

Rafael Advanced Defense Systems Ltd. designs, develops, manufactures and supplies a wide range of high-tech defense systems for air, land, sea, space and cyber applications for the Israeli Defense Forces and the defense establishment, as well as for customers around the world. The company offers its customers a diversified array of innovative solutions at the leading edge of global technology. These systems are based on vast expertise, technological know-how, and a thorough understanding of specific operational requirements. Rafael's solutions offer a qualitative advantage, and most of them have already been successfully proven operationally.

Rafael is the largest employer in Northern Israel with approximately 7,000 employees and numerous subcontractors and service suppliers.

As part of its corporate culture of partnerships and cooperation, Rafael has created agreements with over 100 governmental, aviation, space and defense organizations in Israel and around the world. These programs allow Rafael and its partners to capitalize on mutual strengths and leverage existing capabilities.
