**
 - DefenseTechs p. 43, Dignia Systems p. 45, Elbit Security p. 49, 50, 51, 52, 53, 54, 55, HarTech Technologies p. 61, ISDS p. 70, 71, Maverick p. 80, Mipha p. 88, 89, 90, 91, mPrest p. 94, Plasan p. 102, Rada p. 103, Shafran p. 122, YTS p. 133

- **Vehicle Mobility & Modification**

- Beit-Alfa Technologies p. 36, 37, Carmor p. 42, DefenseTechs p. 43, Dignia Systems p. 45, HBA p. 62, IMI/HLS Directorate p. 68, Mayotex-Philcar p. 81, Plasan p. 102, Shafran p. 122, YTS p. 133

Ballistic & Armor Protection

- **Ballistic Shields**

- A.D.Con p. 32, DefenseTechs p. 43, Hagor p. 60, HBA p. 62, IMI/HLS Directorate p. 68, ISDS p. 70, 71, Ispra p. 72, 73, Lior Protective p. 77, Maverick p. 80, Mifram p. 83, 84, 85, 86, 87, Ortech p. 99, Plasan p. 102, X-TEST p. 132

- **Bullet Proof Vests**

- A.D.Con p. 32, DefenseTechs p. 43, Hagor p. 60, HBA p. 62, IMI/HLS Directorate p. 68, ISDS p. 70, 71, Ispra p. 72, 73, Lior Protective p. 77, Marom Dolphin p. 79, Maverick p. 80, M.L.M p. 92, Ortech p. 99, Plasan p. 102

- **Ceramic Armor**

- A.D.Con p. 32, DefenseTechs p. 43, Hagor p. 60, HBA p. 62, IMI/HLS Directorate p. 68, ISDS p. 70, 71, Ispra p. 72, 73, Lior Protective p. 77, Maverick p. 80, Mayotex-Philcar p. 81, M.L.M p. 92, Ortech p. 99, Plasan p. 102

- **Composite Materials**

- A.D.Con p. 32, Aeronautics p. 34, 35, DefenseTechs p. 43, Hagor p. 60, HBA p. 62, IMI/HLS Directorate p. 68, Maverick p. 80, Mayotex-Philcar p. 81, Ortech p. 99, Plasan p. 102

- **Helmets**

- A.D.Con p. 32, DefenseTechs p. 43, Hagor p. 60, HBA p. 62, ISDS p. 70, 71, Ispra p. 72, 73, Lior Protective p. 77, Ludus Security p. 78, Maverick p. 80, M.L.M p. 92, Ortech p. 99

- **Lightweight Armor**

- A.D.Con p. 32, DefenseTechs p. 43, Hagor p. 60, HBA p. 62, IMI/HLS Directorate p. 68, ISDS p. 70, 71, Lior Protective p. 77, Maverick p. 80, Marom Dolphin p. 79, Ortech p. 99, Plasan p. 102

- **Mine Protected Vehicles**

- A.D.Con p. 32, Carmor p. 42, DefenseTechs p. 43, HBA p. 62, IMI/HLS Directorate p. 68, ISDS p. 70, 71, Maverick p. 80, Mayotex-Philcar p. 81, Ortech p. 99, Plasan p. 102

- **Protective Eyewear**

- A.D.Con p. 32, DefenseTechs p. 43, HBA p. 62, ISDS p. 70, 71, Ispra p. 72, 73, Lior Protective p. 77, Ludus Security p. 78, Maverick p. 80, Ortech p. 99

- **Protective Visor**

- A.D.Con p. 32, DefenseTechs p. 43, HBA p. 62, ISDS p. 70, 71, Ispra p. 72, 73, Lior Protective p. 77, Maverick p. 80, Ortech p. 99

- **Transparent armor**

- A.D.Con p. 32, DefenseTechs p. 43, HBA p. 62, ISDS p. 70, 71, Maverick p. 80, Mayotex-Philcar p. 81, Ortech p. 99, Plasan p. 102

- **Vehicle protection**

- A.D.Con p. 32, Beit-Alfa Technologies p. 36, 37, Beth-El p. 38, DefenseTechs p. 43, HBA p. 62, IAI/Tamam p. 63, IMI/HLS Directorate p. 68, ISDS p. 70, 71, Maverick p. 80, Mayotex-Philcar p. 81, Ortech p. 99, Phantom p. 100, Plasan p. 102, Rafael p. 106, Rada p. 103

Biometric Systems

- **DNA Analysis**

- DefenseTechs p. 43, Dignia Systems p. 45

- **Facial Recognition**

- DefenseTechs p. 43, Dignia Systems p. 45, Elbit Systems ELOP p. 8, ISDS p. 70, 71, Maverick p. 80, Mipha p. 88, 89, 90, 91, Nice Systems p. 96, Shafran p. 122

- **Fingerprint Technology**

- DefenseTechs p. 43, Dignia Systems p. 45, Elbit Systems ELOP p. 48, Maverick p. 80, M.L.M p. 92, Mipha p. 88, 89, 90, 91, Shafran p. 122

- **Fraud / Lie Detection**

- DefenseTechs p. 43, Dignia Systems p. 45, ISDS p. 70, 71, M.L.M p. 92, Mipha p. 88, 89, 90, 91, Shafran p. 122

- **Hand Geometry Sensors**

- DefenseTechs p. 43, Dignia Systems p. 45, Shafran p. 122

- **Iris Recognition**

- DefenseTechs p. 43, Dignia Systems p. 45, Maverick p. 80, Shafran p. 122

- **Retinal Scanning**

- DefenseTechs p. 43, Dignia Systems p. 45, Maverick p. 80, Shafran p. 122

- **Signature Recognition**

- DefenseTechs p. 43, Dignia Systems p. 45, Shafran p. 122

- **Signature Verification**

- DefenseTechs p. 43, Dignia Systems p. 45, Shafran p. 122

- **Speech Analysis**

- DefenseTechs p. 43, Dignia Systems p. 45, Mipha p. 88, 89, 90, 91, Nice Systems p. 96, Shafran p. 122

- **Voice Recognition**

- DefenseTechs p. 43, Dignia Systems p. 45, ISDS p. 70, 71, Maverick p. 80, M.L.M p. 92, Mipha p. 88, 89, 90, 91, Nice Systems p. 96, Shafran p. 122

Business, Financial Security

- **Business System Continuity** - DefenseTechs p. 43, IMI/Academy p. 69, M.L.M p. 92
- **Counterfeit Detection** - DefenseTechs p. 43, Demoman p. 44, IMI/Academy p. 69
- **Datacenter Security** - DefenseTechs p. 43, IMI/Academy p. 69, Mipha p. 88, 89, 90, 91
- **Financial Systems Security** - DefenseTechs p. 43, IMI/Academy p. 69, Mipha p. 88, 89, 90, 91, Nice Systems p. 96
- **Fraud Detection** - DefenseTechs p. 43, Demoman p. 44, IMI/Academy p. 69, Mer Group p. 82, Mipha p. 88, 89, 90, 91, Nice Systems p. 96, Shafran p. 122
- **Transaction Monitoring (Money Laundering)** - DefenseTechs p. 43, Demoman p. 44, IMI/Academy p. 69, Mer Group p. 82, Mipha p. 88, 89, 90, 91, Nice Systems p. 96

Civil Defense, Emergency & Response

- **Aerial Search & Rescue** - AeroTactix p. 33, DefenseTechs p. 43, HarTech Technologies p. 61, IAI/Elta p. 65, ISDS p. 70, 71, Ludus Security p. 78, mPrest p. 94, RT p. 117, San Hitec p. 119, Septier p. 121, Sky Sapience p. 123
- **Bio-Defense** - Beth-El p. 38, DefenseTechs p. 43, LDS p. 76, Maverick p. 80
- **Chemical Agent Detector** - DefenseTechs p. 43, ISDS p. 70, 71, LDS p. 76, Maverick p. 80
- **Decontamination Equipment** - Beth-El p. 38, Carmor p. 42, DefenseTechs p. 43, Maverick p. 80
- **Dry Storage** - DefenseTechs p. 43, Lior Protective p. 77, Maverick p. 80, Mifram p. 83, 84, 85, 86, 87, Ortech p. 99
- **Emergency Evacuation Systems** - DefenseTechs p. 43, ISDS p. 70, 71, Lior Protective p. 77, Maverick p. 80, M.L.M p. 92, mPrest p. 94, RT p. 117, Septier p. 121
- **Emergency & Rescue Power Tools** - DefenseTechs p. 43, Maverick p. 80, San Hitec p. 119, Septier p. 121
- **Emergency Services Command & Control** - Aeronautics p. 34, 35, AeroTactix p. 33, Carmor p. 42, DefenseTechs p. 43, Elbit Security p. 49, 50, 51, 52, 53, 54, 55, HBA p. 62, IAI/MLM p. 66, IMI/Academy p. 69, IMI/HLS Directorate p. 68, ISDS p. 70, 71, Maverick p. 80, Mer Group p. 82, Mifram p. 83, 84, 85, 86, 87, M.L.M p. 92, mPrest p. 94, Nice Systems p. 96, San Hitec p. 119, Septier p. 121, Sky Sapience p. 123, TSG p. 129
- **Field Hospital Equipment** - Beth-El p. 38, ISDS p. 70, 71, Maverick p. 80, Mer Group p. 82
- **First Responders Systems** - Aeronautics p. 34, 35, Beth-El p. 38, DefenseTechs p. 43, Elbit Security p. 49, 50, 51, 52, 53, 54, 55, G-Nius p. 59, HarTech Technologies p. 61, IMI/Academy p. 69, IMI/HLS Directorate p. 68, ISDS p. 70, 71, LDS p. 76, Maverick p. 80, M.L.M p. 92, TSG p. 129, Netline p. 95, Nice Systems p. 96, RT p. 117, San Hitec p. 119, Sky Sapience p. 123, YTS p. 133
- **Passive Ballistic Protection** - Carmor p. 42, DefenseTechs p. 43, IMI/HLS Directorate p. 68, Lior Protective p. 77, Marom Dolphin p. 79, Maverick p. 80, Mifram p. 83, 84, 85, 86, 87, Ortech p. 99, Plasan p. 102, X-TEST p. 132
- **Protected Structures (Blast & Ballistic)** - Carmor p. 42, DefenseTechs p. 43, IMI/HLS Directorate p. 68, Lior Protective p. 77, Maverick p. 80, Mifram p. 83, 84, 85, 86, 87, M.L.M p. 92, Ortech p. 99, Plasan p. 102
- **Radiological Surveillance & Monitoring** - DefenseTechs p. 43, LDS p. 76, Maverick p. 80, M.L.M p. 92, Rotem p. 116
- **Simulators** - DefenseTechs p. 43, Elbit Systems p. 56, HarTech Technologies p. 61, Maverick p. 80,
- **Sirens PA & Alarm Systems** - DefenseTechs p. 43, GM Security p. 72, Maverick p. 80

Chemical, Biological, Radiological Nuclear Defense

- **CBRN Protection Masks** - DefenseTechs p. 43, ISDS p. 70, 71, Ispra p. 72, 73, Lior Protective p. 77, Maverick p. 80, Supergum p. 124, 125
- **CBRN Protection Suites** - DefenseTechs p. 43, ISDS p. 70, 71, LDS p. 76, Lior Protective p. 77, Maverick p. 80, Supergum p. 124, 125
- **CBRN Vehicle Protection** - Beth-El p. 38, Carmor p. 42, DefenseTechs p. 43, IAI/Tamam p. 63, ISDS p. 70, 71, Mayotex-Philcar p. 81

Communications, Command & Control

- **Ad-Hoc Communications** - Aeronautics p. 34, 35, DefenseTechs p. 43, Dignia Systems p. 45, Elbit Systems p. 56, ISDS p. 70, 71, TSG p. 129
- **Anti Tapping System** - DefenseTechs p. 43, Dignia Systems p. 45, Elbit Systems p. 56, IMI/HLS Directorate p. 68, ISDS p. 70, 71, Karil p. 75, Maverick p. 80, Phantom p. 100, PicSix p. 101, RBtec p. 115, Septier p. 121, Shafran p. 122
- **Cabling, Optical Fibers** - DefenseTechs p. 43, Dignia Systems p. 45, Elbit Systems p. 56, ISDS p. 70, 71, Septier p. 121, Shafran p. 122
- **Communications Security** - A.D.Con p. 32, Aeronautics p. 34, 35, DefenseTechs p. 43, Dignia Systems p. 45, Elbit Systems p. 56, IAI/Elta p. 65, IMI/Academy p. 69, IMI/HLS Directorate p. 68, ISDS p. 70, 71, IOTT p. 74, ISDS p. 70, 71, Maverick p. 80, Mipha p. 88, 89, 90, 91, Mobile Crypto p. 93, Nice Systems p. 96, Phantom p. 100, PicSix p. 101, Plasan p. 102, Septier p. 121, TSG p. 129
- **COFDM Video & Audio** - DefenseTechs p. 43, Dignia Systems p. 45, Elbit Systems p. 56, ISDS p. 70, 71, Septier p. 121
- **Cyber Security** - Aeronautics p. 34, 35, DefenseTechs p. 43, Demoman p. 44, Dignia Systems p. 45, Elbit Systems p. 56, IAI/Elta p. 64, IAI/MLM p. 67, IMI/Academy p. 69, IMI/HLS Directorate p. 68, IOTT p. 74, ISDS p. 70, 71, Mer Group p. 82, Mipha p. 88, 89, 90, 91, mPrest p. 94, Netline p. 95, Nice Systems p. 96, Septier p. 121, TSG p. 129
- **Data Storage** - DefenseTechs p. 43, Dignia Systems p. 45, Elbit Systems p. 56, ISDS p. 70, 71, Mipha p. 88, 89, 90, 91
- **Data Mining** - DefenseTechs p. 43, Dignia Systems p. 45, Elbit Systems p. 56, IMI/HLS Directorate p. 68, ISDS p. 70, 71, Mipha p. 88, 89, 90, 91, Nice Systems p. 96, TSG p. 129

AFCON p. 58, G-Nius p. 59, IAI/Elta p. 65, IAI/Tamam p. 63, ISDS p. 70, 71, Maverick p. 80, Mipha p. 88, 89, 90, 91, Nice Systems p. 96, Rafael p. 107, 108, 109, 111, 112, 113, 114, RBtec p. 115, Rada p. 103, Shafran p. 122, YTS p. 133
- **Robotic Patrol Systems** - DefenseTechs p. 43, Elbit Security p. 49, 50, 51, 52, 53, 54, 55, HBA p. 62, G-Nius p. 59, IAI/Elta p. 65, IAI/Tamam p. 63, IMI/HLS Directorate p. 68, Maverick p. 80, Sky Sapience p. 123, Shafran p. 122
- **Underwater Fence** - DefenseTechs p. 43, Elbit Security p. 49, 50, 51, 52, 53, 54, 55, G.M. AFCON p. 58, IAI/Elta p. 65, RBtec p. 115, Shafran p. 122
- **'Virtual Fence' (Seismic, Radar, IR)** - Aeronautics p. 34, 35, Controp p. 40, 41, DefenseTechs p. 43, Elbit Security p. 49, 50, 51, 52, 53, 54, 55, HarTech Technologies p. 61, IAI/Elta p. 65, IAI/Tamam p. 63, ISDS p. 70, 71, Mipha p. 88, 89, 90, 91, Nice Systems p. 96, Rada p. 103, RBtec p. 115, Shafran p. 122, TSG p. 129

Personal Gear

- **Ballistic Shields** - A.D.Con p. 32, DefenseTechs p. 43, Dignia Systems p. 45, Hagar p. 60, HBA p. 62, ISDS p. 70, 71, Ispra p. 72, 73, Lior Protective p. 77, Maverick p. 80, Mifram p. 83, 84, 85, 86, 87, M.L.M p. 92, Ortech p. 99, Plasan p. 102
- **Boots** - A.D.Con p. 32, DefenseTechs p. 43, Dignia Systems p. 45, HBA p. 62, ISDS p. 70, 71, Ispra p. 72, 73, Ludus Security p. 78, Maverick p. 80, M.L.M p. 92, Noga-Einat p. 98, Supergum p. 124, 125
- **Earphones & Hearing Protection** - A.D.Con p. 32, DefenseTechs p. 43, Dignia Systems p. 45, HBA p. 62, ISDS p. 70, 71, Ispra p. 72, 73, Ludus Security p. 78, Maverick p. 80
- **Fire Resistant Clothing** - A.D.Con p. 32, DefenseTechs p. 43, Dignia Systems p. 45, ISDS p. 70, 71, Ispra p. 72, 73, Lior Protective p. 77
- **Helmets & Helmet Mounted Accessories** - A.D.Con p. 32, DefenseTechs p. 43, Dignia Systems p. 45, Hagar p. 60, HBA p. 62, ISDS p. 70, 71, Ispra p. 72, 73, Ludus Security p. 78, Maverick p. 80, M.L.M p. 92, Ortech p. 99, RVTT p. 118
- **Individual Identification & Location** - A.D.Con p. 32, DefenseTechs p. 43, Dignia Systems p. 45, ISDS p. 70, 71, M.L.M p. 92, Nice Systems p. 96, TCI p. 127
- **Individual Night Vision Systems** - A.D.Con p. 32, Aeronautics p. 34, 35, Controp p. 40, 41, Dignia Systems p. 45, Elbit Security p. 49, 50, 51, 52, 53, 54, 55, HBA p. 62, ISDS p. 70, 71, Maverick p. 80, M.L.M p. 92, TCI p. 127
- **Personal Communicators** - A.D.Con p. 32, DefenseTechs p. 43, Dignia Systems p. 45, ISDS p. 70, 71, Maverick p. 80, M.L.M p. 92, Septier p. 121
- **Personal Protection Vests** - A.D.Con p. 32, DefenseTechs p. 43, Dignia Systems p. 45, Hagar p. 60, IMI/HLS Directorate p. 68, ISDS p. 70, 71, Ispra p. 72, 73, Lior Protective p. 77, Marom Dolphin p. 79, Maverick p. 80, M.L.M p. 92, Ortech p. 3, Plasan p. 102

- **Protective Eyewear** - A.D.Con p. 32, DefenseTechs p. 43, Dignia Systems p. 45, HBA p. 62, ISDS p. 70, 71, Ispra p. 72, 73, Ludus Security p. 78, Maverick p. 80
- **Quick Deployment Blast Mitigation Systems** - A.D.Con p. 32, DefenseTechs p. 43, Dignia Systems p. 45, ISDS p. 70, 71, Mifram p. 83, 84, 85, 86, 87
- **Search & Rescue** - A.D.Con p. 32, DefenseTechs p. 43, Dignia Systems p. 45, IMI/Academy p. 69, ISDS p. 70, 71, Ludus Security p. 78, Maverick p. 80, RT p. 117, San Hitec p. 119, Septier p. 121
- **Textile Products** - A.D.Con p. 32, DefenseTechs p. 43, Dignia Systems p. 45, Hagor p. 60, HBA p. 62, IMI/HLS Directorate p. 83, Lior Protective p. 77, Ludus Security p. 78, Marom Dolphin p. 79, Maverick p. 80, M.L.M p. 92, Noga-Einat p. 98, Ortech p. 99
- **Thermal & Night Vision Systems** - A.D.Con p. 32, Aeronautics p. 34, 35, Controp p. 40, 41, DefenseTechs p. 43, Dignia Systems p. 45, Elbit Security p. 49, 50, 51, 52, 53, 54, 55, HBA p. 62, IAI/Tamam p. 63, ISDS p. 70, 71, Maverick p. 80, M.L.M p. 92, RVTT p. 118, TCI p.127
- **Weapon Mounted Accessories** - A.D.Con p. 32, DefenseTechs p. 43, Dignia Systems p. 45, IAI/Tamam p. 63, ISDS p. 70, 71, Ludus Security p. 78, Maverick p. 80, M.L.M p. 92
- **Wearable Electronics** - A.D.Con p. 32, DefenseTechs p. 43, Dignia Systems p. 45, ISDS p. 70, 71, PicSix p. 101,
- **Webbing & clothing** - A.D.Con p. 32, DefenseTechs p. 43, Dignia Systems p. 45, Hagor p. 60, HBA p. 62, ISDS p. 70, 71, Ispra p. 72, 73, Marom Dolphin p. 79

Pyrotechnics

- **Assault Systems (Flash/bang)** - A.D.Con p. 32, DefenseTechs p. 43, HBA p. 62, IMI/HLS Directorate p. 68, Ispra p. 72, 73, Maverick p. 80
- **Flares** - A.D.Con p. 32, DefenseTechs p. 43, HBA p. 62, IMI/HLS Directorate p. 68, Ispra p. 72, 73, Maverick p. 80
- **Fuzing** - A.D.Con p. 32, DefenseTechs p. 43, HBA p. 62, IMI/HLS Directorate p. 68, Ispra p. 72, 73, Maverick p. 80
- **Illumination** - A.D.Con p. 32, DefenseTechs p. 43, HBA p. 62, IMI/HLS Directorate p. 68, Ispra p. 72, 73, Maverick p. 80
- **Signaling** - A.D.Con p. 32, DefenseTechs p. 43, HBA p. 62, IMI/HLS Directorate p. 68, Ispra p. 72, 73, Maverick p. 80
- **Smoke** - A.D.Con p. 32, DefenseTechs p. 43, HBA p. 62, IMI/HLS Directorate p. 68, Ispra p. 72, 73, Maverick p. 80
- **Tear Gas** - A.D.Con p. 32, DefenseTechs p. 43, HBA p. 62, Ispra p. 72, 73, Maverick p. 80

