SIBAT – ISRAEL MINISTRY OF DEFENSE

SIBAT is the International Defense Cooperation directorate of the Israel Ministry of Defense.

Working with partners all over the world, SIBAT serves as a gateway to Israel's vast defense ecosystem. As a government directorate, SIBAT fulfills a leading role in the Israeli Defense Ecosystem, maintaining a close, ongoing relationship with Israel's defense industries, the IDF and other Israeli defense authorities. This unique position enables SIBAT to remain informed in a fast-paced and dynamic defense field, to promote international defense cooperation and to provide global partners with tailored defense solutions.

AXON VISION LTD.

Axon-Vision is a leading company that specializes in integrating AI technology into military platforms. By incorporating AI, these platforms can operate with greater autonomy and less human intervention, resulting in more precise and effective military operations. The company's EdgeSight, Edge360, and EdgeRCWS systems are AI-enhanced and provide superior ISR with a real-time AI-based video system.

COMMTACT LTD

Commcontact Ltd is a leading provider of mission-critical wireless communication solutions for demanding Defense and First Responder applications. We specialize in delivering innovative wireless systems for aerial, ground and naval platforms. Commcontact's field-proven systems, seasoned professionals and outstanding services enable military and first responder users to achieve maximum mission performance in harsh environments.

CONTROP PRECISION TECHNOLOGIES LTD

CONTROP Precision Technologies is an established leader in the development and production of innovative EO/IR systems.

Our systems provide surveillance and reconnaissance capabilities for Maritime, Airborne, and Coastal & Border protection.

Enhanced with SMART VISION Technology, artificial intelligence

(AI) and algorithms, our portfolio allows automation and autonomous monitoring for troops.

CREOMAGIC LTD.

Creomagic develops and manufactures innovative software-defined broadband radios, which form Mobile Ad-Hoc Networks (MANET / MESH).

We serve military, public safety, critical IoT and other critical applications, offering the highest throughput in the most adverse environments.

Our mature certified radios and datalinks serve UAS, manned aircraft, loitering munitions, ground robotics, tactical teams, K9 units and more, proving themselves daily on four continents. Anytime and Anywhere.

► MAGAM SAFETY LTD.

H1-160

Magam Safety specializes in the following areas:

Rubber & Self-Sealing Fuel Tanks | Inflatable Products | Warrior Gear and Supporting Equipment

FOR LAND, AIR AND NAVAL APPLICATION

With more than 50 years' experience, among our various products, one will find the following:

Flexible fuel tanks | Self-sealing fuel tanks | Life rafts, life vests and rubber inflatable boats |
Inflatable decoys | Parachutes | Pilot's anti-G suits

www.magam-safety.com | info@magam-safety.com | +972-73-266 5800

► OMNISYS LTD.

H1-160

Omnisys is a global provider of mission optimization systems for defense and homeland security.

The BRO (Battle Resource Optimization) Systems are fully operational and combat proven.

BRO is used for mission planning, in mission decision support, and debriefing for Air Defense, Air Surveillance, Intelligence Gathering, Spectrum Management, Border Security, attack and EW missions.

www.omnisys.co.il | fredit@omnisys.co.il | +972-54-677-4758

► OPHIR OPTRONICS SOLUTIONS LTD

H1-434

Ophir Optronics Solutions, IR Optics group, an MKS Instruments, Inc. (NASDAQ: MKSI) brand, is leading provider of high-performance IR optical elements and assemblies (BTP) for air-land-naval advanced infrared thermal imaging defense applications. Offering over 45 years of experience designing and manufacturing optics for the most advanced EO programs, developed by world leading defense OEMs.

H1-160

► PRISMA PHOTONICS

H1-135

Prisma Photonics helps keep the most critical large-scale perimeters and borders safe and secure, with a quantum leap in security monitoring. We join Fiber-Sensing technology with advanced machine learning, introducing an invisible, early warning solution. With no extra sensors installation, it provides real-time monitoring without the nuisance of false alarms.

www.prismaphotonics.com | miki@prismaphotonics.com | +972-54-6500999

► RAFAEL - ADVANCED DEFENSE SYSTEMS LTD.

H8 -610

RAFAEL Advanced Defense Systems Ltd. is synonymous with Dynamic Defense, Daring Innovation, and Technological Ingenuity. For over 75 years, the Company has pioneered advances in defense solutions. Our innovations are based on extensive operational experience and understanding of combat requirements. We are dedicated to continuously expanding our global industrial cooperation programs.

www.rafael.co.il | yoram.aron@rafael.co.uk | +44-7834-525640

► REDLER TECHNOLOGIES LTD.

H1-160

Redler Technologies specializes in developing the 'Power-Rider' (PR), intelligent electrical power management solutions (PDU/PDB), SSCB (solid state circuit breakers) & electrical servo motion control solutions.

The PR offers power protection, management & maintenance tools.

The Servo motion controllers deliver small footprint & high power density – all as COTS, Modifications & Built-To-Spec for military mobile platforms.
