SIBAT – ISRAEL MINISTRY OF DEFENSE

Booth #1251

Sibat is the International Defense Cooperation directorate of the Israel Ministry of Defense. Working with partners all over the world, SIBAT serves as a gateway to Israel's vast defense ecosystem. As a government directorate, SIBAT fulfills a leading role in the Israeli Defense Ecosystem, maintaining a close, ongoing relationship with Israel's defense industries, the IDF and other Israeli defense authorities. This unique position enables SIBAT to remain informed in a fast-paced and dynamic defense field, to promote international defense cooperation and to provide global partners with tailored defense solutions.

ACCUBEAT LTD.

Booth #1139

AccuBeat develops and manufactures Rubidium based Atomic Clocks and provides accurate time and frequency solutions.

Based on over 25 years of experience, AccuBeat offers off-the-shelf (COTS), customized, ruggedized products and solutions tailored to the specific requirements of each project.

Additionally, the company developed systems that can detect and identify threats to GNSS systems (Anti-Spoofing systems).

ASIO TECHNOLOGIES LTD.

Booth #1139

Asio Technologies stands as a global leader in delivering tactical solutions tailored for defense and HLS (Homeland Security) applications. Our expertise encompasses Tactical Mission Enhancement Systems, optical positioning systems, inertial sensor fusion, and a streamlined GIS framework, providing combat-proven and life-saving capabilities for maneuvering forces. For nearly two decades, we have been at the forefront of innovation, supplying cutting-edge technologies, systems, and solutions to clients in Israel and worldwide.

AXON VISION LTD.

Booth #1247

Axon-Vision is a leading company that specializes in integrating AI technology into military platforms. By incorporating AI, these platforms can operate with greater autonomy and less human intervention, resulting in more precise and effective military operations. The company's EdgeUAV, EdgeSight, Edge360, and EdgeRCWS systems are AI-enhanced and provide superior ISR with a real-time AI-based video system.

GATE TECHNOLOGIES LTD.

Booth #1139

GATE Technologies is an innovative electronic safe & arm device (ESAD) company. For over 25 years, GATE has been provided unique solutions to a vast range of needs, from innovative infantry-operated ESADs to cutting-edge low-volume missile & loitering ammunition ESADs. Among other solutions, GATE offers its international customers outstanding in-house customizing capabilities.

MAGAM SAFETY LTD.

Booth #1139

Magam Safety, supplying for more than 60 years various products in the areas of:

Rubber, Textile & Inflatables

Our Rubber Products Include:

Rubber Based Fuel Tanks | Rubber Bladder fuel tanks | Self-Sealing fuel tanks | Self-Sealing Coating of metal / plastic fuel tanks

Other Products Include:

Life Rafts, Life Vests and Inflatable Boats | Parachutes | Inflatable Decoys | Warrior Gear and supporting equipment | Pilot's Anti-G suits | Pilot's Survival Vests

REDLER TECHNOLOGIES LTD.

Booth #1139

Redler Technologies specializes in developing intelligent electrical power management solutions (Power-Rider, PDU/B), SSCB & electrical servo motion control solutions. The Power Rider offers power protection, management & maintenance tools. The Servo motion controllers deliver small footprint & high-power density – all as COTS, Modifications & Built-To-Spec for military mobile platforms.

REGULUS CYBER LTD.

Booth #1139

REGULUS

Regulus Cyber is Israel-based developing GNSS security-related technologies since 2016.

Regulus is an Israeli MoD single-source supplier, with large-scale production capacity.

Ring C-UxS uses GNSS-manipulation against Uncrewed platforms.

Ring is TRL-9 and has dozens of confirmed combat kills with hundreds of systems operationally deployed on a wide variety of use-cases.

THERMAL BEACON LTD.

Booth #1139

Thermal Beacon Ltd.
Secure Optical Signailg 

Thermal Beacon develops and produces high-end innovative Electro-Optical and DVRs:

- **Secure Optical Signaling for Identification of Friend or Foe (IFF)**

Thermal wavelengths LWIR, MWIR, and SWIR.

- **Powerful lasers for pointing, illuminating and dazzling**

Green, Red, IR and SWIR wavelengths.

- **Military Digital video recording**

Multi-channel, any format with tactical HD displays.