Robotic & Unmanned Systems

- **EOD Robot** - Aeronautics p. 34, 35, DefenseTechs p. 43, HBA p. 62, Maverick p. 80, Netline p. 95
- **Datalink Communications** - Aeronautics p. 34, 35, DefenseTechs p. 43, HBA p. 62
- **Pedestals** - Aeronautics p. 34, 35, DefenseTechs p. 43, HBA p. 62
- **Remotely Controlled Weapon Stations** - DefenseTechs p. 43, HBA p. 62, IAI/Tamam p. 63, IMI/HLS Directorate p. 68, Maverick p. 80
- **Robotics** - Aeronautics p. 34, 35, DefenseTechs p. 43, HBA p. 62, IAI/Tamam p. 63
- **Robotic Manipulator Arms** - DefenseTechs p. 43, HBA p. 62
- **Unattended Sensors** - Aeronautics p. 34, 35, Camero p. 39, Controp p. 40, 41, DefenseTechs p. 43, HBA p. 62, ISDS p. 70, 71, Maverick p. 80, Nice Systems p. 96
- **Unmanned Aerial Systems (UAS)** - Aeronautics p. 34, 35, AeroTactix p. 33, Controp p. 40, 41, DefenseTechs p. 43, Elbit Systems p. 57, HarTech Technologies p. 61, HBA p. 62, IAI/Elta p. 65, IAI/Tamam p. 63, ISDS p. 70, 71, Mipha p. 88, 89, 90, 91, Rada p. 103, RT p. 117, TSG p. 129
- **Unmanned Ground Vehicles (UGV)** - Aeronautics p. 34, 35, Controp p. 40, 41, DefenseTechs p. 43, G-Nius p. 59, HarTech Technologies p. 61, HBA p. 62, IAI/Tamam p. 63, IMI/HLS Directorate p. 68, ISDS p. 70, 71, Maverick p. 80, Mipha p. 88, 89, 90, 91, Sky Sapience p. 123, TSG p. 129

▪ **Unmanned Perimeter Patrol Systems**

- Aeronautics p. 34, 35, Controp p. 40, 41, DefenseTechs p. 43, HarTech Technologies p. 61, HBA p. 62, IAI/Tamam p. 63, IMI/HLS Directorate p. 68, ISDS p. 70, 71, Mipha p. 88, 89, 90, 91, RT p. 117, Sky Sapience p. 123, TSG p. 129

▪ **Unmanned Surface Vessels (USV)**

- Aeronautics p. 34, 35, Controp p. 40, 41, DefenseTechs p. 43, HarTech Technologies p. 61, HBA p. 62, IAI/Elta p. 65, IAI/MLM p. 67, IAI/Tamam p. 63, ISDS p. 70, 71, Maverick p. 80, Mipha p. 88, 89, 90, 91, Rafael p. 111, Sky Sapience p. 123, TSG p. 129

Surveillance

▪ **Acoustic Sensors**

- A.D.Con p. 32, Aeronautics p. 34, 35, DefenseTechs p. 43, Dignia Systems p. 45, DSIT p. 46, IAI/Elta p. 65, Maverick p. 80, Nice Systems p. 96, Shafran p. 122, TSG p. 129

▪ **Aerial Surveillance**

- A.D.Con p. 32, Aeronautics p. 34, 35, AeroTactix p. 33, Controp p. 40, 41, DefenseTechs p. 43, Dignia Systems p. 45, Elbit Systems p. 56,57, IAI/Elta p. 65, IAI/Tamam p. 63, Ispra p. 72, 73, Ludus Security p. 78, M.L.M p. 92, Mipha p. 88, 89, 90, 91, mPrest p. 94, PicSix p. 101, Plasan p. 102, Rada p. 103, RT p. 117, Septier p. 121, Sky Sapience p. 123, TSG p. 129

▪ **Aerostat Systems**

- A.D.Con p. 32, Aeronautics p. 34, 35, Controp p. 40, 41, DefenseTechs p. 43, Dignia Systems p. 45, IAI/Elta p. 65, IAI/Tamam p. 63, Mipha p. 88, 89, 90, 91, RT p. 117

▪ **Cameras & Imaging Sensors**

- A.D.Con p. 32, Aeronautics p. 34, 35, Controp p. 40, 41, DefenseTechs p. 43, Dignia Systems p. 45, Elbit Systems p. 56, Eliel p. 67, IAI/Elta p. 65, IAI/Tamam p. 63, ISDS p. 70, 71, Maverick p. 80, Mipha p. 88, 89, 90, 91, M.L.M p. 92, Nice Systems p. 96, Rafael p. 108, 109, Sky Sapience p. 123, Shafran p. 122, TCI p. 127

▪ **CBRN Surveillance**

- A.D.Con p. 32, Aeronautics p. 34, 35, DefenseTechs p. 43, Dignia Systems p. 45, IAI/Elta p. 65, Maverick p. 80, M.L.M p. 92, Rotem p. 116, Supergum p. 124, 125, TSG p. 129

▪ **Coastal Surveillance Radars**

- A.D.Con p. 32, DefenseTechs p. 43, Dignia Systems p. 45, HarTech Technologies p. 61, IAI/Elta p. 65, ISDS p. 70, 71, Rada p. 103

▪ **Communications Surveillance**

- A.D.Con p. 32, Aeronautics p. 34, 35, DefenseTechs p. 43, Dignia Systems p. 45, IAI/Elta p. 65, IOTT p. 74, ISDS p. 70, 71, Maverick p. 80, Mipha p. 88, 89, 90, 91, M.L.M p. 92, Netline p. 95, Nice Systems p. 96, PicSix p. 101, Plasan p. 102, RT p. 117, Septier p. 121, TSG p. 129

▪ **Control Systems**

- A.D.Con p. 32, Aeronautics p. 34, 35, AeroTactix p. 33, DefenseTechs p. 43, Dignia Systems p. 45, G.M. AFCON p. 58, HarTech Technologies p. 61, IAI/Elta p. 65, IOTT p. 74, ISDS p. 70, 71, Mer Group p. 82, M.L.M p. 92, mPrest p. 94, Shafran p. 122, TSG p. 129

▪ **Ground Surveillance Radar**

- A.D.Con p. 32, Aeronautics p. 34, 35, Controp p. 40, 41, DefenseTechs p. 43, Dignia Systems p. 45, IAI/Elta p. 65, Maverick p. 80, M.L.M p. 92, Nice Systems p. 96, Plasan p. 102, Rada p. 103, RT p.117

▪ **Intruder Detection Systems**

- A.D.Con p. 32, Aeronautics p. 34, 35, Controp p. 40, 41, DefenseTechs p. 43, Dignia Systems p. 45, DSIT p. 46, Elbit Systems p. 56, Elbit Security p. 49, 50, 51, 52, 53, 54, 55, G.M. AFCON p. 58, IAI/Elta p. 65, Maverick p. 80, Mipha p. 88, 89, 90, 91, Nice Systems p. 96, PicSix p. 101, Rada p. 103, RBtec p. 115, Shafran p. 122, TSG p. 129

▪ **Observation Posts**

- Aeronautics p. 34, 35, Controp p. 40, 41, DefenseTechs p. 43, Dignia Systems p. 45, Elbit Security p. 49, 50, 51, 52, 53, 54, 55, IAI/Elta p. 65, IAI/Tamam p. 63, Maverick p. 80, Shafran p. 122, TSG p. 129

▪ **Persistent Airborne Surveillance Systems**

- A.D.Con p. 32, Aeronautics p. 34, 35, Controp p. 40, 41, DefenseTechs p. 43, Dignia Systems p. 45, Elbit Systems p. 56, IAI/Elta p. 65, IAI/Tamam p. 63, M.L.M p. 92, Rafael p. 107,108, 109, 110, RT p. 117, Sky Sapience p. 123, TSG p. 129

▪ **Pedestals, PTZ**

- Aeronautics p. 34, 35, Controp p. 40, 41, DefenseTechs p. 43, Dignia Systems p. 45, IAI/Elta p. 65, IAI/Tamam p. 63, ISDS p. 70, 71, Maverick p. 80, Nice Systems p. 96, Shafran p. 122

- **Platforms**
 - Aeronautics p. 34, 35, DefenseTechs p. 43, Dignia Systems p. 45, HarTech Technologies p. 61, IAI/Elta p. 65, ISDS p. 70, 71
- **Remote & Unattended Sensors**
 - A.D.Con p. 32, Aeronautics p. 34, 35, Camero p. 39, Controp p. 40, 41, DefenseTechs p. 43, Dignia Systems p. 45, IAI/Elta p. 65, IAI/Tamam p. 63, Maverick p. 80, M.L.M p. 92, Shafran p. 122, Sky Sapience p. 123
- **Seismic Sensors**
 - Aeronautics p. 34, 35, DefenseTechs p. 43, Dignia Systems p. 45, IAI/Elta p. 65, Maverick p. 80, Mipha p. 88, 89, 90, 91, Shafran p. 122
- **Surveillance Cameras**
 - Aeronautics p. 34, 35, Controp p. 40, 41, DefenseTechs p. 43, Dignia Systems p. 45, Elbit Systems p. 56, Elbit Security p. 49, 50, 51, 52, 53, 54, 55, IAI/Elta p. 65, IAI/Tamam p. 63, ISDS p. 70, 71, Maverick p. 80, Mipha p. 88, 89, 90, 91, M.L.M p. 92, Nice Systems p. 96, Plasan p. 102, Shafran p. 122, TCI p. 127, TSG p. 129
- **Tapping Devices**
 - Aeronautics p. 34, 35, DefenseTechs p. 43, Dignia Systems p. 45, IAI/Elta p. 65, Maverick p. 80, M.L.M p. 92, PicSix p. 101
- **Telescopic Masts**
 - Aeronautics p. 34, 35, Dignia Systems p. 45, IAI/Elta p. 65, Maverick p. 80
- **Urban Surveillance & Response**
 - Aeronautics p. 34, 35, Beit-Alfa Technologies p. 36, 37, Camero p. 39, Controp p. 40, 41, DefenseTechs p. 43, Dignia Systems p. 45, Elbit Security p. 49, 50, 51, 52, 53, 54, 55, IAI/Elta p. 65, IAI/Tamam p. 63, IOTT p. 74, ISDS p. 70, 71, Maverick p. 80, Mipha p. 88, 89, 90, 91, mPrest p. 94, Nice Systems p. 96, Rotem p. 116, RT p. 117, Shafran p. 122, Sky Sapience p. 123, TSG p. 129
- **Video Motion Detector**
 - Aeronautics p. 34, 35, DefenseTechs p. 43, Dignia Systems p. 45, Elbit Security p. 49, 50, 51, 52, 53, 54, 55, IAI/Elta p. 65, IAI/Tamam p. 63, ISDS p. 70, 71, Mipha p. 88, 89, 90, 91, Nice Systems p. 96, Shafran p. 122, TSG p. 129
- **Video Analytics**
 - Aeronautics p. 34, 35, DefenseTechs p. 43, Dignia Systems p. 45, Elbit Security p. 49, 50, 51, 52, 53, 54, 55, Elbit Systems p. 56, IAI/Elta p. 65, ISDS p. 70, 71, Mipha p. 88, 89, 90, 91, Nice Systems p. 96, Shafran p. 122, TSG p. 129
- **Video, Audio & Data Storage Systems**
 - Aeronautics p. 34, 35, DefenseTechs p. 43, Dignia Systems p. 45, Elbit Systems p. 56, IAI/Elta p. 65, Mipha p. 88, 89, 90, 91, Nice Systems p. 96, Shafran p. 122

Utility Systems, Storage & Maintenance

- **Utility Systems Security**
 - HBA p. 62, mPrest p. 94, Shafran p. 122
- **Dry Storage**
 - Hagar p. 60, Mifram p. 83, 84, 85, 86, 87, Ortech p. 99, Shafran p. 122

Weapons, Firearms & Ammunition

- **Ammunition**
 - A.D.Con p. 32, DefenseTechs p. 43, Dignia Systems p. 45, HBA p. 62, IMI/HLS Directorate p. 68, Ispra p. 72, 73, Maverick p. 80
- **Ballistic Computers**
 - A.D.Con p. 32, DefenseTechs p. 43, Dignia Systems p. 45, HBA p. 62
- **Carbines**
 - A.D.Con p. 32, DefenseTechs p. 43, Dignia Systems p. 45, Maverick p. 80
- **Covert weapons**
 - A.D.Con p. 32, DefenseTechs p. 43, Dignia Systems p. 45, HBA p. 62, Maverick p. 80
- **Night sights**
 - A.D.Con p. 32, DefenseTechs p. 43, Dignia Systems p. 45, HBA p. 62, IAI/Tamam p. 63, Maverick p. 80, Mipha p. 88, 89, 90, 91, Dignia Systems p. 45, TCI p. 127
- **Non lethal ammunition**
 - A.D.Con p. 32, Beit-Alfa Technologies p. 36, 37, DefenseTechs p. 43, Dignia Systems p. 45, HBA p. 62, Ispra p. 72, 73, Maverick p. 80,
- **Pistols**
 - A.D.Con p. 32, DefenseTechs p. 43, Dignia Systems p. 45, HBA p. 62, Maverick p. 80,
- **Sniper Rifles**
 - A.D.Con p. 32, DefenseTechs p. 43, Dignia Systems p. 45, HBA p. 62, Maverick p. 80,
- **Sub-machineguns**
 - A.D.Con p. 32, DefenseTechs p. 43, Dignia Systems p. 45, Maverick p. 80
- **Thermal Weapon Sights**
 - A.D.Con p. 32, DefenseTechs p. 43, Dignia Systems p. 45, HBA p. 62, IAI/Tamam p. 63, Maverick p. 80, Mipha p. 88, 89, 90, 91
- **Weapon Modifications**
 - A.D.Con p. 32, DefenseTechs p. 43, Dignia Systems p. 45, HBA p. 62, Maverick p. 80,
- **Weapon Sights**
 - A.D.Con p. 32, DefenseTechs p. 43, Dignia Systems p. 45, HBA p. 62, IAI/Tamam p. 63, Maverick p. 80
- **Weapon Accessories**
 - A.D.Con p. 32, DefenseTechs p. 43, Dignia Systems p. 45, HBA p. 62, IMI Defense p. 77, Ludus Security p. 78, Marom Dolphin p. 79, Maverick p. 80

ISRAEL'S HOMELAND DEFENSE - APPLICATIONS

- **Access Control**
 - A.D.Con p. 32, Aeronautics p. 34, 35, DefenseTechs p. 43, Ebony p. 47, Elbit Systems ELOP p. 8, GM Security p. 72, IAI/Elta p. 65, IMI/Academy p. 69, ISDS p. 70, 71, Maverick p. 80, Nice Systems p. 96, Rada p. 103, Septier p. 121, Shafran p. 122, Tandou p. 126, TSG p. 129
- **Airport & Aviation Security**
 - A.D.Con p. 32, Aeronautics p. 34, 35, AeroTactix p. 33, Controp p. 40, 41, DefenseTechs p. 43, Ebony p. 47, Elbit Security p. 49, 50, 51, 52, 53, 54, 55, G.M. Do you need to set up a project from beginning to end, including:

Consultancy, Supply, Delivery, Installation,
Training And Maintenance.

A.D. Consultants group has been dealing in military and security consultancy services as well as supplies of new and surplus equipment since 1987.

A.D. Consultants group specializes in:

- Security equipment and devices
- Upgrade of Air and Ground Sales and updates systems
- Training of pilots and technicians on various systems
- Ammunition, light and heavy arm
- Police/Gendarmerie equipment and system
- Communication – clear and cryptic
- Monitoring, direction finding and jamming of both HF and U/VHF

A.D. Consultants group is experienced in planning and controlling entire project or elements of it and provides high standards of services, professional solutions on “turnkey” basis.

Worldwide reputation for absolute discretion, highest quality standards and reliability are A.D. Consultants’ most important value.

Our worldwide network of agents and suppliers enable us to provide special deliveries either by sea or air, to all destinations.

MINI UAV DEVELOPMENT

AeroTactiX LTD
Advanced UAS Solutions

AEROTACTIX LTD.

AeroTactiX (Israel) LTD. Develops and manufactures mini UAS and sub-systems including Autopilots, Communication systems and ground control stations, and offers integration for various Payloads and components.

AeroTactiX (Israel) LTD. Delivers high-end, cost effective, mini UAS solutions for various applications.

Our mini-UAS is based on the latest technology available on the market, and is also based on the experience and knowledge accumulated in thousands of operational missions.

Turn Key solutions precisely matched to our customer's requirements is our business philosophy.

When a tailor made system is required AeroTactiX will do its best effort to optimize all technical aspects and to provide the best suitable solution for our client.

HLS SOLUTIONS

HLS Solutions

Aeronautics Land and Security Division offers diverse homeland security solutions to successfully deal with contemporary security challenges. The Division provides comprehensive and cost-effective turnkey packages, including assessments, planning, sensors and implementation of the security solutions.

Aeronautics' integrated facility management system (IFMS) synthesizes sensors and sub-systems into a single accurate and up-to-date tactical data situational display. The C4I center is the core component of the Homeland Security Solution and can share information in real time with any connected entity, to provide instantaneous early warning and detection, thus allowing rapid interception of perpetrators.

- B.A.T is a leading manufacturer of sophisticated Riot Control Vehicles.
- B.A.T's state of the art "Jet Pulse Water Cannon" is unique, accurate and effective.
- B.A.T manufactures a complete line of Riot Control Vehicles, with over 15 different models, on a wide variety of basic chassis'.
- B.A.T's Riot Control Vehicles have been "proven in combat" worldwide.

B.A.T's RIOT CONTROL VEHICLES FEATURE:

- Three different modes: Short Pulse, Long Pulse and Continuous Stream.
- Tear gas (CS) or Pepper Spray (OC) and Dye can be injected into the water pulse. Optional Skunk System.
- Under chassis and upper deck foam protection (against firebombs).
- Gas nozzles for all around protection of the vehicle.
- Water sprayers for windshield and side windows.
- Air filtration for driver's cabin.
- Front bulldozer for obstacle removal.
- Close circuit T.V and video system.
- Rear camera & monitor for backward view.
- Ballistic armoring against any threat level.
- Run-Flat-Tires (R.F.T).
- Front Bumper's water/foam Cannon
- Extractable Troop Protection Shields.

BAT EXPLOSIVE ORDNANCE DISPOSAL (EOD & IEDD) VEHICLES

Vehicles include a choice of very specialized equipment adopted by many Military and Law Enforcement units. Each vehicle is a totally equipped highly professional tool, allowing its users to perform almost all types of EOD & IEDD interventions missions. It provides a fast and convenient way of rapidly deploying an EOD team, complete with necessary equipment to the scene of an incident.

In addition to the state-of-art EOD robot, the vehicle is equipped with conventional bomb disposal equipment, disruptors, bomb suits, x-ray inspection equipment, searching devices, hazardous material response equipment, demolition tools, mine detectors, bomb locators, various cartridges and various other specialized and sophisticated EOD & IEDD tools.

All vehicles are internally customized so that equipment required is safety and easily stowed in its own location according to operational requirements.

Complete "turn key" packages of vehicles and all equipment can be supplied allowing an EOD & IEDD team to become operational immediately.

BAT Configure and construct vehicles to deploy all of the equipment categories on a variety of standard chassis, according to the customer request. Training courses are also provided, in both the use of equipment and in operational procedures.

WATER RESTRAINT SYSTEM (WRS) Inmate Control - Crowd Control - No Physical Contact

Non-Lethal Restraining System

BAT's Water Restraint System (WRS) is a non-lethal, high-pressure water stream restraining system designed specifically for control of dangerous inmate situations in correctional facilities.

Effective Control of Inmate Situations

BAT's Water Restraint System (WRS) provides effective and non-lethal control of serious and potentially deadly inmate situations. High-pressure water is used to restrain inmates at a safe distance without direct physical contact with officers. In extreme situations, different additives can be injected in the water stream, under officer control, to further restrain and demobilize the inmate. Options include the injection of Tear Gas and colored or colorless dyes if marking the object is desired.

The water stream can be used in either the pulse or continuous modes. There are two pulse modes (long and short) depending on the amount of force required. The operator has complete control, using a microprocessor-based control panel.

NBC-PROTECTION AND BLAST PROTECTION FOR BOMB SHELTERS & MEDICAL ISOLATION

BETH-EL ZIKHRON YAAQOV INDUSTRIES LTD.

1 Avshalom Road, P.O.Box 166
Zikhron Yaaqov 3095101, Israel
Tel: +972-4-6299904/05
Fax: +972-4-6299900

Beth-El Industries is a world leader in the development, design, and manufacture of filtration, ventilation, air conditioning, integration of turnkey projects, and other technologies. Supplied, as well, are mobile medical isolation systems, blast protection and air filtration systems for bomb shelters, filtration for fire brigade vehicles, and many other civil and military applications.

Founded in 1973, Beth-El has supplied tens-of-thousands of protection systems to governments and civil authorities. As well, Beth-El has supplied systems to more than 60 armies worldwide, which include most of the NATO states, most European countries, as well as a large number of forces in the Far East.

