► SIBAT – ISRAEL MINISTRY OF DEFENSE

SIBAT is the International Defense Cooperation directorate of the Israel Ministry of Defense.

Working with partners all over the world, SIBAT serves as a gateway to Israel's vast defense ecosystem. As a government directorate, SIBAT fulfills a leading role in the Israeli Defense Ecosystem, maintaining a close, ongoing relationship with Israel's defense industries, the IDF and other Israeli defense authorities. This unique position enables SIBAT to remain informed in a fast-paced and dynamic defense field, to promote international defense cooperation and to provide global partners with tailored defense solutions.

#3531

Beth-El Industries

#3531

BETH-EL ZIKHRON YAAQOV INDUSTRIES LTD.

Beth-El Industries is a leading, worldwide manufacturer and designer of collective protection CBRN filtration systems for tents, containers, vehicles, and bomb shelters. With 50 years of experience, a customer base of more than 70 armies and civilian authorities, providing Beth-El a vast knowledge in the fields of CBRN air filtration.

Commcontact
communicating innovation

#3531

COMMTACT LTD.

Commcontact Ltd. is a leading provider of mission-critical wireless communication solutions for demanding Defense and First Responder applications. We specialize in delivering innovative wireless systems for aerial, ground and naval platforms. Commcontact's field-proven systems, seasoned professionals and outstanding services enable military and first responder users to achieve maximum mission performance in harsh environments.

#3525

COPTERPIX LTD.

Manufacturing drone solutions based on our CPX Opened Framework full end-to-end open-sourced solution-delivers 30% longer flight/heavier payloads than ANY commercial drone. Our Portfolio:

- Long inspection Quad drones (100min airtime)
- Hexa multi-purpose drones, 15Kg payload
- Hybrid drones, 7 hours endurance time
- Rhino Hybrid Parallel Drone, 25Kg payload to 50Km (next year: 100Kg/100Km)
- APS300 Autonomous Patrolling system w/Micro Drones.

CTI COMPUTECH
INTERNATIONAL

#3531

CTI - INTL. SOLUTIONS LTD.

Computech International (CTI) is a world-leading designer & manufacturer of combat-proven computing Ground Control Systems (GCS), docking stations (RVDs) and AI edge computing for vehicles and unmanned systems, primarily serving the military arena. Since its establishment in 1995, CTI has placed itself squarely in the center of developing and manufacturing customized solutions using Commercial Off-the-Shelf Products (COTS).

DAGAN OPTICS
Development • Research • Innovation
In collaboration with **SENSO-OPTICS** Ltd.

#3531

DAGAN OPTICS LTD.

Dagan-Optics is a State-of-the-art company for the development of innovative Electro-Optical systems, based on its unique Thermal Imaging ISP ASIC Chip (COC), Visual & Thermal-Imaging real-time FUSION Technology and Intelligent image analytics.

Dagan-Optics produce & supply Electro-Optical solutions for Defense, Homeland Security, Law-Enforcement, Public Safety, and Search & Rescue markets, SEE-THROUGH harsh environmental conditions (Day, night, smoke, fog, and dust).

GATE
Technologies Ltd.

#3531

GATE TECHNOLOGIES LTD.

GATE Technologies is an innovative electronic safe & arm device (ESAD) company. For over 25 years, GATE has been providing unique solutions to a vast range of needs, from innovative infantry-operated ESADs to cutting-edge low-volume missile & loitering ammunition ESADs. Among other solutions, GATE offers its international customers outstanding in-house customizing capabilities.

Thermal Beacon Ltd.

Secure Optical Signaling

#3531

▶ TERMAL BEACON LTD.

Thermal Beacon develops and produces high-end innovative Electro-Optical and DVRs:

Secure Optical Signaling for Identification of Friend or Foe (IFF):

Thermal wavelengths LWIR, MWIR, and SWIR.

Powerful lasers for pointing, illuminating and dazzling:

Green, Red, IR and SWIR wavelengths.

Military Digital video recording:

Multi-channel, any format with tactical HD displays.

#3531

▶ MAGAM SAFETY LTD.

Magam Safety specializes in the following areas: Rubber & Self-Sealing Fuel Tanks, Inflatable Products, Warrior Gear and Supporting Equipment for land, air and naval application.

With more than 50 years' experience, among our various products, one will find the following: Flexible fuel tanks, Self-sealing fuel tanks, Life rafts, life vests and rubber inflatable boats, Inflatable decoys, Parachutes, Pilot's anti-G suits.

www.magam-safety.com | info@magam-safety.com | +972-73-266 5800

#3531

▶ MS TECH LTD.

MS Tech is a world class developer, manufacturer and innovator of advanced sensor technologies. MS Tech's patented technologies are based on its award-winning detection and diagnostic sensors, which represent a scientific breakthrough in the detection and identification of materials in gas, vapor and liquid phases.

► PRISMA PHOTONICS LTD.

#3531

Prisma Photonics helps keep the most critical large-scale perimeters and borders safe & secure with a quantum leap in security monitoring.

We join Fiber-Sensing technology with advanced machine learning, introducing an invisible, early warning solution.

With no extra sensors installation, it provides real-time monitoring without the nuisance of false alarms.

www.prismaphotonics.com | miki@prismaphotonics.com | +972-54-6500999

► REDLER TECHNOLOGIES LTD.

#3531

Redler Technologies is developing the 'Power-Rider' (PR), intelligent electrical power management solutions (PDU/PDB), SSCB (solid state circuit breakers) & Servo motion control. PR offers power protection, management & maintenance tools.

The Servo motion controllers deliver small footprint & high power density. All as COTS, Modifications & Built-To-Spec for military mobile platforms.

www.redlertechnologies.com | zohar@redlertechnologies.com | +972-54-3055500

► REGULUS C-UAS

#3531

Regulus Cyber provides Ring, the next generation Counter-UAS System. Fully operational & combat proven, Ring uses proprietary GNSS manipulation techniques, to defeat any threat. Simple and flexible, stationary or on-the-move, Ring deploys anywhere, integrates with anything, and stops everything, from a single threat to a swarm of drones.

<https://www.regulus.com/> | Asaf@regulus.com | +972-50-6843972

► STEADICOPTER LTD.

STEADICOPTER⁺

#3625

Steadicopter Ltd. is specializing in the design, development and production of proven rotary tactical UAS for military, HLS and civilian applications. It provides full-featured solutions for any in-field requirements, enabling vertical take-off and landing, steady hovering and leading mission sensor suites for day and night.

www.steadicopter.com | eliranf@steadicopter.com | +972-54-3516552

► TOMER – A GOVERNMENT COMPANY LTD.

#3624

We are a company that specializes in the development and manufacturing of propulsion systems. Our systems are designed to meet the specific requirements of the Israeli MOD and other customers.

We are also actively involved in Israel's space program and missile defense systems, such as the Arrow interceptor program.

www.tomer-rs.co.il | Dotang@tomer-rs.co.il | +972-8-9127843

► TREKACE TECHNOLOGIES LTD.

TrekAce[®]

#3531

TrekAce[®] Technologies Ltd, creates Hyper Capable "Warriors through unultimated Situational Awareness in Contested Environments, hence supporting warfighters where and when they need it most most.

Our technology enhances performance and situational awareness by overcoming basic human limitations, amplified when you are under stress and/or extreme settings.
