SIBAT- ISRAEL MINISTRY OF DEFENSE

Hall 2, Stand C12

ISRAEL MINISTRY OF DEFENSE

סיבאט
SIBAT

INTERNATIONAL DEFENSE COOPERATION

SIBAT is the International Defense Cooperation directorate of the Israel Ministry of Defense. Working with partners all over the world, SIBAT serves as a gateway to Israel's vast defense ecosystem. As a government directorate, SIBAT fulfills a leading role in the Israeli Defense Ecosystem, maintaining a close, ongoing relationship with Israel's defense industries, the IDF and other Israeli defense authorities. This unique position enables SIBAT to remain informed in a fast-paced and dynamic defense field, to promote international defense cooperation and to provide global partners with tailored defense solutions.

AERONAUTICS LTD.

Hall 2, Stand C6

**AERONAUTICS™**
YOUR EDGE IN THE FIELD

Established in 1997, Aeronautics is a world leader in designing, developing, and manufacturing Unmanned Aerial Systems (UAS) for global defense and HLS markets. Backed by continuous R&D and proven performance, its broad product portfolio, including subsidiary expertise, offers innovative ISR solutions for a wide range of modern battlefield missions.

ASTRONAUTICS C.A LTD.

Hall 2, Stand C9

 **Astronautics** C.A Ltd
A Subsidiary of the Astronautics Corporation of America

Astronautics C.A Ltd. Israel is a leading high-tech defense systems company. Astronautics is known for innovation and reliability, we deliver cutting-edge electronics and integrated solutions for defense and aerospace Including Fire Control solutions for Artillery (NAPOS) and Avionic modernization capabilities.

+972-54-3216357

CAPTURE SYSTEMS LTD.

Hall 2, Stand F4

Founded in 2008, Israeli company specializing in the development and deployment of cutting-edge defense and security technologies- successfully deployed over 3,000 systems worldwide. CAPTURE SYSTEM Ltd. is renowned for its expertise in Anti-Threat Intelligent Detector (ATID) technology, gunnery stations, surveillance systems, and anti-drone platforms etc.

CORSIGHT AI

Hall 2, Stand B8

Corsight AI creates cutting-edge facial recognition technology powered by Autonomous AI®, backed by 250+ patents.

Dedicated to speed, reliability, and privacy, Corsight serves industries like aviation, law enforcement, and retail, providing solutions for challenging conditions while upholding ethical standards and protecting personal privacy.

CREOMAGIC LTD.

Hall 2, Stand C12

Creomagic develops intelligent MANET communication solutions for mission-critical and tactical operations across air, ground, maritime, and personal networks. Powered by CreoNet SDR (Software-Defined Radio) technology, our systems ensure secure and reliable connectivity, excelling in electronic warfare and congested environments. Expertly engineered, Creomagic enhances tactical edge performance through advanced waveforms, machine learning, and networking technologies.

EMTAN KARMIEL LTD.

Hall 2, Stand A11

EMTAN, the renowned Israeli firearms manufacturer, has been a global leader in the development and production of cutting-edge small arms and suppressors. With an international reputation, numerous governments worldwide have chosen EMTAN's weapons for their security forces. Thanks to its high production capacity, rapid response, superior materials, wide range of operationally tailored firearms, and expertise in suppressor technology, EMTAN is now considered one of the most innovative arms manufacturers in the world.

IAI – ISRAEL AEROSPACE INDUSTRIES LTD.

Hall 2, Stands C2 & B6

Hall 4, Stand B40

A leader in defense, aerospace, IAI leverages state-of-the-art technology and decades of combat-proven experience delivering solutions to your national defense and security challenges.

We provide large turnkey projects in dozens of large programs for the aerospace, land, sea, and cyber domains.

We offer air and missile defense, UAVs, ground robotics, precision-guided weapons, Reconnaissance satellites, Radars and more.

snoam@iai.co.il

+972-52-6180201

IMCO SYSTEMS LTD.

Hall 2, Stand A13

IMCO Industries Group provides turnkey systems, and solutions for the Defense and Industrial markets. Our Defense Division supplies top defense integrators with advanced systems and subsystems for air, land, and naval applications. We specialize in design, development, manufacturing, and support services, ensuring clients maintain a strategic edge with cutting-edge technologies.

+972-52-6040334

PLASAN-SASA LTD.**Hall 1, Stand B20**

Plasan is a global leader in survivability and armor solutions, providing protection across land, air, and sea for over 40 years. With subsidiaries in the U.S., France, and Israel, it offers innovative products like the ATeMM robotic platform. Trusted by defense forces worldwide, Plasan ensures superior protection and flexibility.

www.plasan.cominfo@plasan.com**+972-54-2872373****RAFAEL-ADVANCED DEENSE SYSTEMS LTD.****Hall 2 , Stand C4**

RAFAEL Advanced Defense Systems Ltd. Established in 1948, develops, manufactures, and sustains combat-proven technologies, products, and systems-of-systems for air, land, naval, space and digital applications.

Leveraging its technological ingenuity, operational experience, and unparalleled understanding of evolving combat requirements, RAFAEL provides global warfighters with today's most advanced technologies and life-saving defense solutions that ensure operational superiority. RAFAEL's strategy includes strategic international partnerships and localization, to ensure customer sovereignty.

www.rafael.co.ilrmicha@rafael.co.il**+972-52-8513575****RAYZONE GROUP LTD.****Hall 2, Stand C12**

Data Driven Intelligence. Enhanced Decision Making.

At Rayzone Group, we specialize in delivering innovative and advanced cyber intelligence solutions designed to provide your organization with precise data and actionable intelligence. Using our solutions, you can make well-informed decisions that drive impactful results and give your organization data clarity and security.

REGULUS CYBER LTD.

Hall 2, Stand C11

REGULUS

Regulus Cyber is Israel-based developing GNSS security-related technologies since 2016. Ring C-UxS uses GNSS-manipulation and RF-smartlink jamming against drones. Ring has dozens of confirmed combat-kills and hundreds of systems operationally deployed on tanks, APCs, navy-ships, missile-batteries and critical infrastructure.

RT LTA SYSTEMS LTD.

Hall 2, Stand C12

Creating Advanced Aerostat Systems

RT specializes in the design and manufacture of aerostat systems, ranging from micro-tactical to large-scale strategic solutions. As a global leader, RT has developed the Skystar™ family of tactical aerostats, built on a combat-proven, lighter-than-air platform. These systems are compact, mobile, user-friendly, and cost-effective, capable of carrying diverse payloads up to an altitude of 500 meters. The Skyguard family, featuring large blimp-shaped aerostats, can reach altitudes of up to 20,000 feet. RT's aerostats are deployed globally, with over 6 million operational hours supporting military and security missions.