Blast Protection

Tear Gas Protection Systems for Police & Emergency Vehicles

Certified Quality Assurance Program According to AQAP-2110

Cabinet Shelters that expand into an NBC-resistant Chamber for Unhardened Infrastructure

Ventilation and Filtration Systems for Private Vehicles against Tear Gas, Pepper Gas, Smog, Dust, and Pollution

Mobile Medical Isolation Systems

A Wide Variety of NBC-Filtration Systems & Filter Banks for Critical Infrastructure Protection

WORLD LEADER IN THE DEVELOPMENT & MANUFACTURING OF "SEE THROUGH WALL" IMAGING RADARS

CAMERO-TECH ISRAEL LTD.

Xaver™ 800

Company Profile

Founded in 2004, Camero is a world leader in the development and manufacturing of "See Through Wall" Imaging Radars. Camero's Products are fully operational and are successfully used in more than 30 countries worldwide. Our unique and innovative technology is recognized by a vast customer base and by leading scientific institutes worldwide for its multidisciplinary technology portfolio, Camero is a member of SK Group, a leading global defense and security group of companies comprising: Israel Weapon Industries - IWI Ltd. - firearms manufacturer, Meprolight Ltd. - electro - optic, lasers and night vision systems, Israel Shipyards Ltd. - ship manufacturing and repair, Uni-Scope Ltd. - optical periscopes VisionMap Ltd. - digital mapping systems, and more.

Camero's "Xaver™" family of through-wall imaging systems are currently in use by numerous Military and Law Enforcement Agencies throughout the world. The Xaver™ products include:

Xaver™ 100

<http://www.camero-tech.com/product.php?ID=38>

The Xaver™ 100, provides a groundbreaking solution for modern militaries facing the difficulties of urban warfare. The Xaver 100 is a "must have" gear for every soldier in an urban combat scenario where the ability to detect the enemy is obstructed by houses and walls. The Xaver™ 100 is a light weight hand held battery operated "Sense Through Wall Imaging" system which gives instant indication of presence of life behind the wall or any other barrier. The Xaver™ 100 is also successfully used by numerous Special Forces units and First Responders worldwide.

Xaver™ 800

<http://www.camero-tech.com/product.php?ID=40>

The Xaver™ 800, is a state of the art 3D "Sense Through Wall Imaging" system designed for full ISR (Intelligence Surveillance & Reconnaissance). The Xaver™ 800 provides a full three dimensional image of the entire volume behind the wall or barrier in real-time. The Xaver™ 800 is used by Anti-Terror units and hostage rescue teams worldwide. The Xaver™ 800 provides these units with a reliable image of the number of people inside the room and their movement patterns. The Xaver™ 800 provides the operators with a situational awareness picture for better mission planning and decision making. The Xaver™ 800 increases action synchronization between the forces and leads to successful mission.

Xaver™ 400

<http://www.camero-tech.com/product.php?ID=39>

The Xaver™ 400, is a tactical "Sense Through Wall Imaging" system which provides Militaries and Law Enforcements Agencies around the world with immediate and reliable location information of people behind walls. The Xaver™ 400 is used intensively by military forces in Urban Warfare, where the ability to understand in real time the location of both live and static objects, helping to increase the soldiers survivability and effectiveness in the battle field. In addition, the Xaver™ 400 is successfully deployed by law Enforcement agencies in anti-terror, hostage rescue and anti-drug trafficking activities.

Xaver™ 400

Xaver™ 100

CONTROP'S DAY / NIGHT EO / IR SYSTEMS

CONTROP
Turning Vision Into Reality

CONTROP is a world leader in EO / IR technologies and systems, providing innovative day / night EO / IR solutions for air, land and sea surveillance, defense and Homeland Security applications worldwide.

**CONTROP
Precision Technologies LTD.**

P.O.Box 611
Hod Hasharon 4510502, Israel
Tel: 972-9-7440661, Fax: 972-9-7440662
E-mail: sales@controp.com
Web Site: www.controp.com

About CONTROP:

- CONTROP specializes in the development and production of Electro Optical and Precision Motion Control Systems.
- CONTROP's products are used worldwide for Surveillance, Defense and Homeland Security applications on air, land and maritime platforms.
- CONTROP's specialists have over 30 years of experience in electro-optics, electronics, servo-control, precision mechanics and software.
- CONTROP's products have many years of proven operational success and have been the chosen Electro Optical Systems for many national and international requirements.

CONTROP's main product lines include:

- Thermal Imaging Cameras with high performance and high power Continuous Zoom Lenses.
- High performance Stabilized Observation Payloads of many sizes and weights used for day and night surveillance on board UAVs, small UAVs, aerostats/balloons, helicopters, fixed wing aircraft, maritime boats and ground vehicles.
- EO / IR observation and panoramic scanner systems with unique real time automatic passive intruder detection capability, providing the most cost effective solution for security of sensitive sites, airports, coastal surveillance, port / harbour security, border surveillance, perimeter security and surveillance, force protection and ground troops security.
- Airborne wide-area EO / IR scanner and observation system for day and night (real time) reconnaissance.
- Directional Antenna Pedestals for UAV, A/C and ground applications.
- Two axes Pan & Tilt gimbal systems for cameras, antennas etc. – stabilized or non-stabilized and remote controlled.

CONTROP's QA is ISO-9001 certified and the company's products are in daily operational use on many different air, land and maritime vehicles and programs worldwide.

CONTROP'S LAND SYSTEMS FOR BORDER PROTECTION

CONTROP is a world leader in EO / IR technologies and systems, providing innovative day / night EO / IR solutions for air, land and sea surveillance, defense and Homeland Security applications worldwide.

CONTROP
Turning Vision Into Reality

**CONTROP
Precision Technologies LTD.**

P.O.Box 611
Hod Hasharon 4510502, Israel

E-mail: sales@controp.com
Web Site: www.controp.com

Unique qualities and features about CONTROP's EO / IR Land Systems:

- EO / IR cameras for observation missions providing CCD, IR video and panoramic imagery.
- Fast panoramic EO / IR scanning.
- EO / IR "radar" for Automatic Intruder Detection and Recognition – providing a Virtual Fence.
- Variety of capabilities – from short range systems (1 km) to very long range systems (25 km).
- Gyro-stabilized systems for long range capabilities and for tall mast mounting.
- Light weight, gyro-stabilized, ruggedized EO / IR systems for mobile applications.
- Unique EO / IR payloads for use on aerostats / balloons for persistent surveillance - high performance systems with very low weight including stabilization in pitch, yaw and roll.
- EO / IR payloads for use on SUAVs for day and / or night applications.
- Systems for 24/7 missions.

CONTROP's EO / IR Land Systems Sensors:

- IR Camera for Observation and Scanning.
- CCD Camera for Observation and Scanning.
- Laser Range Finder (Optional).
- Laser Pointer for Target Marking (Optional).

Applications for CONTROP's EO / IR Land Systems:

- Security of High-value Sensitive Installations (Airports, Power Plants, Fuel Storage Depots, Oil Refineries, Water Reservoirs, Armed Forces Facilities etc).
- Coastal Surveillance (including small boat detection, swimmer detection, etc).
- Border Surveillance (smuggling, illegal immigration etc).
- Perimeter Surveillance.
- Military Bases/Port Security.
- Force Protection and Ground Troops Security.
- Virtual Fence from short to long ranges.

Platforms for CONTROP's EO / IR Systems:

- UAVs
- SUAVs
- Aerostats / Balloons
- High masts, poles and towers
- Patrol Vehicles
- Armored Vehicles
- Armed Combat Vehicles
- Surveillance Vehicles

EXPECT MORE WITH CARMOR

Carmor, formerly known as Hatehof, was founded in Israel in 1947 and played a key role since then in equipping the state and other worldwide customers with specialized, dedicated and armor vehicles.

This highly respected international brand now manufactures vehicles for the IDF, NATO and United Nations forces, as well as civilian administrations, homeland security and military customers.

Carmor specializes in providing tailor-made vehicles by use of:

- State-of-the-Art craftsmanship
- Protective levels (STANAG 1-5) against bullets - Upon client's request
- High performance automotive systems and power lines
- Complete range of In-House services: concept, design, QA, inspection, manufacture, assembly, professional literature & maintenance.

Through housing both R&D department as well as production facilities, **Carmor can provide the client the most cost-effective Tailor-made solution.**

Our Special purpose vehicles range from Riot-Control through Fire fighting, Tankers & Refuellers - All in many possible configurations and sizes.

Carmor is ISO 9001 and ISO14001 certified manufacturer of armored and designated vehicles. As such, we maintain a rigid quality-oriented process designed for after sales services supplied by Carmor, among which are: Pre-delivery QA inspection and CoC, Three degrees maintenance service, Spare parts contract, provided literature and warranty.

Riot Control – A unique vehicle with multiple configurations (Pulse Let Cannon System; Armor; Dye/Tear Gas/Foam/Water; etc) upon client's demands

Fire Fighting – A complete range of fire fighters per multitude missions with a unique anti-rust minimal maintenance body

Trailers & Wagons – Tailor made trailers of up to 90 ton load capacity and various wagons per client demand

Refuellers & Tankers – Tailor made Aircraft refuellers and tankers with capacities ranging from 3000Lt-60000Lt, designed as 6X6, 6X4, 4X4 or 4X2 on/off road vehicle, can be fitted for aerial transportation

We are an Israeli company with more than 17 years of experience in the field of HLS (Homeland Security), Defense and Civil protection, being part of the group I.B.L.

DefenseTechs works in partnership with International top worldwide experts and represents+150 manufacturers worldwide.

We are a unique One-Stop-Partner; by difference with others: we supply everything you need and even propose better solutions fitting your needs, and not only one single solution.

We are a one-stop-partner in the security, defense and protection field providing technologies, equipments, full turnkey projects, knowledge and Transfer of technology, consulting and trainings.

We are always updated on the best technologies and solutions as well as new innovations in the different fields.

We provide the best quality and very competitive prices as well as new innovations in the field, thus we are constantly looking for new solutions, new technologies, new innovations, in this way we always continue staying one step forward.

We wish to meet new local partners, resellers and agents worldwide as well as Integrators, private corporations and Security companies, in order to continue developing new business in new regions and sectors.

DefenseTechs is YOUR Partner, try us... because our defense is your best business.

DEMOMAN INTERNATIONAL LTD.

When conventional is insufficient... We provide the edge

DEMOMAN INTERNATIONAL LTD. Security & Defense Solutions

P.O.BOX 3896
Nazareth Illit 1752606, Israel

Fax: 972-4-6561632
E-mail: info@demoman.co.il
Web Site: www.demoman.co.il
www.suicide-terrorism.com

Demoman integrates the experience of its partners from the finance, intelligence and security fields to provide unconventional solutions to problems that are beyond the capabilities of conventional risk and crisis management firms. Our select worldwide network of experienced security and financial professionals enables us to provide our clients with proprietary access and information together with unique operational capabilities.

Our Services

- Strategic business intelligence
- Operational-political risk mitigation
- Terrorism-funding and money-laundering investigative support
- Financial investigations and due-diligence support
- Security consulting and operational solutions

Our Successes

- A large risk management firm lacked business intelligence regarding a sensitive sector in Latin America. We obtained the information in critical time and saved the investigation - and their contract.

- An investor's group retained our services to uncover the complex holding structure behind a financial institution it was considering purchasing in Central Asia.
- A large contractor for the US government utilized us for assistance in a complex international investigation involving possible illegal money transfers and money-laundering.
- A European businessman found himself unjustly detained in an African country after uncovering embezzlement by his local partner. Five days after being retained by his company we obtained his release through our network of contacts.
- Our contacts with the party that won an unexpected victory in elections in West Africa enabled us to protect a multinational client from the loss of valuable contracts with the previous government.

Our locations

Tel Aviv, Washington D.C., Barcelona, Glasgow, Bogota, Mexico city, Manila, Accra

STRONGER TOGETHER

DIGNIA SYSTEMS LTD.

DIGNIA at a GLANCE

Dignia is a global leader and trusted provider of Security and Defence solutions. Our customers include military and internal security organizations, intelligence and law enforcement agencies worldwide. With over 25 years experience we bring reliable field-proven technology, backed by professional expertise and "real world know-how" to any large scale government project.

OUR MISSION

We deliver mission-critical technology and operational expertise to safeguard national security, increase public safety and protect critical infrastructure.

PROFESSIONAL EXPERTISE

Dignia brings together world-class military and security experts to address every aspect of your operational needs. Many of our experts are high ranking officers with vast operational experience in air, land and sea combat. Dignia intelligence and security experts are valued advisors to governments and major security forums worldwide.

CUSTOMER FOCUS

Dignia offers scalable, tailored solutions to meet your operational needs and budget. Dignia makes sure you achieve your objectives, and helps your organization to keep pace with technology innovation and evolving security and intelligence threats.

OPERATIONAL LIFE CYCLE

Dignia supports the full operational life cycle of any project. From system design and development, to integration, training and assimilation, we are with you every step of the way. Dignia trains and prepares your personnel and delivers full maintenance and technical support services based on recognised international standards.

HOW WE WORK

Dignia specializes in complex large scale, turn-key projects. Our success is based on TITAS, a proprietary, customer-focused project implementation methodology that covers each stage of your project: Technology; Integration; Training; Assimilation and Support.

DIGNIA HOLDS A LARGE VARIETY OF PRODUCTS:

- Border control integrated projects
- Forensic laboratories
- Cyber solutions
- Command and control systems
- Intelligence solutions
- Critical infrastructure
- Etc...

KEY STRENGTHS

- Customized solutions for military, security and intelligence purposes
- Reliable, high performance systems and equipment
- Seamless integration to all mission-critical systems
- Comprehensive project life cycle support.
- Access to world-class military and security experts
- Professional, high quality training programs
- Creative financing and flexible payment terms

The SHIELD™ Family Your Underwater Security

DSIT SOLUTIONS LTD.

2 Rechavam Zeevi St.,
Givat Shmuel 5401777, Israel
Tel: 972-3-5313333
Fax: 972-3-5313322
E-mail: marketing@dsit.co.il
Web Site: www.dsit.co.il

DSIT Solutions Ltd. provides highly accurate and effective underwater security systems for the protection of critical waterside and offshore assets. Our Shield™ family of diver detection sonar (DDS) systems includes the long range AquaShield™ DDS and the light, portable PointShield™ PDDS.

Our Shield™ systems are operating around the globe at ports and harbors, energy terminals, offshore platforms, power stations and from vessels in a variety of weather and water conditions.

The Shield™ Family of Underwater Security Systems:

- ▶ Fully automatic - no operator required
- ▶ Best performance available
- ▶ Low false alarm rates
- ▶ Facilitate pinpoint response action
- ▶ Robust systems for long term operation
- ▶ Ease of integration with other security systems

COMPANY DESCRIPTION

DSIT develops and produces advanced sonar systems for the defense, commercial, energy and homeland security markets. Our systems provide customers with state of the art underwater technologies for site security as well as acoustic measurement & analysis and sonar training & simulation. The company is a subsidiary of Acorn Energy Inc. (NASDAQ: ACFN).

EBONY ENTERPRISES LTD.

EBONY Enterprises Ltd. is a company with 20 years of experience in providing total defense solutions to several countries in **Africa, Europe, North America, South America and Far East.**

We are involved in several fields of activities: Acquisition Banking Investment, Infrastructure Roads Construction, Telecomm, IT, Energy, Oil and Gas, HR Development, Defense, HLS and Critical Assets, Turn-Key Medical Projects, Environmental and Water Solutions, Agriculture, Waste Management.

DUE TO OUR ACTIVE FOOHOLD IN THESE SPHERES AND FAMILIARITY WITH INTERNATIONAL MARKETS, EBONY IS ALSO ABLE TO MAXIMIZE UTILIZATION OF ECONOMIC CONDITIONS CREATED BY AGREEMENTS BETWEEN THE COUNTRIES IN WHICH IT OPERATES.

Ebony Enterprises Ltd. team includes top experts with demonstrated ability to vie for, and capitalize on opportunities. Furthermore, our professional personnel are immersed in the local markets and are often the first to espy and hence profit from the most lucrative business opportunities. Our unique asset is our Intellectual Capital, recruited to analyze the customers' needs, to design turn-key projects, including Knowledge Transfer and Capacity Building together with our customers, our Partners and Vendors.

BORDER CONTROL AND MANAGEMENT SYSTEM

ELBIT SYSTEMS
ELECTRO-OPTICS - ELOP LTD.
P.O.Box 1165,
Rehovot 7611101, Israel
Tel: 972-8-9386211
Fax: 972-8-9386010
Web Site: www.elbitsystems.com/elop

Elbit Systems' Integrated Border Control and Management System for passengers, vehicles and cargo (BCMS) is the most comprehensive border control system for airports, seaports and land border crossings.

It's a fully operational & proven system – provides 365/7/24 service at all border crossings ensuring Resilience, Reliability and high availability at all levels - Managing very large amount of data while controlling response time and level of service.

Major Functionalities

- Efficient entering and exiting of Country's territories
- Enhances national security and crime fighting efforts
- Fast, automatic identification and control using Document authentication - E-ID, E-passport and other
- On-line connectivity to Government agencies and Country's overseas embassies

Generic and Modular - tailored to meet every operational demand

- SOA solution - Agile, Open and Flexible architecture, with multi-aspect expandability
- Identity Centric design with Identity Management and Intelligence Management.
- Biographic Authentication, Biometric authentication – fingerprint, face and IRIS
- Intelligence Risk Assessment and Profiling tools
- E-gates and self-service boots
- Vehicle crossing management
- Mobile and local border control units for quick deployment

ELSEC - OVERVIEW

Safety, Security and Beyond...

ELBIT SECURITY SYSTEMS LTD.

P.O.Box 388, Sderot 8701302, Israel
 Tel: 972-8-9307755
 Fax: 972-8-9386826
 E-mail: elsec@elbitsystems.com
www.elbitsystems.com/security

Elbit Security Systems Ltd. - ELSEC is an Israeli based company specializing in the implementation of comprehensive security solutions for the government and private sectors. ELSEC provides security solutions for: Land Borders, Coastal Lines, Airports, Seaports, Oil & Gas Refineries, Pipelines, Industrial and Critical Infrastructures, Power Plants, Crowded City Centers, and Railway Mass Transportation Hubs and Infrastructure.

For the last 25 years ELSEC has specialized in the delivery of homeland security solutions, customized to varying and diverse operational needs. ELSEC has gained vast technological and operational experience, including large and complex system design and implementation, and is pleased to share this knowledge for the benefit of our customers.

Our facilities include over 6,000 sq. m. with in-house manufacturing, engineering, project management, full system life cycle support, and after sale services.

We are an approved security and safety solution provider to multiple Israeli government offices (defense, transportation, border, etc), with a wide international customer base in Europe, South East Asia, Africa and Latin America.

ELSEC is a wholly owned subsidiary of Elbit Systems Ltd. (NASDAQ / ESLT). Elbit Systems Ltd. is one of the largest defense groups in Israel (2008) and ranked seventeenth fastest growing company in the world by FORTUNE Magazine (2009).

Elbit Security Solutions is a Global Leading Solution Provider for:

SafeCoast	Coastal security	SafeBorder	Border security
SafeCity	City center security	SafeAirport	Airport protection
SafePort	Seaport protection	SafeSite	Critical site protection
SafeStation	Mass transportation hub protection	SafeRailCrossing	Rail level crossing safety
SafeRailLine	Rail line protection	SafePipeline	Oil & gas pipeline protection

MSV

Mobile Surveillance Vehicle

ELBIT SECURITY SYSTEMS LTD.

P.O.Box 388, Sderot 8701302, Israel

Tel: 972-8-9307755

Fax: 972-8-9386826

E-mail: elsec@elbitsystems.com

www.elbitsystems.com/security

- The MSV is a custom designed observation and surveillance platform, capable of patrol, interception and ambush type missions for the protection of borders, coastlines, cities, airports and large critical sites.
- The MSV utilizes an extendable mast with advanced imaging and radar sensor suites matched to meet the required operational need.
- The MSV, comprising a two-way video and data communications with multiple command centers, and full remote control and monitoring of all vehicle surveillance resources, may operate as part of a national security system.
- The MSV is designed with advanced ergonomics, a comfortable air-conditioned operator compartment, and is suitable for sustained and continuous operational use.

Typical Technical Data:

- Pan and tilt pedestal, equipped with long and medium range day/night observation cameras
- Human, vehicle or vessel detection radar
- LRF – laser range finder
- Flood light
- Digital magnetic compass
- Digital mobile video recorder
- Bi-directional radio communications
- GPS - continuous position reporting and vehicle monitoring
- Electric or manual mast elevation
- Hydraulic levelling support legs

SafeSite

Airport, Seaport, and Critical Site Protection

ELBIT SECURITY SYSTEMS LTD.

P.O.Box 388, Sderot 8701302, Israel

Fax: 972-8-9386826

E-mail: elsec@elbitsystems.com

www.elbitsystems.com/security

The **ELSEC SafeSite** solution is a custom tailored security net, woven from advanced electronic and electro-optical sensors deployed to reveal infiltrators and suspicious movements, and manage effective response actions.

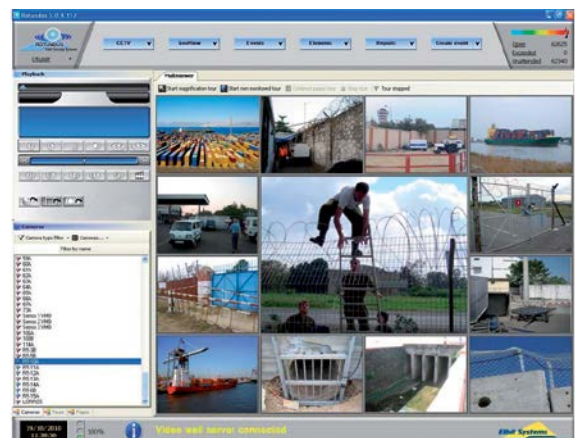

Our solution is composed of multiple security rings covering the perimeter, access gates, waterways, internal open areas, buildings and sensitive site locations.

ROTUNDUS - A Custom Command & Control Application for Site Protection

- Real-time command and control of site security breaches
- Common situational awareness visible on dynamic video displays
- Visual / audio alarm display of all suspicious activities
- Configurable pop-up and camera slave and tracking of multiple targets
- Response procedure management and messaging to forces
- Communications, monitoring and data exchange with mobile patrol units
- Record/playback of all system events

System Elements:

- Advanced intrusion detection technologies
- World leading day /night observation platforms
- Video analysis with video motion detection
- Advanced biometric identification technologies
- Security procedure execution and monitoring
- Managerial alarm notification and reporting

SafeBorder

National Border Security Systems

ELBIT SECURITY SYSTEMS LTD.

P.O.Box 388, Sderot 8701302, Israel

Tel: 972-8-9307755

Fax: 972-8-9386826

E-mail: elsec@elbitsystems.com

www.elbitsystems.com/security

The **ELSEC SafeBorder** security solution is a custom tailored design comprised of advanced all-weather technologies, integrated into one seamless command and control environment, thus enabling the monitoring and control of extensive remote and urban national borderlines.

We offer a turnkey solution, tailor-designed to meet the specific operational needs, topographical environment and potential threats facing your country.

Our SafeBorder solution utilizes advanced electronic sensors and mobile observation platforms, capable of detecting illegal border penetration attempts and diligently tracking suspicious movements.

The SafeBorder system elements may include:

- Onsite, regional and national hierarchal command and control centers (C⁴I / C²)
- Land-based observation posts:
 - Long-range thermal imaging
 - Long-range video surveillance
 - Laser range finder
 - Human & vehicle detection radar
- Automated intrusion detection fences
- Underground seismic movement sensors
- Mobile surveillance vehicles
- Mini/medium and large UAVs
- UAS (Unmanned Airborne Systems)
- Reconnaissance airship platforms

SafeCoast

Coastal Surveillance and Vessel Monitoring System

ELBIT SECURITY SYSTEMS LTD.

P.O.Box 388, Sderot 8701302, Israel

Fax: 972-8-9386826

E-mail: elsec@elbitsystems.com

www.elbitsystems.com/security

The **ELSEC SafeCoast** security solution is a seamless command and control system, enabling the monitoring of extended and continuous national coastlines.

We offer a turnkey solution, tailor designed to meet the specific operational needs, topographical environment and potential threats to your country.

Our solution is based on all-weather surveillance, target detection, recognition and identification, enabling the coordination of response forces, fishing activities, search & rescue, and the monitoring of routine daily maritime activities.

The SafeCoast system elements may include:

- Shoreline observation posts:
 - Maritime radar, long range thermal imaging, and day video surveillance cameras
 - RDF - Radio direction finder
 - AIS - Automatic identification system
- Onsite, regional and national hierarchal command and control centers (C⁴I / C²)
- Multiple sensor data integration
- Mobile observation vehicles
- Mini unmanned airborne vehicles
- UAS (Unmanned Airborne System)
- Mobile contingency C⁴i semi-trailer
- Interface to coast guard forces and patrol vessels
- Redundant architecture with critical system operational availability

SafeRail

Railway Station, Track and Infrastructure Security and Safety Solutions

ELBIT SECURITY SYSTEMS LTD.

P.O.Box 388, Sderot 8701302, Israel

Tel: 972-8-9307755

Fax: 972-8-9386826

E-mail: elsec@elbitsystems.com

www.elbitsystems.com/security

- The **ELSEC SafeRail solution suite**, includes our holistic security approach to mass transportation hubs and infrastructures.
- There is an urgent need for the protection of strategic, exposed rail infrastructure, such as passenger stations, railway tracks and cargo depots which carry large quantities of commuters and cargo daily.
- Beyond the physical protection of commuters, ELSEC has installed multiple safety enhancing systems for the prevention of collisions at vehicle / rail track level crossings.

Level Crossing Safety:

- Remote monitoring of crossing
- Automatic crossing blockage detection
- Crossing blockage alert
- Alert message to control center
- Alert message to engine driver
- Advanced presence sensing
- Crossing video analytics

Railway Line Protection:

- Day / night monitoring of critical rail line segments
- Detection of tampering and unattended objects along lines
- Local and regional control centers
- Record, playback and archive

Railway Station Security:

- Electronic perimeter protection
- Station command and control
- Regional command and control
- CCTV with video analytics
- Unattended luggage detection
- Integration with city EMS
- Tailored solutions

SafeCity

City Security and Emergency Response Management

ELBIT SECURITY SYSTEMS LTD.

P.O.Box 388, Sderot 8701302, Israel

Tel: 972-8-9307755

Fax: 972-8-9386826

E-mail: elsec@elbitsystems.com

www.elbitsystems.com/security

The **ELSEC SafeCity** urban security solution is comprised of remote surveillance technologies, content analysis, automated alarm generation, advanced operational communications, and event management capabilities, integrated into a common command and control environment at central (C¹) and neighbourhood (C²) control centers.

We seamlessly connect your emergency call center to our city crisis management system, with a clear view of all available city EMS enabling coordinated and effective first response actions.

We provide a turnkey solution, designed, tailored and customized to meet your city operational needs, and the potential threats against your City.

The SafeCity system elements may include:

- Urban CCTV system with content analytics
- Wideband urban communications
- Dispatch command and control (C¹/C²):
- Common situational awareness
- Video wall with flexible CCTV selection
- EMS monitoring and communications
- Routine and emergency incident procedures
- Emergency call center interface
- Incident status monitoring
- Prioritized resource allocation
- Record, playback and archiving
- Managerial report generation

HOMELAND SECURITY (HLS) SIMULATOR

Elbit Systems

ELBIT SYSTEMS LTD.

P.O.Box 539

Advanced Technology Center

Haifa 3105301, Israel

Tel: 972-4-8315315

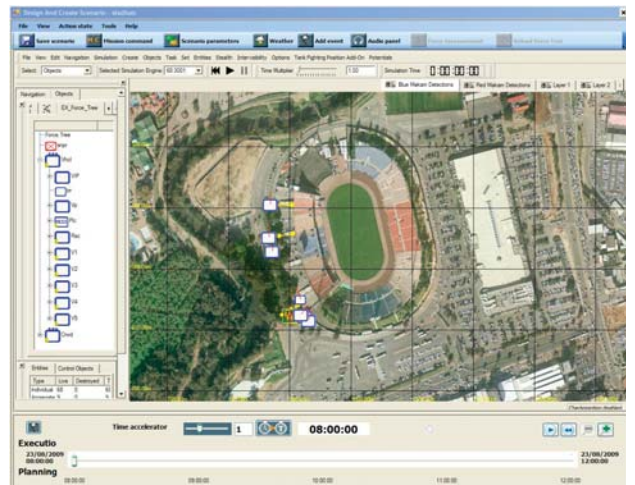

E-mail: aerospace@elbitsystems.com

Web Site: www.elbitsystems.com

HLS Simulation is Elbit Systems' solution for training HLS commanders and decision makers in both HQ and field security activities. The system enables multidisciplinary security management planning, training, debriefing and evaluation of procedures.

The multidisciplinary system, based on accurate simulative models and high fidelity realistic presentation of the complex urban arena, enables interactive simulation of various security scenarios including public order, terror attacks, accidents, hazardous materials, strategic infrastructures security, natural disasters, large scale sports events and many others.

Your Invisible Eye in the Sky

Skylark™ I-LEX is an organic, highly covert aerial ISR asset delivering actionable, high-resolution video in real-time. It enables man-packed or vehicle-based deployment and allows for static or on-the-move operation.

Key Benefits

- Highly deployable and easy to operate by just two operators
- Inaudible - at 100 meters above ground level
- Autonomous from takeoff, throughout mission and landing
- Gimbaled and stabilized payload - delivers high-quality day and night real-time video
- Airborne airbag system for point recovery, without requiring ground reception devices

Technical Specifications

Takeoff weight: 7.5 Kg

Payload weight: 1.2 Kg

Endurance: up to 3 hours

Service Ceiling: 15,000 ft.

INDOOR-OUTDOOR INTRUSION DETECTION SYSTEM

G.M. AFCON
Security Technologies L.P.

The V-Alert System is a unique and versatile ELECTRONIC SENSOR based system providing a wide range of integrated OUTDOOR and INDOOR security solutions

UNIQUE PRODUCT FEATURES

- ▽ Electronic Sensor with NO moving parts – solid-state electronics
- ▽ Rugged and Sealed to meet harsh environmental conditions (incl. underwater)
- ▽ ACT (Adaptive Calibration Technology) - high detection, negligible false alarm rates
- Adjustable Sensitivity of individual sensors in TWO separate detection axes
- ▽ Independent alarm indications from each sensor
- ▽ 3 m pinpoint detection resolution on perimeter fences

TYPICAL APPLICATIONS

- ▽ Any type of Perimeter Fence and barriers (wall, chainlink, welded mesh, ornamental, metal posts, taut wire, barbed wire, etc.)
- ▽ Solar Farms and Solar Panels
- ▽ Cellular and communication base stations
- ▽ Utilities - Water, Gas, Electricity
- ▽ Power plants
- ▽ Industrial and Military Sites
- ▽ Port and Airports
- ▽ Bank Safety

G-NIUS - A world leader in the development and fielding of unmanned ground vehicle systems.

G-NIUS Unmanned Ground Systems already logs thousands of UGV operational hours and extensive experience in the development, integration, operation, fielding, training and field-support of autonomous unmanned ground vehicles system.

Already deployed and operational system, the Guardium UGV revolutionize the effectiveness and utility of perimeter security and represent a long awaited breakthrough in combat & HLS applications such as:

- Force/site protection
 - Route proving
 - Observation, detection and surveillance
 - Combat and maneuver support, convoy leader
 - First responding and investigation
 - Logistics support
- Modular combinations of payloads
 - Fix and mobile OCU – Operation Command Unit
 - Simple integration with User's available C⁴I infrastructure
 - **4 modes of operation:**
 tele-operated, semi-autonomous, full autonomy, manned driven
 - High level of safety
 - Obstacle detection and avoidance

The autonomous capability can be modified and integrated in almost any customer vehicle in service.

Hagor Industries Ltd. was established in 1956 and it is a Family-owned company.

Hagor is a major authorized supplier of the Israel Defense Force, Police, Special Anti-Terror Units, Elite military units and worldwide law enforcement agencies.

For more than 50 years Hagor is known for its innovative solutions and lifesavings personal gear, Bullet proof vests According to NIJ STD 0101.04 / 0101.06 offering protection levels IIA, II, IIIA, III, IV, and full range of high performance Body-Armor.

Hagor is standing on the forefront of the Future- Soldier Specialized gear, offering significant core to the company's vision.

Our experience and Production facilities allows us to produce also all military gear, rucksacks, bags, tents, sleeping bags, etc. According to customer's requirements and specifications as follows:

Protective Bulletproof Vests: Hagor produce numerous models of ballistic vests with protection levels according to customer requirements. Our products are manufactured with the latest high-tech solutions and raw materials.

Combat Harness: single-unit combat harness distributes the weight of combat fighting gear proportionally over the body, providing comfort and greater mobility with maximum load.

Personal Gear: Kitbag, rucksacks, field cots, sleeping bags, etc.

Military Tents: from personal tents up to camp tents, giant tents, Hospital and dining room tents etc.

Versatile Covering: to suit all different types of vehicles, weapon systems, cannons, tanks, SUV etc.

Hagor quality control system complies with the Quality Management Standard ISO-9001-2008, standard and IQnet.

HarTech Technologies is an innovative and dynamic private company specialized in development, integration and setting to work of advanced command and control systems and simulation infrastructure solutions.

Our main projects and product lines include:

Command and Control systems for Air, Land, Naval and Special Forces as well as for intelligence and Homeland security applications. Our command and control systems make use of advanced state of the art data fusion algorithms as well as utilize modern multi-channel datalink systems.

Simulation infrastructure solutions for large scale wargaming systems and tactical simulation systems. Our **SSG** (Smart Scenario Generator) is an advance scenario generation framework which enables the development and execution of large scale high fidelity simulation scenarios covering single platforms to a complete wargame.

Situational Awareness 3-D system for use in urban areas, municipalities, complex plants, hazardous materials industries, environmental organizations and more. The **GEM** (Geospatial Management) our site management and protection solution provides a complete solution for all safety, environmental and security needs.

HarTech Technologies performs Turn-Key-Projects and provides services throughout the entire lifespan of a project starting from the operational specification definitions and solution design, system development, project management, management of procurement and installation process, setting the system to work and providing ongoing support to the project in the system assimilation and maintenance life cycle.

HarTech's main projects include:

- Coastal surveillance solutions (Command and control system and overall integration)
- Air surveillance systems (Command and control and mission planning)
- Naval Command and Control systems
- The Smart Scenario Generator (SSG) development framework
- Tactical simulation solutions

Site and Coast Protection with IAI TAMAM advanced electro-optical (EO) systems

Introduction

TAMAM Division, an integral part of the Systems Missiles and Space Group of Israel Aerospace Industries Ltd. (IAI), is a proven supplier of advanced electro-optical systems for various applications on airborne, maritime and land installations.

General Description

TAMAM provides day and night (all weather) observation solutions for site, borders and coastal protection by customizing sensor systems based on IAI TAMAM's advanced gyrostabilized EO systems :

- Plug-in Optronic Payload (POP-300LR) for medium and long observation ranges or
- Multimission Optronic Stabilized Payload (MOSP3000) for very long observation ranges

TAMAM systems are qualified for both land and marine applications and thus can be used as a common solution for multiple requirements and platforms providing the best cost performance ratio.

Main Application

- Perimeter security of sites and high value installations
- Border security
- Coastal surveillance

Features

- Monitoring, control and observation of the site, border line and coast line
- Early detection of intruders on their way thus enabling sufficient time for efficient reaction
- Effective tracking and support of intruder engagement
- Integration of all the data into one complete picture

Basic Configuration

- Stabilized Electro Optic Payload – POP300LR or MOSP3000 (subject to observation range requirements)
- Day/Thermal imaging/Laser pointer/LRF(option)
- Automatic Video tracking (AVT)
- Image Contrast Enhancement
- Digital map of the site and area

- Open architecture
- Controlled by special Hand Grip or PC
- Digital video recording for briefing and evidentiary

Options (additional features)

- Persistent Surveillance:
 - Area tracking
 - Extraction of target coordinates
 - Target identification
 - Turbulence compensation, Observation in foggy conditions
- Integration with Early Warning Radar (EWR) for early detection of targets at all weather conditions
- Video Monitor detection (VMD)
- Remote control and monitoring of the EO system sensor by fiber optics or microwave communication for long distances

CYBER SOLUTIONS

End-to-End Cyber Centers Incorporating proprietary IAI's sensors, data processing and data analytics capabilities

Accessibility Solutions

Productizing Hacking, Delivering Intelligence and Insight

Conceptus - Social Network Intelligence & Influence

- Passive intelligence collection, digital HUMINT, soft power projection
- Penetrating closed groups and areas of interest
- Automation of large scale collection and influence operations

Nimbus - Cloud Based Interception

- Lawful Interception solution for monitoring encrypted cloud based services (web-mail, file sharing, social networks, instant messaging and more)
- Applied either in a strategic and/or tactical interception mode

SCADA Monitoring

- Monitoring ICS/SCADA controllers
- Detecting abnormal behavior
- Centralized management and reporting

Cyber & Cellular Off the Air Interception

Combining the Cellular & Cyber media to identify, geo-locate and intercept targets

Orbis: Stand-off Cellular Interception and Monitoring

- Modular system for off-the-air cellular interception, monitoring and geo-location
- Integrated Direction Finding (DF) capabilities within the system, providing accurate geo-location
- Designed for various types of deployments, tactical, portable, vehicular & airborne

CyFi - an tactical probe for monitoring secure WiFi hotspots

- Gaining access to secure hotspots: WEP, WPA, WPA2
- Active mode: Actively routing (and intervening in) target's traffic
- Fully integrated with Nimbus and Orbis

Cyber Analytics and Forensics

Tackling Cyber challenges via advanced analytics capabilities as a stepping stone towards tackling the "Attribution Challenge"

- Identity Resolution: IAI provides analytical capabilities, for correlating cyberspace activities, and the virtual identities that perform them to a singular physical entity.
- Geo-location Resolution: IAI provides analytical capabilities, to resolve the geo-location challenge, based on a variety of data sources and analysis tools. IAI provides, in near real-time, a pinpoint physical geo-location of a virtual entity, to a high degree of probability.

TAME™ Guard

- Advanced statistical anomaly detection engines for early detection of:
- Advanced Persistent Threats (APTs)
- Zero-day Malware

National, sectorial and organizational capability buildup via training, testing and simulation of complex cyber scenarios

TAME™ Range

- Cyber "War Game" trainer with:
- Real Cyber attack trainings on configurable isolated organization IT & ICT networks
- Field tested Cyber defense methodology, certification levels and threat response
- performance assessment
- Multi-team role playing scenarios (e.g., SOC, CERT, IT, CISO)
- Built-in features of Red-team Blue-team Cyber war game & security tools Test-bed

Cyber Research & Forensics Lab

- Cyber research lab for Computer Emergency Response Team (CERT) functions
- Full range of analysis, diagnostic, recovery and forensics tools
- Novel automated environment & investigation tools for malware assessment
- Simulation of real life complex scenarios through operations research and impact analysis

INTEGRATED BORDER AND COASTAL PROTECTION SYSTEMS

IAI ELTA SYSTEMS LTD.

P.O.Box 330, Ashdod 7710202, Israel
Tel: 972-8-8572410
Fax: 972-8-8561872
E-mail: market@elta.co.il
Web Site: www.elta-iai.com

Integrated Border Protection System ELI-3350

Protection of homeland borders is a critical priority for every sovereign nation. ELTA's custom-tailored operational solutions guarantee the detection location and targeting of terrorists, smugglers, illegal immigrants and other threats or hostile activities - swiftly and accurately, 24 hours a day. The systems are designed to function in all weather and visibility conditions. A dedicated ELTA Command & Control Center gathers information from a variety of customer selected sensors, including ELTA and IAI manufactured systems. A common Tactical Situation Awareness Picture enables law enforcement units to react in real time and take immediate actions to deter the threat, thus maximizing enforcement effectiveness. Border Protection Systems include movement detection radars, electro-optical sensors, coastal radars, aerostat mounted radars, unmanned vehicles and special mission aircraft - all produced in-house by ELTA and other IAI Divisions.

EZ-Guard Exclusive Economic Zone Protection System ELI-5500

The ELTA EZ-Guard Protection System is a modular custom-tailored surveillance system designed to support the protection of maritime assets in littoral waters up to 200 nautical miles, otherwise known as the Exclusive Economic Zone (EEZ). The EZ-Guard includes several layers of sensors and systems that together provide a cost-effective solution for persistent surveillance.

Information gathered by the systems' sensors is sent to a Command & Control Center that provides the law enforcement units with a Situation Awareness picture of the maritime theater under their responsibility. The EZ-Guard Protection systems include movement detection radars, electro-optical sensors, coastal radars, aerostat mounted radars, unmanned vehicles and special mission aircraft (produced in-house by IAI Divisions) as defined by the customers operational requirement. Innovative sensors and advanced command and control systems developed by ELTA contribute to create a powerful, force-multiplier protection system.

COMPREHENSIVE CRISIS & EMERGENCY MANAGEMENT SOLUTIONS (CEMS).

TAME Cyber Defense Suit

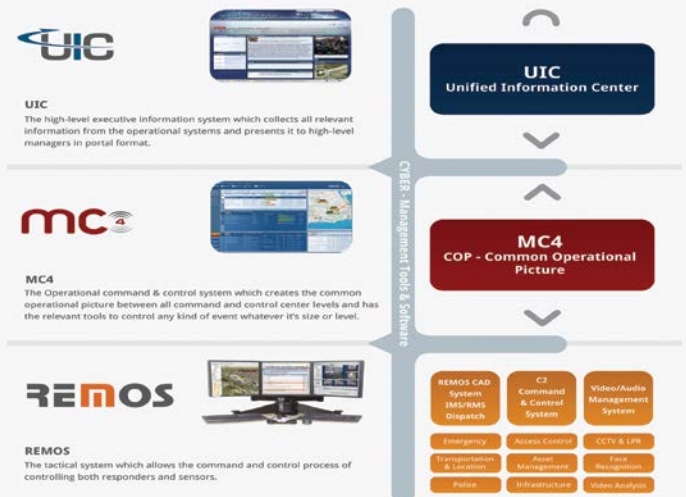

IAI MLM DIVISION

P.O.Box 45
Beer-Yaakov 7035001, Israel
Tel: 972-8-9272520
Fax: 972-8-9272890
E-mail: mlm_marketing@iai.co.il
Web Site: www.iai.co.il

MLM is the leading division within IAI for delivering comprehensive Crisis and Emergency Management Solutions (CEMS) on a national, federal, state & city level.

MLM professional team has years of experience and knowledge in leveraging its advanced technologies to develop systems that are on the forefront of technology. CEMS division specializes in providing and implementing turnkey solutions including risk & concept analysis, design, development, integration, support and maintenance for mid size, large scale and mega projects in enterprise, regional and national levels.

UIC - Unified Information Center

The UIC creates a complete and unified situation report for executive decision-making during large scale crisis situations. UIC allows the processing, formulation and display of real time high level integrative situation reports, in a multisystem and multi-organization environment, without the need to implement designated interfaces, and to deal with complicated technical issues of a costly and timely nature.

MC4 - MLM Command, Control and Communication Center

MC4 system concept simultaneously and proactively guides all entities in the organization to react correctly and promptly sharing real time information.

MC4 is a comprehensive solution designed for mission critical operation centers.

MC4 manages daily routines, crisis and disaster situations at all levels and sectors in Federal/State/City level.

MC4 deals with all phases of operational crisis management: preparedness & prevention, response and recovery.

TAME™ Cyber Defense Suite

TAME™ Cyber Defense Suite is a full solution for today's cyber threats, designed for governments, corporations, infrastructure facilities, finance, and security organizations.

TAME Suite Offering:

TAME™ Range is aimed at training cyber defense personnel, Cyber Emergency Response Teams (CERTs) and key IT and Security officers. TAME™ Range simulates cyber attack scenarios based on varied malware and flexible network representations.

TAME™ Guard is a critical real-time cyber detection system providing early warning from APTs combining advanced big data anomaly detection, enhanced SIEM and multi-sensor integration.

The TAME™ Center is the Command & Control system for managing cyber events. It creates an integrated cyber situational picture and implements pre-planned defense procedures.

TAME™ Response is intended to investigate, diagnose, analyze, and finally recover and restore the proper functioning of the network.

KATANA - USV SYSTEM

IAI MLM DIVISION

P.O.Box 45
Beer-Yaakov 7035001, Israel
Tel: 972-8-9272520
Fax: 972-8-9272890

Web Site: www.iai.co.il

MLM Division is the system integration house of Israel Aerospace Industries Ltd. (IAI). As a multifaceted design, development, and system engineering organization, MLM has the experience, knowledge, and capabilities to leverage its cutting-edge technologies to deliver systems that are among the most advanced in the world. MLM specializes in a variety of disciplines, which enables it to act as prime contractor and leading system architect for governments and armed forces around the world.

MLM offers its partners and customers uncompromising performance, reliability and quality. MLM provides full service from the earliest stages of concept analysis, through development, production and installation, and culminating in integration and life-cycle support.

KATANA - USV System

Featuring unmanned capabilities for the entire range of Home-Land Security and Naval applications. The KATANA solution offers manual and fully autonomous operation, modular design and flexible ability to fit customer's requirements

Applications:

- Homeland & harbor security
- Coastal patrol, shallow & territorial waters
- Oil, gas and critical assets protection & surveillance
- Fire fighting, search & rescue
- Intelligence gathering and surveillance

Command and Control Station

- Mobile standalone control station
- Operated by two operators & mission commander
- Planning, controlling, debriefing & recording
- Collision & obstacle avoidance

Dual Mode Operation

- KATANA can be operated as unmanned and as a 5-crew manned combat vessel
- Rapid revision according to operation requirements

HOMELAND SECURITY (HLS)

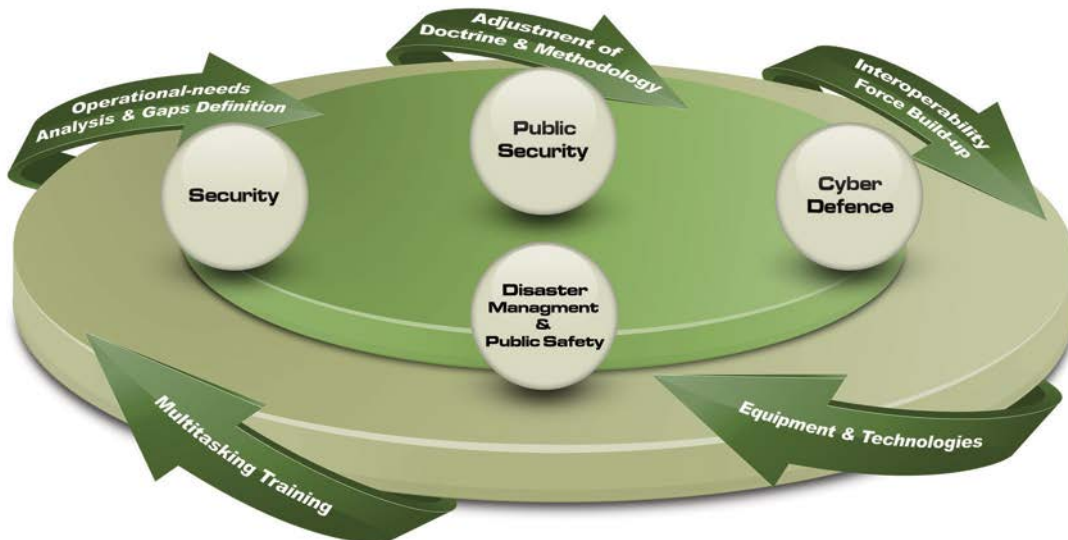

ISRAEL MILITARY INDUSTRIES LTD. (IMI)

Web Site: www.imi-israel.com

Based on profound knowledge of operational and security needs, vast experience, most advanced equipment and top class training services - IMI delivers integrated solutions to meet your security needs:

- **Comprehensive:** Multilayered and Multidisciplinary
- **Efficient:** Modular, affordable, rapidly implemented
- **Methodical:** Modifying and applying proven doctrine
- **Integrative:** Supply and integration of state of the art equipment
- **Professional:** Training and qualifications, enhancing human-factor skills

TRAINING IS THE KEY TO SUCCESS

IMI ACADEMY for Advanced Security & Anti Terror Training

64 Bialik Blvd. P.O.Box 1044
Ramat Hasharon 4710001, Israel
Tel: 972-8-9357040/1
Fax: 972-8-9357042
E-mail: academy@imi-israel.com
Web Site: www.imi-academy.com

About IMI Academy

The IMI Academy for Advanced Security & Anti-Terror Training is a leading integrated solutions provider for military, law enforcement, government agencies and commercial clients worldwide.

Established in 1999 by veterans of the Israeli Security Forces, the Academy specializes in a wide range of comprehensive security training programs, including anti-terrorism, anti-crime and homeland security. It is a subsidiary of Israel Military Industries Ltd. (IMI), a government owned company.

The Academy draws its strength from the accumulated knowledge of the Israeli security establishment. Its facilities, highly-experienced instructors and range of courses and seminars, have positioned the Academy as a model organization of its kind, one that its competitors attempt to emulate.

Fields of activity:

Security:

VIP, Aviation, Maritime, Installation, High-Risk Installation Security.

Anti-Terror:

Combat & Firearm Training, KRAV-MAGA (Israeli martial arts), EOD, Operational Driving, Sniping, Rappelling, Rock-Climbing, Rescue, Fire Fighting, First Aid Courses, Operational Planning.

Police & Law Enforcement:

Police Readiness Response to mega-terrorist attacks, Comprehensive Disaster Response, Police Intelligence for combating crime, drugs, fraud and white collar crime, Border Crossing Security, Immigration Control, Crowd Dispersion and more.

Homeland Security:

Search and Rescue, Academic and Practical Homeland Security Training, Crisis Management and Emergency Response (human caused and natural disasters).

Special Projects & Consulting:

Information and Computer Security, Counter-Intelligence, Police Intelligence, Army Intelligence, Penitentiary Intelligence, Police force upgrading, turnkey security projects, Special Military Training, Sensitive Risk Assessment, Operational Studies, establishment of Special Operation Units, Recruitment Centers, Establishing Security Academies and other security solutions.

ISDS LTD. INTEGRAL SOLUTIONS FOR HOMELAND SECURITY AND DEFENSE

INTERNATIONAL SECURITY & DEFENCE SYSTEM

P.O.Box 173, Nir Zvi, 7290500, Israel

Web Site: www.isds.co.il

ISDS is a sophisticated security consultant and integrator in areas such as Homeland security (HLS), Defense, Mega Event security, Critical Infrastructure security, Maritime and Aviation security, and the security of Multi-National Enterprises.

Since 1982, ISDS has been providing a vast array of security services to public figures, governmental agencies, non-governmental organizations, corporations, and others who face high-stakes security risks.

The company offers the most cost-effective, responsive, and personalized customer care.

ISDS provides its clients with comprehensive, cost effective, and individual solutions.

These solutions include:

- Comprehensive Concept of Operation
- Management and Integration of all Security Projects
- Intelligence
- Counter Terrorism
- Vital Infrastructure Security
- Mega-Event Security
- Cyber Security
- Maritime, Airport, and Transportation Security
- Border Protection
- Coastal Protection

LDS - LASER DETECT SYSTEMS LTD.

Established in 2004, Laser Detect Systems (LDS) is a world-leading developer of standoff laser-based detection technology, based on advanced laser spectrometry. Utilizing this technology, LDS has commercialized patented, groundbreaking detection systems for homeland security, law enforcement, military and environmental safety.

LDS - Laser Detect Systems

14 Abba Hillel Silver st.,
Ramat Gan 5250607, Israel

E-mail: info@laser-detect.com
Web Site: www.laser-detect.com

G-SCAN^{PRO} - Hand Held Explosives and Narcotics Detector

LDS G-SCAN^{PRO} is a state of the art laser Handheld Raman Spectroscopy Detector provides law enforcement, military and security agencies a powerful sensitive, low false-positive and low false-negative tool for detecting a wide-variety of explosive substances, suspicious drugs and hazardous materials in forms of liquid, bulk or powder.

R-Scan - Remote Scan

LDS Remote Scan (R-Scan) line of products presents a new approach in the remote standoff explosives detection of Improvised Explosive Devices (IED's). LDS's R-Scan explosive detection technology proved to detect explosive materials against most common background materials such as metals, glass, cloth, wood, paint and soil at distances of up to tens of meters. This approach offers advantages in the detection of explosives, not available by any other means. R-Scan has been field tested successfully and is undergoing integration with additional detection technologies as an integrated system.

B-Scan - Bottle Liquid Scanner

The LSD B-Scan offers a cost effective, interactive, high sensitive bottled liquid scanner (BLS) that detects hazardous substances in liquids or powder forms contained in glass, transparent or translucent plastics bottled containers. LDS' BLS introduces a unique method, enabling rapid analysis of liquid containers, accelerating airport security checks, improving passenger service, while increasing the probability of detection and efficiency of security measures.

Sample categories offered:

Home Land Security, NBC and disaster management - consulting, training & Equipment.

Light arms, ammunition, personal gear and equipment: tents, uniforms and body armor.

Artillery, tanks and armored vehicles.

Naval equipment, Aircraft, aircraft upgrading and spare parts, Electronics, surveillance and long range observation posts,

Communication systems, voice scramblers, Cellular interception & location.

Surplus equipment.

Mine clearing equipment

Medical equipment, and medications, field hospitals, ambulances and training
Anti-Riot EOD and Anti-Drug - equipment and training.

Water treating and purifying, mobile water producing equipment - Military and Civilian/Disaster.

Ammunition disposal and EOD services.

VIP armored vehicles and body guard training.

Upgrading of T72 & T 55 tanks to western standards.

Anti Piracy:

consulting, training and provision of armed guards for merchant ships in the West/East Africa and Indian Ocean regions - as well as protection of Oil and Gas Rigs, Sea and Air ports and transport of containers, these services are provided by highly trained ex special unit multi national guards operated by our sister companies Security Rings Israel and IMS Cyprus.

MAYOTEX-PHILCAR LTD. Established in the 1980's, Mayotex-Philcar specializes in developing and designing armored vehicle solutions as well as modifications of special task tactical combat vehicles such as: Truck's, SUV'S, SWAT Vehicles, Cash carriers, Busses.

The company has manufactured thousands of armored and modified vehicles, meeting the highest standards of the I.D.F, police forces and Israeli Foreign Ministry. With access to the most advanced materials, we are able to create the highest quality product, without compromising the vehicle performance.

Our Solutions Comprise of Products Targeted to Enhance the Following:

- Military vehicles | Private Vehicles | Public transportation
- | Law enforcement vehicles | Para-Military vehicles

Protection Capabilities:

- Light weight armor kits to all known small arms ammunitions | IED protection
- | Transparent protection of up to B7 (NIJ 4) | Our light weight protection solutions are based on composite materials combined with metal plates.

Subsidiary company of **DFNS Group**
DEFENSE INDUSTRIES INTERNATIONAL, INC.

"MVB" - Modular Vehicle Barrier

**A quick and light weight portable vehicle barrier
Unique design and capabilities!
Specially designed for Armed-Forces,
Anti-Terror units, Police & more!**

MIFRAM LTD.

6 Josef Levi St., P.O.Box 1165
Ind. Zone Kiriat Bialik
Zur Shalom 2711101, Israel
Tel: 972-4-8808800
Fax: 972-4-8745745
E-mail: sales@mifram.com
Web Site: www.miframsecurity.com

www.youtube.com/watch?v=4621X-ivKY

www.miframsecurity.com/mvb

The MVB is a physical, light-weight barrier and therefore fully portable. Its unique design enables transferring the horizontal momentum of a ramming vehicle upwards or downwards until fully stopping its movement.

The advantages of this barrier are:

- Quick assembly for immediate threats.
- High impact capabilities.
- Flexible length for any size of vehicle route.
- Vehicle wheel protection is futile.
- Easy & efficient storage.
- Very low maintenance costs.

Quick assembly:

The barrier consists of elements which are light to carry. Any adult can assemble this physical barrier in minutes without using assembly tools, to create a block against immediate threats of ramming vehicles in unknown locations.

High impact:

Its special and unique design has high impact capabilities that transfer the vehicle's horizontal momentum vertically to the extent of fully stopping the vehicle within a relatively short range.

Flexible length:

Independent separate units can be composed into any length desired, blocking any size of vehicle route.

Wheel protection:

The unique process (patented) of momentum transfer is efficient for vehicles regardless of their wheel protection. This allows efficient barrier solution even against protected vehicles.

Easy storage:

Foldable units that can be easily stored, saving space and enabling easy access for future use.

Low maintenance costs:

Once folded and stored, no special maintenance is required allowing an economic long-term solution.

Features:

- Ability to bring a light standard vehicle at a medium speed to a complete stop with minimal penetration.
- The barrier can be compactly packed and transported by any private vehicle, station wagon, small pick-up truck or jeep.
- All parts are identical and can be renewed, added or switched between several locations.
- Basic yellow color that can be altered according to clients' request.
- Can be upgraded to reduce vehicle penetration distance by acquiring ground-anchors for the units using pyrotechnics, cable or any other physical anchoring.

Technical specifications:

- Dimensions (single unit) - length - 100 cm (40"), width - 8 cm (3"), height - 70 cm (27").
- Weight (single unit) - 20kg (44lb).
- Provides a solution against farm tractors due to the geometric locking mechanism.
- Safety lighting and signs.
- Assembly/Disassembly instructions manual.

Add-ons:

- Anchoring devices.
- Specially suited carry-on bags.

V.I.P. PROTECTION
 SCARLET - BULLETPROOF PROTECTIVE SHIELD

Light weight and quickly assembled multi-purpose rapid protection kit for constructing a protective and flexible protected wall for VIP's. The wall protection elements meet NIJ III-A standard for the ballistic resistance of personal body armor.

FEATURES

- Multi-purpose rapid assembly kit
- Ideal for fluid protection conditions
- Can be used to protect VIP's as they step outdoors and to rapidly fortify whatever room they enter
- Can be used in airports and to convert vans to armored vehicles
- Light Weight
- Mobile
- Modular

BENEFITS

- Easy to transport
- Comfortable to carry
- Quick assembly - two elements only
- Quick dismantling

Does your home lack adequate shelter? Are you worried about rocket attack or tornados?

If building a standard shelter at your home is impossible,
ResCube is the perfect solution - 3 work days, and your home is equipped with an unfolding shelter
ResCube - an unfolding steel shelter protects you and your family from rocket attacks or tornados.

In peacetime:

Requires very little space - the folded rescube does not disrupt your home

In emergencies:

get a shelter in a few minutes to your whole family
ResCube was designed according to IDF specifications.
ResCube was designed by Mifram Ltd.
and approved by RAFAEL Advanced Defense Systems Ltd.
ResCube complies with ISO9001:2008 standards.

ResCube Suitable for varied threats

- Chemical & Biological threats
- Tornados & Hurricanes
- Blast & Fragments protection
- Earthquakes
- Home invasion
- Forced entry
- Fire
- Terror
- Rocket attacks

CTIS - COMPUTERIZED TELEPHONE INTERCEPTION SYSTEM

MIPHA offers a variety of solutions that can meet needs of government agencies, military intelligence, police forces and security services to supervise and intercept all telecom & IP solutions, lawful interception, intelligence gathering, cellphone location tracking and data mining.

We also offer an advanced intelligence inference system for link analysis and inferring intelligence from information coming from different data bases.

These technologies have become crucial nowadays in homeland security in the struggle against terrorism and crime.

SURVEILLANCE AND COUNTER SURVEILLANCE SYSTEMS

- DATA CRYPTOGRAPHY, PKI and DIGITAL SIGNATURE TECHNOLOGY for information and data security.
- VOICE/FAX, CELLPHONE & SMART-PHONES ENCRYPTION to secure telecommunication lines.
- DATA RECOVERY, passwords recovery, forensic services to discover improper computer use.
- VOICE ANALYSIS SYSTEM as an investigation tool, access control and reliability tool.
- COMMUNICATIONS Jammer to avoid misuse of cellphones and use of any radio transmissions as a monitoring and transmitting device to protect cars or VIP public appearance from detonating a remote controlled bomb.
- COUNTER SURVEILLANCE checks at customer's premises in order to detect eavesdropping, bugging, commercial & industrial espionage, etc.

MIPHA INTERNATIONAL LTD. is licensed by the Israeli Ministry of Defense to handle international sales of intelligence equipment, consulting in the field of security, including surveillance and counter-surveillance, courses, training and equipment.

SAFE & SECURE CITY - Wire and Wireless Surveillance System

MIPHA is licensed by the Israeli Ministry of Defense to handle international sales of security, defense & intelligence equipment, consulting in the field of security, including surveillance and counter surveillance, courses, training and equipment.

MIPHA offers you advanced, state-of-the-art technologies for your security needs such as:

- Homeland Security
- Law Enforcement Technologies
- AUS&R Autonomous Unmanned Systems & Robotics, Aerial Ground and Marine
- Information Security, PKI and Digital Signature Technology
- Encryption and Telecommunications Security
- Surveillance and Counter Surveillance
- Borders, Perimeter, Safe & Secure City, Pipelines and Sites security & surveillance
- Biometric Identification Systems (vein, face, voice, etc.)
- Jammers to avoid cellphone misuse (communication, eavesdropping, bomb detonation, etc).
- Access, License Plate Recognition (LPR)
- Covert operations - Tapping, Video Capturing

Face Recognition

License Plate Recognition

Vertical take-off and landing UAV

MIPHA specializes in the planning and integrating of security needs for large sites such as **city centers, airports, seaports and other sensitive secured sites.**

Our experts are skilled in customized integration of security concepts with high-end technologies as well as the training of security personnel as need arises to face the wave of world terrorism.

MIPHA offers advanced fully integrated systems that meet the distinct needs of homeland security such as:

- Advanced technologies for safe & secure city.
- Airport & seaport security: designing, planning & upgrading of current installations security in accordance to FAA & ISPS standards.
- Borders Security.
- Pipelines security to detect any penetration attempt or even leaks.
- Installing various advanced, user-friendly and cost effective perimeter security systems with low false alarm rates.
- Advanced biometric identification technologies.
- Electro-optical surveillance systems - fixed & aerial.
- Operation security - inspection of passengers, cargo and objects. Detection of stow-aways in containers & lorries.
- Training programs for all security personnel - airports, seaports, banks, sites, businesses, etc.
- Technologies for VIP protection.

Specializing in a broad spectrum of security services, MIPHA directs its expertise and worldwide experience to your specific requirements.

MIPHA is licensed by the Israeli Ministry of Defense to handle international sales of security & intelligence equipment, professional consulting and training services.

Whether to counter state threats like terror and crime, or to counter commercial and industrial espionage, you need experts to provide you with consultancy, solutions, threat assessment, risk analysis and of course state-of-the-art technologies.

Mipha International Ltd. specializes in the field of surveillance & counter-surveillance; providing consultancy services, planning & performing to governments as well as the private sector (industry, banking and other businesses).

Mipha's qualified management & personnel have vast experience in the fields of intelligence, counter terrorism and security.

We offer:

- Professional survey and consultancy in risk analysis and threat assessment.
- Counter surveillance checks at customer's premises in order to detect eavesdropping, bugging, commercial & industrial espionage, etc.
- High-end technologies for information & data security (cryptography, PKI, Digital Signature).
- Biometric identification solutions (vein, face, voice, etc).
- Encryption of telecommunication lines (point-to-point up to multipoint & PBX's). Encryption of cellular communication, smart-phones, etc.
- Electronic jamming of communication including cellular phone for protection against remote activated explosive charges for use in military, Special Forces and VIP protection, as well as unauthorized use of cellphones.
- High-end surveillance methods and systems.
- Data Recovery as an investigation tool and forensic applications.
- Voice analysis as an investigation tool and Access Control System.

Encryption network

MIPHA INTERNATIONAL LTD. is licensed by the Israeli Ministry of Defense to handle international sales of intelligence equipment, consulting in the security field, including surveillance and counter-surveillance, courses, training and equipment.

M.L.M. PROTECTION

Extending Beyond Technology

M.L.M - PROTECTION

6 Ha'Choshlim St., 7th Floor
P.O.B 12590, Herzliya 4672406, Israel
Tel: 972-9-9574377
Fax: 972-9-9574370
E-mail: office@mlm-protection.com
Web Site: www.mlm-protection.com

ABOUT US - M.L.M. Protection:

M.L.M Protection develops and implements cutting-edge, customized security solutions for various sectors and environments, based on broad expertise and operational experience accumulated within the framework of the Israel General Security Service (Israeli Secret Service), where it's founders and members of its professional staff held senior positions, and subsequently, in civilian security projects carried out in many countries around the world. The company provides modular solutions ranging from specific, ad-hoc services to meet specific needs, to all-inclusive, turn-key security solutions and training programs.

CONSULTING

The unique RT™ Model to confront security problem designed by our company is based on continuous development and enhancement aimed at identifying and preempting future threats.

Our company provides Aviation Security, Public Transportation Security, Corporate Security, Securing Events, Securing Sensitive Facilities, VIP Security, Tactical Teams and Police Units.

TRAINING

Training programs developed by M.L.M. Protection's training department (TACT system™) are designed to maximize these qualities in order to ensure a continuous process of independent learning, development and growth. Our company provides training in these areas- Security Units (Aviation Security \ VIP and Delegation Security \ Facility Security), SWAT Teams, K-9 units, Intelligence Units, Security Professions (Security Screening, Security Searches and Bomb Sweeping, Security Dialogue), Combat (shooting and marshal arts), Operational Driving and Lectures and Seminars.

SECURITY PROVIDERS

M.L.M. Protection supplies world-class security solutions for the civilian market

Our team's professional level is unparalleled in the civilian market.

All members of M.L.M. Protection security staff were trained within the framework of the Israeli governmental security establishment.

All members of the VIP security staff have undergone additional, specialized training in the protection of dignitaries. Our company can provide these services - VIP Security \ Delegation Security \ Securing Events \ Supervision over Security Operations \ K-9 UNITS

TECHNOLOGY & SECURITY EQUIPMENT

Based on its broad know-how and operational experience, M.L.M Protection defines the security equipment and state of the art technology required by various security units to effectively perform their functions in each specific area, such as VIP and executive security, facility security, SWAT teams, intelligence units, etc. The company supplies precise specifications and bills of quantities. If desired by the client, M.L.M Protections specialists can assist in negotiations with potential suppliers, and can also supply all required security equipment on a turn-key basis.

PHONE SHIELD ENCRYPTED & SECURE OS

Phone Shield is the most secure solution, designed to avoid phone tapping!
Phone Shield™ is based on the latest, most powerful LG Nexus 5 & 7 hardware specs

Major threats that Mobile Crypto can handle & avoid:

- Remote and local Spy Phones software
- Remote interception by:
 - Active GSM (A51 & A52 Decipher)
 - Passive GSM (A51 & A52 Decipher)
- Interception at the Cellular Operator based on 3G and 2G
- Wi-Fi interception that can crack WEP and WPK2
- Remote Email interception
- Remote microphone interception
- Remote browser and Apps interception

Easily switch between Secure and Public persona

For end users who Do Not trust a regular "off- the shelf" Mobile OS
Top Security guarantee prevents any spyware and any malicious code from being remotely installed

How to switch between personas?

Seamlessly switch back and forth between personas

PRIVATE PERSONA - 1

SECURE PERSONA - 2

A user is using the personal persona 1 on his device

Persona 1 - updating Facebook status...

Switch to corporate secure persona 2, insert your private code and make a secure call

Easily executes an encrypted call

SIGNAL DOMINANCE FOR HOMELAND SECURITY

DELIVERING CUTTING-EDGE ELECTRONIC COUNTERMEASURES SOLUTIONS

NETLINE COMMUNICATIONS TECHNOLOGIES (NCT) LTD.

Azrieli Circular Tower
132 Menachem Begin Rd.
Tel Aviv 6701101, Israel
Tel: +972-3-6068100
Fax: +972-3-6068101
E-mail: info@netlinetech.com
Web Site: www.netlinetech.com

Netline Communications Technologies (NCT) Ltd. develops and manufactures cutting edge electronic countermeasures and spectrum dominance solutions: advanced COMMINT & SIGINT, communication & counter IED jamming, and cell phone & RF detection systems to the global defense and homeland security markets.

IED & COMM JAMMING SOLUTIONS

Netline offers robust, active & reactive counter-IED & COMM jamming systems for land, sea & air covering frequencies from 20 MHz to 6 GHz. Reactive jamming technology provides superior performance and capabilities that cannot be achieved using standard active jamming.

COMMINT & SIGINT SOLUTIONS

Netline's Intelligence solutions integrate a variety of tactical COMMINT & SIGINT capabilities including spectral analysis, signal classification and demodulation, cell phone monitoring and location/direction finding – in marine, land and airborne vehicles and UAVs, as well as portable covert solutions.

PRISON SOLUTIONS

Netline offers a variety of communications jamming, detection and cellular managed access systems for the correctional facilities market worldwide. Experienced system design distributes transmitters strategically throughout the site while minimizing interference of communications outside the prison perimeter. Netline's prison jamming solutions provide highly reliable around the clock inhibition of cell phones, satellite phones, Wi-Fi, Bluetooth, airborne RF toys and other communication standards.

CELLULAR, WIRELESS & CYBER SECURITY SOLUTIONS

Netline's Radio Frequency (RF) detection systems detect potentially hostile communications, uncovering unauthorized use of radio frequencies by cyber, cellular and other information threats in government, corporate and sensitive compartmented information facilities. Solutions enable detection, mitigation and control of various communication types including VHF/UHF, Wi-Fi, cellular and more.

NICE's Security solutions help governments and enterprises anticipate, manage and mitigate security, safety, and operational risks, and make the world a safer place.

The **NICE** security, intelligence and cyber offering empowers organizations to capture, correlate and analyze "big data" generated by multiple sensors and channels.

NICE Security solutions are used by thousands of customers worldwide, including government agencies, transportation systems, critical infrastructure, city centers, banks and enterprises, to secure people and leverage their most important business assets.

NICE Security Solutions:

- Situation Management
- Video Surveillance & Analytics
- Audio Recording Solution
- Incident debriefing and investigation using complete event reconstruction
- Communications interception and analysis
- Public Safety Emergency Response Optimization
- 3D Mobile Location Tracking
- Web Intelligence
- Social Network Analysis

E-mail: nirtal@nirtal.com
Web Site: www.nirtal.com

Nirtal is a Global Homeland Security Expert Provider Since 1995.

Nirtal provides Combat Training & Equipment for:

- Law Enforcement & Military
- Counter-Terror
- Intelligence
- Executive protection
- Private & Commercial Sectors.

Nirtal is staffed by experienced officers from the ranks of elite Israeli Defense Forces of anti-terror and Special Forces units.

Nirtal is an international forerunner in the provision of security solutions.

Nirtal covers all aspects of security: consulting, training services, acquisition and provision of advanced technology systems all Combining to provide comprehensive Solutions, custom made for each individual client.

Nirtal's Main Expertise:

- Anti-terror & Anticrime.
- Operational training.
- Armed forces training: Special Forces & regular infantry units.
- V.I.P. & Executive Protection training.
- Supply of various advanced technology systems, (interception, jamming, surveillance, ballistic protection, bomb disposal, explosive detection technologies et al).
- Security combat equipment.
- Spy & anti-spy equipment, investigation and detection equipment.
- Security consulting and training using the most advanced techniques,
- Technologies and combat experienced instructors.
- All aspects of Airport and Aviation, Seaport & Maritime Security.
- Petroleum & Natural gas pipeline infrastructure security.
- Security in the private sector Banking,
- Public transportation,
- Public institutions.
- Surveillance and counter surveillance courses, training of police units for special assignments.
- Crowd control and event management.
- Prison enforcement, special units and technologies.
- "K9"-Task Dog training: explosive and drug sniffing and guard dogs.

Nirtal's technology division provides the most advanced Israeli and worldwide technological Systems, security solutions and combat equipment.

Nirtal has been operating internationally since 1995 in numerous countries around the world.

NOGA EINAT ARMY DIVISION

NOGA-EINAT SHOE INDUSTRIES LTD.

Kibbutz Givat Hashlosha 4880000, Israel

Tel: 972-3-9030150

Fax: 972-3-9030151

E-mail: info@nogaeinat.co.il

Web Site: www.nogaeinat.co.il

Since 1950 the major supplier to the I.D.F. Noga-Einat Shoe Industries is an Israeli manufacturer and supplier of military, safety and working shoes, serving both local and foreign markets.

Product lines include: army boots and shoes, products for unusual conditions and special forces, police boots and shoes, and boots for anti-terror units and anti-rioting units.

Drawing on its close working relationship with the R&D unit of the Israeli Defense Forces, Noga-Einat engineers constantly strive to design better, more comfortable, and more durable footwear. In addition, Noga-Einat also offers customized products to meet special requirements of customers.

Noga-Einat products are manufactured using the most durable, top-quality materials available.

Shoes and boots are typically composed of: leather/canvas uppers; non-woven, anti-perspiration leather insoles; and nitrite rubber/polyurethane soles. Most models offer optional fittings such as double-density soles, special removable insoles, built-in air cushioning, fur lining, etc.

Noga-Einat products meet or surpass the requirements of the IDF and other armies. The company has earned ISO 9001:2008 certification.

DEFENSE AND SHIELDING IMPROVEMENTS FOR EXISTING AND PLANNED BUILDINGS AND FACILITIES

Web Site: www.ortechisrael.co.il

ORTECH is a leading provider of advanced protection solutions against Shooting, Missiles - Scuds, Grads, Mortar shells, Blast and Ballistics hits for structures and variety of sites.

We designs and implements for our clients, security and military institutions, firing and explosion experiments for the testing of verity of product.

We are an approved supplier of the Israeli Ministry of Defense and holds ISO 9001 international quality management system standard.

Ours protection specialists will customize the most suitable protection for you, to counter the nature of threats to be confronted.

We find importance to provide the protection solutions that will meet your needs to safety and protection required for routine existence even during emergencies.

Products:

- **BRF** - blast resistance fabric for shielding improvements of walls and existing structures.
- **Composite Materials and E-glass** - protection improvements for existing structures.
- **Hazardous Materials Containers Protection** - shield against direct hits & Fragments and blast.
- **Antenna Protection** - To protect cables of Radar, Sensors, Antennas, for military and civilian uses.
- **Piping and Infrastructure Protection** - For Ground Cabling, communication infrastructure, general piping and Gas and oil pipelines.
- **Lightweight portable Shooting protection for VIP** - Can be quickly placed and easy to dismantle.
- **Windows & Doors Shielding** - Range of solutions by defining the threat.
- **"Judea Fort"** - Modular cubes for building bonkers and physical barriers against missiles ,blast, shooting and gunfire spray.
- **Mobile Shelters** - wide range of size and form.
- **Nuclear Shelters** - Tailor made Personal Counseling.

Company Profile

Since 1996, Phantom Technologies Ltd. has specialized in developing and manufacturing special Jamming systems for both cellular and RF communication bands.

Phantom Technologies Ltd. employs a highly skilled and qualified R&D team to engineer high-end jammers, using the most advanced components available.

We design custom jamming systems and supply to the I.D.F, special police forces, prison authorities, special protection groups, elite units, VIP protection, local authorities etc. Our customers highly value the reliability and quality of our products.

Phantom Technologies Ltd. provides excellent post-sale technical support and provides a full 12-month warranty on all products.

Our main product lines include:

- Cell Phone Jammers
- RF Communication Jammers
- RF Components (Power Amplifiers and antennas)
- Counter Surveillance Equipment

PICSIX

The Perfect Interception

PICSIX LTD.

41 HaMeyasdim St.,

PICSIX LTD. is a designer and manufacturer of interception and counter interception products and solutions. We produce compact passive interception systems that offer the greatest capacity and performance in the market, state of the art active interception systems and unique and sophisticated "Synchronous Transmission" solutions geared to manipulate cellular networks key parameters. In addition we pioneer a line of counter interception equipment designed to detect, locate and sabotage active interception systems in the near vicinity.

Additional products available from PICSIX include:

- WIFI interception systems that operate in conjunction with PICSIX passive and active cellular interceptors.
- Covert interception systems and vehicles.
- BIG DATA analysis station which connects to all of PICSIX radio interception systems as well as public databases.

Vehicular installation of GSM M.I.T.M and 144CH passive interception systems

- ▶ Solutions for a broad mission spectrum
- ▶ Integrated advanced ISR, C2 technologies
- ▶ Advanced Command and Control
- ▶ 3 Decades of Field-Proven Expertise

Plasan is a global provider of mission ready vehicle solutions for a wide range of military and security applications: border protection, critical infrastructure protection, special forces operations, VIP convoy protection and more.

Our multi mission vehicle solutions are designed to address diverse mission objectives and threat environments featuring exceptional maneuverability, superior armor protection, and fully integrated cutting-edge ISR, command, control and communication technologies. We design, engineer and manufacture solutions based on our vast field and combat operational experience. Our smart integration of the vehicle with ISR, communication and survivability systems deliver customized, cost-effective solutions with extended capabilities.

Plasan solutions are deployed in armed forces and security organizations worldwide.

TACTICAL RADARS FOR FORCE AND BORDER PROTECTION

The Ultimate Combat Threat Management

RADA
ELECTRONIC INDUSTRIES LTD.

RADA Electronic Industries LTD.

P.O.Box 8606
7 Giborei Israel Blvd.,

E-mail: mrkt@rada.com
Web Site: www.rada.com

RADA's tactical radars for the maneuver force provide critical real-time threat information that dramatically enhances survivability and mission success.

The Compact Hemispheric Radar (CHR) family is designed for combat vehicles and short-range protection:

- **RPS-10** Radar Sensor for Active Protection Systems (APS)
- **RPS-15** Hostile Fire Management System for Combat Vehicles

The Multi-mission Hemispheric Radar (MHR) family is designed for force and border protection:

- **RPS-40** Hostile Fire Management (C-RAM)
- **RPS-42** Tactical Air Surveillance (C-UAS)
- **RHS-44** 3D Comprehensive Perimeter Surveillance

Both are Pulse Doppler radars, Software-Defined, with AESA antenna & GaN amplifiers, 90° elevation coverage, compact and mobile, highly reliable, and introduce superior performance-to-price ratio.

RAFAEL ADVANCED DEFENSE SYSTEMS

P.O.Box 2250 (19)
Haifa 3102102, Israel
Tel: 972-73-3354714
Fax: 972-73-3354657
E-mail: intl-mkt@rafael.co.il
Web Site: www.rafael.co.il

Rafael Advanced Defense Systems, as a designer and developer of multi-disciplinary, field-proven "system-of-systems", is well-versed in complex large-scale integration and development of solutions for critical asset protection programs, both for Israel and for various countries around the world.

Rafael Advanced Defense Systems provides an end-to-end solution for today's challenges in critical asset protection and well into the future, with its vast experience and based on extensive knowledge gained over the last 60 years.

Rafael's tailor-made solutions address the customer's unique requirements, after conducting an in-depth geographical review of the area, as well as analysis of all the major potential threats, including the motivation and the ability of an attacker to carry out hostile acts.

Rafael's solution supports connectivity with **Customer-defined** sensors.

Ground-Based Sensors (Stationary and Mobile), including:

- **Terra-Sonic**- a passive warning and detection system designed to alert to possible threats on or in the vicinity of the pipeline
- **Toplite**- an advanced day/night Electro-Optic System (EOS) mounted on a mast to provide large area continuous surveillance.
- **Stalker**- a multi-sensor system mounted on a Customer-furnished vehicle for efficient surveillance, based on an advanced day/night Electro-Optic Pod and radar, mounted on an electrically-operated telescopic mast.
- **SpotLite-P**- tripod-mounted system for the detection of small arms fire sources.

Airborne Sensors, including:

- **RecceLite** - a self-contained self-cooled multi-sensor tactical reconnaissance system, consisting of an airborne pod based on the Litening Targeting and Navigation Pod and a ground exploitation station. The RecceLite simultaneously collects Infra-Red (IR) and Visual (VIS and near IR) digital images within a very wide field of regard, in accordance with an automatic mission plan and/or manual operation. The images and the data annotation are recorded on a solid state recorder and transmitted to the exploitation station via the RecceLite data link. The Images are then interpreted at the ground exploitation station.
- **Recce-U** - a self-contained, multi-sensor ISR system (based on the RecceLite Tactical Reconnaissance Pod). In addition to the persistent ISR payload, the system also comprises of a Ground Data Link Station (GDLS) and Ground Exploitation Station (GES). Recce-U simultaneously collects high-resolution infrared and visual digital images, day and night, within a very wide field of regard, in accordance with an automatic mission plan and/or manual operation, and transmits the images, which are then viewed and interpreted at the GES.
- **Toplite** - an advanced day/night Electro-Optic System (EOS) mounted on a mast to provide large area continuous surveillance.

USV/UAV/UGV, including:

- **Unmanned Airborne Vehicle (UAV)**: a tactical surveillance system, which consists of a stabilized day/night electro-optical payload mounted on a Customer-furnished UAV.
- **Protector USV** - unmanned integrated system for Intelligence, Surveillance, Target Acquisition and Reconnaissance (ISTAR).

C⁴I, including:

- **IMILITE Situational Awareness Command and Control Centers** that act as the command and control operational hubs, and used to connect all the sensors and to allow video and data transfer between the IMILITE centers and the ground forces.
- **Mobile and deployable IMILITE Surveillance, Command and Control systems**: installed in a vehicle that can be deployed to strategic locations to closely manage and control specific events and operations.

BREACHING & URBAN WARFARE DEVICES

Rafael's breaching solutions provide a modern spectrum of operational solutions for military forces to surprise the enemy and reduce risk to friendly forces, eliminate collateral damage and ensure that innocent people will not be hurt.

Rafael has developed a variety of breaching products – rifle launched, shoulder launched and static hand placed munitions - to assist in urban warfare confrontations. These products can solve door entry problems, create mobility corridors through walls and structures as well as defeat urban structures, bunkers and light armored vehicles.

Rafael's breaching systems family includes:

MATADOR FAMILY

Matador (RGW 90) AS - Anti-Structure Munition

The MATADOR AS is a combat proven shoulder launched, multipurpose munition, based on a ballistic rocket carrying an innovative tandem warhead. It can operate in two modes: emplacement against structures and fortified positions and mouse holing against walls and light armor vehicles.

It is fully disposable, cost effective, low maintenance weapon. Its effective range is from 14m to 400m, and its weight is 10kg (22lbs).

Matador AS Breaching Objectives:

- Fortified positions
- Timber bunkers
- Urban structures
- Light armored vehicles

Matador WB - Wall Breaching Munition

The MATADOR (RGW 90) WB (Wall Breaching) is a shoulder-launched wall breaching munition, based on a ballistic rocket carrying an innovative Explosively Formed Ring (EFR) warhead. Its weight is 13kg (28.7lbs) and its operational distance is 20m to 120m.

Matador WB Breaching Objectives:

- Urban walls
- Double brick walls
- Triple brick walls
- Double reinforced concrete
- Walls

SIMON (GREM) - Rifle-launched entry breaching grenade for urban & anti-terrorist warfare

SIMON rifle launched grenade is a stand-off & surprise-attack type weapon; it Replaces older breaching methods, which involved loss of surprise and the risking of assault troops in directly breaching doors by mechanical means or by attaching explosive charges.

Simon Benefits:

- Stand-off door breaching
- Increases the element of surprise
- Increases force survivability
- Minimizes collateral damage
- Simple to operate
- Easily adaptable to a variety of rifles
- Effective against variety types of doors

Rafael Provides Communication Products that Includes Data Link, Airborne Relay Systems, Communication Networks & Voice Radio

RAFAEL
ADVANCED DEFENSE SYSTEMS
 P.O.Box 2250 (19)
 Haifa 3102102, Israel

 Web Site: www.rafael.co.il

DLV-53 MFTM - ISTAR Wideband Data Link

- Ultra Wide Band data-link providing communication solutions for UAVs/ USVs/ UGVs & Airborne Reconnaissance pod systems
- Use of a single, small & light - weight unit for PTP LOS/SatCom, one hop LOS Relay & CAS waveforms simultaneously
- Supports data rates from 200Kb/s to 274 Mb/s - selectable from the Ground Station
- Growth capability up to 548Mbps without HW change
- Full spectrum support (L, S, C, X, Ku, MMW), highly immune
- Seamless secured connection between standard Airborne IP LAN and Ground IP LAN over a Gigabit WAN

BNET - Broadband MANET IP Software Defined Radio

- Ultra high data rate software defined radio (SDR)
- Tactical Voice, Video & Data on the move
- Mobile Ad-hoc network (MANET)
- Unique spectral efficiency features
- IP Radio
- Immune and secured
- Vehicular and hand-held formations

TACMAX - Tactical 4G Cellular Broadband Network for Ground Forces

- Fast deployable
- Secured and immune
- Soldier and vehicle radio
- Up to 45 Mbps per cell
- Mesh capability
- Standard IP backhaul

RAVNET 300 - Airborne Voice & Data Communication Radio Network

- Air-to-Air, Air-to-Ground, instantaneous high data rate
- Highly advanced Voice & Data Networks
- High Availability: Long range communication, auto relay via multi hops
- High efficiency utilization of V/UHF spectrum
- Legacy radios support for practical evolution
- Field proven in Israeli IAF

AIR STAR - Multi-Sensor Aerostat based system for Extended ISR

- The most advanced field proven Aerostat based ISR system
- Expands early warning and surveillance capabilities
- Supports air dominance
- Consists of multiple sensors: Radar, ELINT, COMINT & Receivers/Transmitters
- Communication to Command and Control & to Targets Interceptors
- High availability

IMILITE

Multi-Source Multi-Task ISR Exploitation System / Command and Control System Imilite is an intelligence system designed to receive process and exploit multiple standalone imagery video and other intelligence data in a centralized and a unified way.

RAFAEL
ADVANCED DEFENSE SYSTEMS
P.O.Box 2250 (19)
Haifa 3102102, Israel
Tel: 972-73-3354714
Fax: 972-73-3354657
E-mail: intl-mkt@rafael.co.il
Web Site: www.rafael.co.il

System capabilities:

data reception, processing and display of Video, imagery, targets, threats, mission status, force locations, SIGINT detection and others.

The system GIS capabilities provide synchronized display of all the data as overlays on maps, video and images.

Imilite improves the Command-and-Control process by various automated image processing algorithms such as geo-referencing, change and motion detection, video/image enhancement, video stabilization and others.

Imilite can disseminate operational data, tactical mission reports, targets and treats to other forces, to facilitate close support operations, targeting and platform/sensor management.

ImiLite allows scalable Command and Control solutions and adaption to specific operational needs, both in mobile and stationary configurations for Command and Control centers, deployable operational units.

Benefits:

- Centralized and unified workflow and data display
- Improved efficiency utilizing all available collection assets
- Shortened exploitation cycle
- Efficient Command and Control workflow
- Immediate accessibility to relevant data
- Real-time mission command-and-control workflow
- SR and mission product sharing with external operational users

Features:

- Multi-source data reception in various formats
- GIS capabilities: image/video geo-referencing, data overlays, Geo data retrieval
- Advanced Image Processing Algorithms: change and motion Detection, image/video enhancement, video stabilization and others
- ISR and mission products and reports generation and dissemination
- Scalability and Adaptability
- Stationary, Mobile or Airborne configurations

ELECTRO-OPTIC INTELLIGENCE, SURVEILLANCE AND RECONNAISSANCE (ISR)

Litening - Targeting & Navigation Pod

Litening is an innovative airborne infra-red targeting and navigation pod for fighter aircraft with high accuracy and reliability, day and night precision strike capability. Litening reduces pilot workload during targeting and tracking. It is easily integrated on any aircraft and possesses high growth potential.

In use in the Israeli Air Force, USAF, ANG, AFRES, Marines, German AF, Swedish AF, Spanish Navy & AF, Greek AF, and others, the Litening flies on F-16 , F-15, A-10, B-52, AV8-B, Gripen, Tornado, F-5, F-4, Mig-21, Mirage 2000, Jaguar and others.

Toplite EO System - Electro-Optical Surveillance, Observation & Targeting System

The Toplite family of electro-optic systems is an advanced multi-sensor, multi-purpose, highly stabilized EO systems for homeland security and defense applications, for aerial, maritime and ground based platforms.

RecceLite- Real Time Tactical Reconnaissance System

The RecceLite System consists of an E-O pod, a ground exploitation station and a data link. It is capable of collecting images day & night from 300 ft to 40,000 ft in all directions forwards, nadir, backwards, oblique - all down hemisphere and even when the aircraft is maneuvering in high G.

The Ground Exploitation Station (GES) is capable of generating targets in real-time with exceptionally high accuracy due to state-of-the-art algorithms and technology.

The data-link connects between the sensors and the GES and enables the images to be downloaded to the GES in real time. When your task is to close the attack cycle on many "time-critical targets" in less than 10 minutes, there is only one system - RecceLite.

Recce-U - Real-Time Persistent ISR System for UAVs

Recce-U is a self-contained, multi-sensor ISR system (based on the RecceLite Tactical Reconnaissance Pod). The Recce-U enables automatic photography, according to a mission plan prepared in advance, or updated mission plan uplinked in real-time, however the operator can initiate manual scanning for targets of opportunity.

Litening -on-Gripen

Toplite EOS

RecceLite System

Recce-U

RAFAEL
ADVANCED DEFENSE SYSTEMS
 P.O.Box 2250 (19)
 Haifa 3102102, Israel

SpotLite Family
Electro-Optic Enemy Fire Detection System

The SpotLite family consists of electro-optical systems that detect and locate enemy fire in stationary positions as well as on the move. Rapid detection and precise location information provide forces with the capability to quickly neutralize the enemy, maintaining the upper-hand on the battlefield.

The **SpotLite P** is a portable electro-optic system carried by two soldiers for day and night detection and location of small arms fire.

SpotLite P on Tripod

SpotLite M is a mobile electro-optic system installed on vehicles and AFV's that enables the detection and location of enemy fire sources from small arms, RPG rockets, ATGM and tank shells, on the move, day and night, up to 360° coverage.

SpotLite M on vehicle

Imilite - Multi-Source Multi-Task ISR Exploitation System / Command and Control System

Imilite is an intelligence system designed to receive process and exploit multiple standalone imagery video and other intelligence data in a centralized and a unified way.

Main system capability includes the reception, processing and exploitation of EO, IR, SAR/GMTI and VIDEO, in various formats, over one desktop. In order to enhance the exploitation process, Imilite further combines non-imagery data such as targets, threats, COMINT detection and mission status within the system workflow. Imilite generates a variety of standard and customer tailored ISR reports and IMINT products such as alphanumeric reports, annotated maps, GIS data layers and visual aids, and disseminates them to external information and operation systems over standard and tailored protocols.

Imilite's multi-source data integration and automation capabilities improve the efficiency of utilizing available collection and exploitation assets. The system GIS capabilities provide immediate accessibility to relevant imagery and intelligence data, thus shortening the ISR collection and exploitation cycle.

The Imilite is based on Rafael's combat-proven ISR and C4I systems already in service worldwide. Imilite is designed for use by Defense forces (air, ground) and police forces exercising various observation means for border patrol or coping with urban crime.

Imilite

MIC⁴AD

**RAFAEL
ADVANCED DEFENSE SYSTEMS**

P.O.Box 2250 (19)
Haifa 3102102, Israel
Tel: 972-73-3354714
Fax: 972-73-3354657
E-mail: intl-mkt@rafael.co.il
Web Site: www.rafael.co.il

MIC⁴AD is an advanced, unified, integrated C⁴I system that commands and controls the operation of both air and missile defense, including air-superiority missions. MIC⁴AD provides a total solution for multi-system, multi-layer and multi-range air and missile defense, traditionally operated as separate commands.

MIC⁴AD correlates real-time data from distributed sensors/platforms (radars, IFF system, data links, electro-optics), all connected to the air traffic control picture and mission planning system. The data is analyzed to deliver a real-time, coherent national Air Situation Picture (ASP).

Simultaneously, MIC⁴AD performs threat assessment and hostile target classification, generating an interception plan for threats at any command level (national, regional, tactical). MIC⁴AD optimizes resource management and swiftly allocates the most appropriate defense system, such as SPYDER, David's Sling, Iron Dome or other customer systems to the type of challenge. Response includes target allocation to weapon systems (TAWA - Threat Assessment Weapon Allocation) with full, semi-automatic or manual fire control according to customer doctrine.

MIC⁴AD open, modular architecture can be adapted to customer operational needs. The system can be integrated with a customer's existing or future air and missile defenses. This flexibility allows incorporating new technologies and systems with the existing arrangement. MIC⁴AD can serve as an add-on to the customer's current C⁴I setup, or replace existing systems entirely.

Highly automated, easy-to-use and with advanced interactive displays, MIC⁴AD is a true force-multiplier. Enabling unified command and fire control of multiple air and missile defense systems, MIC⁴AD delivers multi-mission, multi-layer and multi-range C⁴I capabilities that ensure end-to-end air and missile protection.

PROTECTOR® USV

RAFAEL ADVANCED DEFENSE SYSTEMS

P.O.Box 2250 (19)
Haifa 3102102, Israel
Tel: 972-73-3354714
Fax: 972-73-3354657
E-mail: intl-mkt@rafael.co.il
Web Site: www.rafael.co.il

PROTECTOR® USV

Is an unmanned integrated system for Intelligence, Surveillance, Target Acquisition and Reconnaissance (ISTAR).

The **PROTECTOR® USV** is fitted with a comprehensive sensor suite and can accommodate a variety of mission modules. The TOPLITE Electro-optical director and a radar system provide day/night detection, identification and tracking of targets. TOPLITE subsystems include a third-generation Forward-Looking Infra-Red (FLIR) sensor, color Charge-Coupled Device (CCD) camera an eye-safe laser rangefinder (LRF), and an advanced correlation tracker.

The Anti Terror/Force Protection payload includes the TOPLITE Electro-Optical Director (EOD), MINI-TYPHOON Stabilized Weapon Station, a Water Cannon System and auxiliary sensors. The MINI-TYPHOON is a stabilized gun mount that is highly accurate and includes fire control capabilities, yielding excellent shooting accuracy. The Water Cannon system provides less-lethal engagement at close range as well as firefighting capabilities.

PROTECTOR is operated from a Control Station. The Control Station includes two control consoles, one for the USV commander and one for the Payload Systems operator.

The Control Station receives, via communications links, all the system data, video imagery and audio required to effectively build a situational awareness picture and operate the system. The system can be easily incorporated in a wider defense array via a standard interface to an external C⁴I system.

Based on a highly maneuverable platform the USV has excellent maneuvering capabilities. The platform has water jet propulsion systems powered by diesel engines. The platform systems include control over propulsion, maneuvering, and navigation.

The **PROTECTOR's** core element is an advanced control system, which interfaces with all of the **PROTECTOR's** sub-systems and provides a remote operator with the ability to plan, prioritize and execute naval missions by day and night, under adverse weather conditions, without exposure to risk.

The **PROTECTOR's** modular design enables the Customer to select those sub-systems that will best meet his own particular operational requirements.

When mounting effectors, the **PROTECTOR** can effectively close the fire circle for an all-round "sensor-to-shooter" solution.

PROTECTOR® USV Operational Advantages

- Performs dangerous tasks without risking human lives.
- Performs long and wearisome missions such as patrolling and ongoing security tasks.
- Provides Real-time data and video transmission from the field to the headquarters.
- Can operate at high seas without a crew that is affected from the harsh conditions.
- The **Protector® USV** Command and Control system can be integrated with external C⁴I systems, making it an integral part of the defense array.
- The **Protector® USV** can be used to approach suspicious vessels and verify their intentions, thus distinguishing friend from foe without having risking crew safety.
- A highly effective sensor suite, capable of detecting and identifying targets and threats from a great distance.
- Integrated combat suite that enables a rapid "sensor to shooter" response.
- Equipped with a highly accurate combat proven stabilized Weapon Station capable of eliminating threats from afar.
- Equipped with high pressure Water Cannon for non-lethal deterrence, and crowd control tasks.
- The **Protector® USV** has the ability to record video and audio data of its surrounding for debriefing, legal purposes and other
- The **Protector® USV** can be deployed anywhere at sea, from oil rigs, mother ships or shore installations, thus maximizing its range of action and versatility.
- Onboard payload can be replaced to fit different designated missions, thus providing the ability to conduct a wide range of missions using a single platform.
- Fully-tested, serially-produced and operationally deployed in navies' world-wide.

SPOTLITE FAMILY

RAFAEL
ADVANCED DEFENSE SYSTEMS
P.O.Box 2250 (19)
Haifa 3102102, Israel
Tel: 972-73-3354714
Fax: 972-73-3354657

Spotlite Family

In-motion Or Portable enemy fire source Detection, positioning and classification system

Mechanized warfare is particularly complex. Sniper fire, RPG rockets, and in particular anti-tank missiles are lethal threats to the various types of ACVs moving in the battle field. Inability to detect threats and locate the position of the firing enemy causes numerous casualties, massive, inaccurate, and wasteful fire by our forces. Most importantly it lets the enemy retain the initiative in the battle field.

Spotlite is a family of electro-optical products that quickly and accurately detect and locate enemy fire and swiftly close the sensor-to-shooter loop so as to neutralize the enemy and to keep initiative on the battle field in our hands.

The first product unveiled about two years ago was the Spotlite P, formerly MK2. This is a man-portable system that detects and locates enemy shooting small arms. It immediately investigates the target to verify that it is indeed a terrorist and quickly sends the target data to snipers or any other relevant shooters that can neutralize the source of fire. Since the system is man-portable and battery-operated it has great operational flexibility and can be positioned inside buildings as well as in areas impassible by vehicle.

An additional product, Spotlite – M, has recently joined the family. Spotlite – M is an electro-optical system installed on ACVs and other vehicles that detects and locates an enemy that is firing small arms, RPG bombs, anti-tank missiles, and rockets, in motion, day and night, at a range of up to 360°.

STALKER FAMILY

RAFAEL
ADVANCED DEFENSE SYSTEMS
P.O.Box 2250 (19)
Haifa 3102102, Israel
Tel: 972-73-3354714
Fax: 972-73-3354657
E-mail: intl-mkt@rafael.co.il
Web Site: www.rafael.co.il

STALKER FAMILY - Mobile Observation Multi Sensor Systems for Security Missions

STALKER Family has two new members: the STALKER-URBAN and STALKER-PATROL. Both are designed to support urban security missions from a stand-off distance. Equipped with day/night electro-optical sensors, long-range laser range finding capabilities and GPS, STALKER provides the information required for effective security decision-making.

The STALKER systems allow operational flexibility in multiple, simultaneous scenarios during both routine and special situations. Routine missions can include monitoring crime zones and controlling crowds. In addition, during special situations like mega sporting events, the STALKERS play an active role in securing vital infrastructures (stadiums, governmental buildings, and tourist facilities), monitoring access routes, and protecting VIPs. Where required, STALKER-furnished information is shared with other network elements to provide a complete situation picture for decision-makers.

Benefits:

- Specially designed for mobile security missions
- Kit configuration for easy installation and disassembly on any Customer-defined 4x2/4x4 vehicle
- Continuous, 10hr surveillance, target acquisition, reconnaissance and intelligence collection, with GPS positioning with self-rechargeable power
- Stand-alone operation or networking via integrated Command & Control (C²) System
- Intuitive operation and quick training cycle
- Enables quick response to evolving events

TERRA SONIC

E-mail: intl-mkt@rafael.co.il
Web Site: www.rafael.co.il

TERRA SONIC - Pipeline Integrity Monitoring System

Rafael's Terra Sonic is an operational, field-proven monitoring and protection system for oil pipelines. It is a passive system employing an array of sensors to detect, classify and localize seismic sound waves propagated through the pipe and/or the oil. These sound waves are generated by occurrences or vents such as hitting, digging, leaks, and third-party action in or near the pipeline and its vicinity. The system provides valuable early warning while maintaining maximum sensitivity and minimizing nuisance alarms.

Terra Sonic uses patented algorithms and unique signal processing to analyze seismic and acoustic signals. The algorithms enable the system to distinguish between different events. These algorithms make it possible to overcome ambiguity, multi-event interference and provide high probability of interception. The system provides automatic detection, classification, and localization of activities in the vicinity of the pipeline including digging, hits to the pipe and leaks.

The system's modularity offers the capability to satisfy varied security policies and requirements.

RBTEC. LEADER IN PERIMETER INTRUSION DETECTION TECHNOLOGIES

RBtec. Your security is our challenge

Developer and manufacturer of outdoor perimeter security systems

- Fence intrusion detection sensors
- Buried sensors/Concealed sensor
- Microwave/PIR sensors
- Maritime/off shore/underwater technologies
- Vidalert alarm management system

IRONCLAD

Fence Intrusion Detection Kits

Perimeter Security Made Easy, Reliable and Affordable.

Ideal for installation on all type of fences and concertina coil.

No training, no special tools, no calibration.

MBS

Concealed Magnetic Sensor Buried Underground / On Top of a Wall

Passive intrusion detection system, designed to detect intruder crossing the invisible detection line.

SL-3

Fence Mounted Shaker Security Sensor

Multidirectional fence vibration sensor. Designed for high security sites.

10 years warranty, over 20 years life span.

MARINET

Underwater Detection Barrier

Maritime electronic security net, detects any attempt to cut the net.

Designed for seaports, power plant and oil and gas facilities.

VIDALERT

Alarm Management Software

Dedicated software for security personal to manage real-time and historical security events.

The graphic map provides visual and audible indication in the event of an alarm.

RT Company Profile

RT LTA Systems LTD is a world class designer, developer and manufacturer of the **Skystar™ Aerostat Family** proven for use in intelligence, surveillance, reconnaissance and communications applications.

Users active in prevent - prepare - respond - recover settings requiring continuous and compact aerial support are a natural fit for Skystar™ products.

The Skystar systems have more than **700,000** proven flight operation hours in battle zones all around the world.

RT LTA Systems LTD delivers self-contained, versatile, easily transportable, cost effective tactical systems comprised of a mobile control station, ground system module, a tether, lighter-than-air platform, stabilized payload platform and sophisticated sensor suite including camera, communication relays, cellular, radars.

Skystar™ systems are easy to operate, rapidly deployed and customized for a range of operating conditions in high performance worldwide in various military and civilian missions.

Skystar Applications

- Unmanned Aerial ISR and target acquisition
- Border and coastal security
- Crisis and emergency management
- Law enforcement and public safety
- Search and Rescue
- Communication relay
- Offshore/onshore business continuity recovery
- Event management/crowd control
- VIP protection
- Environmental measurement
- Situational awareness
- Perimeter security
- Intruder detection

The Sdema Group is an international homeland security solutions partnership helping to create secure environments around the world for governments and businesses to thrive.

We specialize in the unique niche of threat-based security concept design and master planning and carry through with project management, both large and small.

We believe that the most effective way to confront threats ranging from domestic crime to the shifting modus operandi of the global terrorist network is to strike the optimal balance between the three pillars of homeland security: people, procedures and technology. We see ourselves as security architects and employ a proven methodology of security planning to design and deliver this critical integration.

Our team, former Israel Security Agency leaders in national security, counter-terrorism and intelligence, have worked in the most challenging security environments around the world and put this experience to work for the government and corporate clients that we are privileged to serve.

Our services include: integrative security surveys, threat and vulnerability assessments, master security planning, technology selection and product assimilation, advanced training for all levels of security personnel, security director placement and coaching, crafting best practices and procedures, audit and control, red team testing and employee vetting.

Industries we serve:

- ✦ Aviation Security
- ✦ Mass Transit Security
- ✦ Cyber Security
- ✦ Critical Infrastructure Protection
- ✦ Safe City
- ✦ Dignitary & Executive Protection
- ✦ Facilities Security (corporate HQs, banks, hospitality industry & educational campuses)
- ✦ Employee Recruitment & Integrity Testing

About Septier

Septier Communication Ltd., founded in 2000, is a fast growing, highly profitable private company that serves customers worldwide. Septier provides innovative, robust and cost-effective solutions and products for the **security (law enforcement and intelligence agencies), telecommunications (telecom companies and service providers) and enterprise cyber-security markets**. These solutions include communications interception and analysis systems, cellular location tracking infrastructure, network surveillance products, telecom resources protection and more

Septier leverages its extensive base of deployed systems, operational knowledge and deep technological capabilities to help our customers meet their requirements and address emerging challenges requiring new and innovative approaches.

Septier is a market leader thanks to its unique fusion of capabilities and commitment:

- **Our expertise:** we are focused exclusively on developing and deploying interception and location tracking solutions
- **Our flexibility:** we develop our hardware and software entirely in-house to provide tailor-made solutions which are both state of the art and cost effective
- **Our technology:** we have experts in all relevant fields providing a technological edge that allows us to market unique innovative solutions including miniaturized intelligence systems, long range interception solutions, massive tracking products and more
- **Our solutions:** we design our systems to fit the operational requirements and flow of our customers.

Pointing at the right direction

Shafran Ltd. is a security consulting firm based in Tel Aviv, Israel, with staff of 22 experts under the direction of former senior officers of the ISA - Israel Security Agency. Shafran has extensive experience in security and intelligence, including the establishment of state security systems for airlines, embassies, maritime and other sensitive facilities.

Since its establishment in 1987, Shafran has performed professional work for various clients in the private, municipal and governmental sectors worldwide including industrial companies, hi-tech, banks and insurance companies, oil and mining companies, diamond exchanges, large construction facilities, airports and commercial airlines and others.

Our services and expertise include:

- Security Surveys
- Design of security concepts and systems
- Security Engineering
- Security consultation for Expatriates and travelling businessmen
- Security courses and training of security personnel
- Security Vetting
- Data Security and protection of the firm's Know-how and facilities
- Aviation security
- Management of Corporate Investigations
- Business Intelligence and Competitive Intelligence

Our method of Operation Includes:

- Risk Assessment
- Security Audit
- Devising a Security Concept based on risk evaluation
- Implementation of approved security recommendations
- Preparation of security procedures
- Management and supervision
- Instruction and training

The HoverMast is a tethered hovering machine, designed especially for small vehicles. It can host a variety of multi-sensor payloads, which provide stable, day and night, real-time surveillance. At the push of a button, the HoverMast's aerial unit rises up to 50 meters within seconds; secured by a cable that serves as a power supply and wideband data link. The HoverMast's hovering time is unlimited and its operation is completely autonomous; maintaining its position above the launching vehicle, even while the vehicle is in motion, so that the user may focus on the payload's mission.

The HoverMast expands the capabilities of homeland security, military and civilian ground forces by providing them with the advantages of extended aerial perspective immediately and independently.

A Wide Array of Missions and Applications

Border Protection

Border control missions in which the system serves as a virtual mobile fence that detects intruders

Homeland Security

Homeland security tasks such as airport and seaport protection

Military Operations

Military operations that require real time reconnaissance and over-the-hill intelligence

Civilian Applications

Civilian applications such as VIP protection, fire fighting, traffic control, and emergency response operations

Critical Assets Protection and Maintenance

Inspection, protection and maintenance of critical infrastructure, such as electrical line insulation and oil and gas pipelines that detects intruders

Broadcast Media Assignments

Broadcast media assignments for coverage of large-scale events

SUPERGUM - N.B.C RESPIRATORY PROTECTION

Adult protective hood for military personnel

Based on the civilian hood with adaptation to military requirements providing high reliability in the field combined with superior NBC protection. The hood utilizes new design which provides great physical comfort and freedom of movement allowing long periods of wear. The hood is equipped with a dual filter and a blower and a drinking device.

Adult protective hood for combat soldiers

State of the art NBC protection for the combat soldier, hood includes dual filter system with a blower, communications equipment interface and external drinking system. The hood was developed to answer the most rigid battlefield conditions in terms of NBC protection.

Armored Vehicle Crew-member Blower System-ACBS

A fully integrated protective system allowing an armored vehicle crew member to perform all the required tasks on the modern battlefield (communication, use of Electrooptics and night vision devices). It is based on an under-the-helmet protective hood and blower unit.

Chemical Team Respirator - CETER

Soldiers in specialized CW units, -reconnaissance, Decontamination, bomb disposal and medical corps are exposed to high concentrations of chemical agents for long periods. These types of activities require a special system for eye and respiratory protection.

The system includes:

A nose cup integrated into the hood, providing a platform for the valves, speech membrane, communications and drinking devices, A neck seal serving as the required closure

A blower that provides air through two standard filters and supplies the hood with 90 liters of purified air per minute.

Traje Protector Descartable N.B.Q.

El traje protector descartable N.B.Q. compuesto por blusón y pantalón, se produce de láminas plásticas de capas múltiples. El blusón contiene el capuchón perfilado adaptable a cualquier máscara antigás y un broche de ajuste rápido para facilitar el cierre. El traje es liviano y permite completa libertad de movimiento. Combina excelentes propiedades bloqueadoras con buena resistencia mecánica. El proceso de estampado y sellado se realiza mediante equipos de diseño especial y asegura total confiabilidad, basado en muchos años de R&D.

Traje Protector N.B.Q.

Traje protector del cuerpo entero que brinda máxima protección NBQ; el traje es fácil de vestir, flexible y liviano. El traje se ofrece en cuatro tamaños que cubren todos los requerimientos de talles.

Sobretotas Tipo 2

Brinda protección NBQ de estándar militar. Se ofrece en 8 tamaños.

Kit Suplementario

Este kit fue diseñado para personas de 13 años en adelante, y contiene todas las prendas y calzado necesarios para máxima protección física, de la cabeza a los pies. Los elementos del kit son modulares y pueden ser adquiridos en forma separada.

Los elementos del Kit Suplementario incluyen:
Traje Protector,
Sobretotas Protectoras y
Guantes Protectores de Goma.

Sobretotas Multipropósitos NBQ de SUPERGUM

Las sobretotas multipropósitos han sido diseñadas por SUPERGUM cumpliendo los requerimientos y aprobaciones de las FDI. Las sobretotas son de PVC de 1,3 mm. de espesor mínimo de pared para suministrar al soldado protección con una relación óptima de peso / protección.

El material permite una vida de estante casi ilimitada. Las sobretotas se ofrecen en tres tamaños - chico, mediano y grande. Tamaños adicionales son posibles conforme a los requerimientos del cliente.

INTEGRATED SECURITY SOLUTIONS

TANDU TECHNOLOGIES AND SECURITY SYSTEMS LTD.

Overview

TANDU Technologies and Security Systems LTD., established in 1988, is an Israeli based security projects development firm, engaged in the definition and design of operational needs and requirements, planning, design, integration and implementation of all aspect security systems, design and implementation of security concepts and doctrines and design and implementation of security training courses, for private and government organizations.

Furthermore, the company has developed unique expertise in the design of technological layouts for safe city programs and for large scale sports events and arenas, and in the design and performance of technological and operational evaluation of security systems.

TANDU employs staff of some 80 professionals, with technological, operational and academic expertise, to offer integrated, all aspect approach to every project and requirement.

Expertise

Integrated, all aspect, security solutions

Threat analysis • Security risk surveys • Risk and vulnerability analysis • Definition of operational needs and requirements • Development of Security strategy, concepts and doctrines • Security master plans • Security systems engineering • Security systems technical specifications, RFI's, RFP's • Large scale security projects integration and management services.

Security training courses

Performance of training courses • Analysis of training and qualification requirements • Design of course syllabus • Definition of course plan • Set up of security schools.

Clients

Government Ministries and Facilities, Military Forces, Police Forces, Municipalities, National Infrastructure (Power, Water, LNG, Highways) Companies, Emergency Organizations (EMS, Fire Dept.), Sports Facilities, Public Transport Organizations (Rail, Bus), Solar Power Plants, Airports, Seaports, Industrial Parks and Private Organizations and Companies, In Israel and Abroad.

NIGHT VISION SYSTEMS & Allied Products

TCI

**TCI - Technical Consultants
International Ltd.**

P.O.Box 72
Hod Ha'Sharon 4510001, Israel
Tel: 972-9-7462518
Fax: 972-9-7462519
E-mail: tcibarak.net.il
Web Site: www.nightvision.org

TCI is an organization devoted to the design and manufacture of a wide range of highly sophisticated Night Vision Systems and Allied Products.

TCI has agents in more than 20 countries worldwide. Military, Law Enforcement and Coast Guards all over the globe work with TCI equipment for both under water and dry land applications.

Our systems are in-use in many different roles, either directly on the battlefield or for anti-terrorist operations, under water inspection of ship hulls or EOD tasks on the seabed and other underwater tasks.

Our long range systems are employed for surveillance of Borders and Coastlines to prevent terrorist incursions. A number of our Systems are also operated on board Patrol Vessels and Helicopters to prevent arms or drug smuggling as well as watching for Illegal Immigrants.

Apart from manufacturing NVS and other Electro-optical Systems, TCI's workshop also undertakes projects for upgrading and Customizing/Modernizing Clients Night Vision Systems etc. TCI Ltd. employs modern CNC equipment in order to attain a high standard of accuracy which is monitored and certifies by strict quality control.

This is all part of our **CCAP 'Client Commitment Attitude Policy'**, a policy of helping the client realize the best possible standards of our Night Vision Systems and Allied Products.

TCI Ltd. designs and manufactures:

- ✓ Underwater Night Vision for Frogmen.
- ✓ Individual Weapon Sights for most small arms.
- ✓ Observation/Photographic Night Vision Systems.
- ✓ Day/Night Closed Circuit Television Systems.
- ✓ Laser Illuminators & I.R Markers for above & below Water.
- ✓ Un-Cooled & Cooled Thermal Imaging Systems.

TRACETECH SECURITY'S BREAKTHROUGH TECHNOLOGY

**Is the 'Missing Piece' in the Equation for Providing
AUTOMATED 100% Screening for Explosives,
Drugs, Narcotics, Biologicals & Chemicals**

TRACETECH
SECURITY LTD

TRACETECH SECURITY LTD.

65 Yigal Alon St.,
Tel Aviv 6744316, Israel
Tel: 972-3-6540760
Fax: 972-3-5580386
Mobile: 972-54-6272369
E-mail: benzy.s@tracotechsecurity.com
Web Site: www.tracotechsecurity.com

TraceTech is designing complete solutions and a range of sub-systems to solve these specific security challenges associated with **Carry-on Screening, Cargo Screening, Shoes Screening, Containers Screening, Vehicles Screening, Passengers Screening**, all by 100% Trace Detection using certified ETD's. (Explosives Trace Detectors/Sniffers) for the varied segments: **Airports, Seaports, Borders/ground facilities-check-points, governmental, military and police, mass-crowd transit, trains, stadiums, etc.**

The Challenge: Air Cargo Screening is the "Achilles heel" of HLS & Transportation Security

The recent Yemen Toner Cartridge Bomb Plot emphasizes the ease of attacking civil aviation transportation by using a regular cargo shipment that is loaded on passenger flights. With over 22% of US domestic air cargo travelling on passenger planes, unscreened cargo is currently a major transportation security risk. The US Department of Homeland Security's Transportation Security Administration (TSA) has **set Dec 3,2012 deadline, which requires passenger air carriers to conduct 100% cargo screening on international inbound flights.** Other governments set specific programs for implementation of this 100% Cargo Screening implementation.

TraceTech's Technology + Deployed ETD Equipment = 100% Cargo Screening

TraceTech's Technology, is ready to be used for of all kinds of **baggage, transportation and passengers screening, including:** Airports, Seaports, Ground Check-Points, Governmental facilities, Police and Military headquarters, Mass-Gathering events (stadiums, public events etc.), Railways & Bus stations and transportations.

- Carry-on baggage **CarrySafe**
- Hold baggage **HoldSafe**
- Shoe screening **ShoeSafe**
- Sea containers **SeaSafe**
- Cars/vehicles **VehicleSafe**
- Passengers **EntrySafe**

**Looking forward
to join forces with you
in achieving this
protecting-life mission.**

Web Site: www.nesstsg.com

HLS Solutions

TSG is a global company, held by Ness, specializing in integration of advanced Command & Control solutions for real-time military and civilian defense, Homeland Security and Telecom applications.

TSG has a dedicated team of multidisciplinary professionals with expertise in system definition and design, system engineering, algorithm development and hardware/software integration. With over four decades of experience, TSG covers a range of fields including C⁴i, Telecom, Data Fusion, image processing, video transmission, and IP communication.

We maintain a diverse international client base of armed forces and defense establishment, organizations and enterprises. Since 1969, TSG has served as a strategic partner of the IDF, strengthening the IDF's operational advantage by implementing innovative solutions tailored to its unique needs.

TSG's field proven homeland security solutions maximize safety and security while minimizing threats. TSG provides paramount technologies ranging from emergency management and CBRN systems, to rescue & special operations and smart / safe city solutions. TSG offering is wide-ranging, however our goal is clear - maintaining safety and security in the homeland.

All TSG solutions combines advanced Intelligence and communication capabilities providing our customers with all-inclusive solutions.

TSG systems are field proven and used by military forces, security services and public safety organizations worldwide.

SKUNK NON-LETHAL RIOT CONTROL SOLUTION

Innovative, non-lethal riot control.

*In operational use by the Israel National Police
and IDF Since 2008.*

Skunk is an innovative, non-lethal riot control product with proven effectiveness. A pungent, foul-smelling - yet non-toxic - liquid spray, it quickly disperses the most determined of violent demonstrators.

Harmless to them, to officers in the field, and to the environment, Skunk is the optimal response for the modern police force.

Odortec's eco-friendly Skunk solution was developed to meet its highest operational requirements.

And it does so with less manpower, at lower cost and without the use of force required by other riot control tactics.

The Product

Police departments over the world periodically face an acute dilemma in confrontations with violent civil unrest: the need for effective riot control and the duty to preserve the health and safety of all, including the protesters themselves. Conventional tactics - from physical force all the way to tear gas and water cannons - have been many times proven either ineffective, potentially lethal, or both. Odortec, supported by retired high rank police officers, developed the perfect, if highly pungent, solution: **The Skunk.**

There Are No Countermeasures

A non-lethal, non-toxic liquid spray, the **Skunk** is the most innovative and effective riot control method available. And there simply are no countermeasures.

This harmless deterrent consists of an extremely foul-smelling liquid, with the viscosity of water, which can be sprayed over a large area using standard water cannon or a personal spray systems. The overpowering odor

TVUNOT 5766 LTD.

9 Brand St.,
Jerusalem 9387809, Israel

Fax: 972-2-6630011
E-mail: ay@barak.net.il
Web Site: www.skunk.co.il

Skunk can be used for facility protection

of the **Skunk** drives rioters away - and keeps them away - effectively shutting down any escalating situation.

Currently in regular use by law enforcement agencies, the **Skunk** has been field tested and proven to disperse even the most determined of violent protests.

The Most Demanding Standards

The **Skunk** was designed to meet the most demanding operational requirements and the highest ethical standards.

The **Skunk** is not volatile, it's non flammable - it can even be used to put out fires in a pinch. In fact, despite its outrageous smell, the **Skunk** liquid is safe. Even clothes hit with the **Skunk** can be used after simple washing. Deployed in crowd control situations in which standard measures would involve the legal use of force, the **Skunk** is a far preferable alternative for quickly lowering the overall level of violence and breaking adversarial resistance.

Cost-Effective and Eco-Friendly

In addition, the Israeli experience proves that the **Skunk** is the most cost-effective solution for law enforcement agencies concerned about keeping down budgetary expenses. Deployment of the **Skunk** is far less costly than any special riot control equipment or compliance weapon alternatives. With the **Skunk**, manpower expenses are lowered dramatically, as fewer police officers can quickly and effectively restore order in relatively large area.

The **Skunk** is the result of years of resource-intensive development aimed at producing a law enforcement tool that is inexpensive, safe and effective, while also posing no threat to the environment.

Skunk is in operational use by the Israel National Police and the IDF since 2008.

X-TEST, the security division of the TAMAR GROUP, is an Israeli company with a professional staff that has acquired more than 20 years of hands-on experience in security operations and explosives.

X-TEST
Member of the TAMAR GROUP
20 Harduf Hanehalim St.,

YTS is a provider of comprehensive security solutions uniquely tailored to our customers' tactical and strategic needs in the security and intelligence markets.

Established in 1987, YTS is a supplier of sophisticated technological solutions and services to the Israeli defense, special operations and intelligence forces, as well as to the international markets in which it is presently active as a prime supplier to a global clientele from private, public and government sectors.

Main Areas of Activity

Special mission and intelligence vehicles

Design, engineering and installation:

- Surveillance Vehicles
- Observation and reconnaissance vehicles
- Command and Control Vehicles
- Jamming vehicles
- Boarder Control Vehicles
- Satellite Vehicles
- Tactical Vehicles
- Mobile Command & Control Trailers
- CSI Vehicles

Intelligence equipment

Design and manufacture.

Critical facilities and infrastructure protection

including HLS related security challenges such as anti-terrorism, boarder security, safe city, ISPC seaport protection.

Cyber safety

Information and Communication Protection

The company provides a full services offering which includes preliminary surveys, security consultancy, counter surveillance and training services.

Our multi-disciplinary professional engineering teams combine their professional disciplines in mechanical, automation, electrical and ergonomic engineering with sound operational background and experience, providing creative and sophisticated solutions.

YTS' specialists apply their vast experience to create a comprehensive solution tailored to answer all tactical and strategic parameters of the specific security challenge. Profound knowledge of the products available, in today's international security and intelligence market, enables us to integrate the finest cutting-edge technologies in its solutions while strictly complying with any required international quality standards.

Innovation, discretion, caring for our customers' safety and peace of mind has helped YTS maintain market leadership in an increasingly complex, and highly specialized market.

General Manager: Mr. Shlomo Gold
Director of Marketing: Mr. Igal Mevorach

Areas of activity

TAMAM Division is an integral part of Israel Aerospace Industries Ltd. (IAI) Systems, Missiles and Space Group. Since its foundation in 1964, TAMAM has been a leader in advanced electro-optical systems and inertial navigation technologies for use on air, land, sea and space platforms. TAMAM leads advanced projects for the Israel Defense Forces (IDF) and other armed forces around the world.

Among the company's main products are day/night electro-optical systems for unmanned air vehicles (UAVs), helicopters, fixed-wing aircraft, ground and maritime applications - such as M-19, LOROS, MOSP, POP, MiniPOP, GTAS and MicroPOP.

TAMAM supplies an array of land and airborne inertial navigation and reference systems such as NFS, TMAPS, ADNAV, RNAV-IPON and TNL-16, competitively priced strapdown systems for tactical weapons and smart ordnance such as TRF-90 and TNF as well as guidance and reference systems for space platforms.

Dr. Dan Peretz

Areas of activity

Established in 1933 and fully owned by the Israeli government, IMI specializes in the development, integration and manufacture of offensive and defensive solutions for the modern battlefield, homeland security and terror threats. IMI's state-of-the-art systems for land, air and naval forces, draw on the extensive experience of the Israel Defense Forces (IDF), most of them are combat-proven and have been type classified by the IDF, US Armed Forces (Army, Air Force & Navy) and various NATO members.

IMI provides full combat solutions, professional training and services, designed to fully respond to specific customer requirements of survivability and protection, firepower and mobility on the modern battlefield.

The company employs 3,400 professional, customer-devoted employees in five divisions. In addition to modern design and development shops, IMI operates production facilities, supported by advanced laboratories and test facilities accounting for 30% of the company's infrastructure. IMI's comprehensive support for its customers includes end-to-end product assistance, from training and integrated logistics to maintenance, mid-life upgrades to the transfer of technology know-how and complete after sales support.

Areas of activity

RVTT (Reshef Visual Thermal Technology) developed the "Visual Reality™" training concept and based on it, the Multi Spectral Technology (MST).

Using MST in training enables all MST passive signatures: NVG, Thermal, Radar, Laser etc. MST is used for targets (realistic picture with 3D effect), battlefield constructions, live fire MST targets, recognition & marking MST products.

All RVTT MST solutions work without power supply and yet function day & night. Quick deployment and cost effective make the MST green products very attractive for the modern forces.

Making armies training simple and innovative is our goal!
In use by the I.D.F.

Areas of activity

TraceTech Security developed breakthrough patented technology and equipment that **AUTOMATES** the present procedure by extracting air samples from Baggage and Cargo, without manual intervention and transferring them to off the shelf Explosives Trace Detector (ETD).

TraceTech Security is filling what is called "The Missing Piece of Baggage and Cargo Screening", and the company is ready to take major role in implementation of the new US and Global regulation demanding "100% Cargo Screening".

TraceTech Security targets the large and growing market of security equipment for Airports, Seaports, Ground Checkpoints, Mass Transportation, Force Protection, Sensitive Buildings and Facilities, and large Sport Stadiums.

The technology had successfully passed extensive tests of ISA - Israeli Security Agency – and Israeli Police, and the company has also advanced solutions for Shoes, Containers and Vehicles Screening.

PRODUCT BRAND NAMES

BRAND NAME/ ACRONYM/ ABBREVIATION	EXPLANATION	COMPANY	PAGE
A			
ACBS	Armored Vehicle Crewmember Blower System	Supergum Industries	124
AquaShield	Underwater Security Systems	DSIT Solutions	46
AvantGuard	Unmanned ground vehicle	GNIUS Unmanned Ground Sys.	59
B			
BNET	Broadband MANET IP Software Defined Radio	Rafael	106
BRF	Blast resistance fabric	Ortech Defense Systems	99
B-SCAN	Bottle Liquid Scanner	LDS - Laser Detect Systems	76
C			
CETER	Chemical Team Respirator	Supergum Industries	124
CHR	Compact Hemispheric Radar for combat vehicles & short-range protection	Rada Electronic Industries	103
CTIS	Computerized Telephone Interception System	Mipha International	88
D			
DLV-53 MFTM	ISTAR Wideband Data Link	Rafael	106
DUNE	Multi block sand barrier	Mifram	84
E			
ELI-3350	Integrated Border Protection System	IAI - Elta Systems	65
ELI-5500	Exclusive Economic Zone Protection System	IAI - Elta Systems	65
G			
GABRIEL	Mobile Command & Control shelter	Mifram	85
G-SCANPRO	Hand Held Explosives & Narcotics Detector	LDS - Laser Detect Systems	76
GUARDIUM	Family of unmanned ground vehicles	GNIUS Unmanned Ground Sys.	59

BRAND NAME/ ACRONYM/ ABBREVIATION	EXPLANATION	COMPANY	PAGE
H			
HDF	Heavy Duty Fence	Mifram	84
HOVERMAST-100	Tethered hovering platform	Sky Sapience	123
I			
IFMS	Integrated management system	Aeronautics	35, 36
IMILITE	MultiSource MultiTask ISR Exploitation System	Rafael	107, 109
IMPS	Indoor Modular Protection system	Mifram	85
IRONCLAD	Fence Intrusion Detection Kits	RBtec	115
J			
JUDEA FORT	Modular cubes for building bunkers	Ortech Defense Systems	99
K			
KATANA	USV System	IAI - MLM Division	67
L			
LIGHTHOUSE	Cargo Risk Management System	HBA System Integrators	62
LITENING	Targeting & Navigation Pod	Rafael	108
M			
MANTIS	Self-rising, mobile combat post	Mifram	84
MARINET	Underwater Detection Barrier	RBtec	115
MATADOR	Anti-Structure Munitions	Rafael	105
MBP	Modular ballistic protection system	Mifram	84
MBS	Mobile shelter	Mifram	84
MBS	Concealed Magnetic Sensor	RBtec	115
MC⁴	Command, Control & Communication Center	IAI - MLM Division	66
MFS	Mobile & Modular fence system	Mifram	84
MHR	Multi-mission Hemispheric Radar for force & border protection	Rada Electronic Industries	103
