ISRAEL at DSEI UK

SIBAT- ISRAEL MINISTRY OF DEFENSE

SIBAT is the International Defense Cooperation directorate of the Israel Ministry of Defense. Working with partners all over the world, SIBAT serves as a gateway to Israel's vast defense ecosystem. As a government directorate, SIBAT fulfills a leading role in the Israeli Defense Ecosystem, maintaining a close, ongoing relationship with Israel's defense industries, the IDF and other Israeli defense authorities. This unique position enables SIBAT to remain informed in a fast-paced and dynamic defense field, to promote international defense cooperation and to provide global partners with tailored defense solutions.

AITECH SYSTEMS LTD.

With over 40 years of innovation, Aitech leads in rugged embedded systems for defense, aerospace, and space. Our COTS solutions—built on open standards like SOSA and VPX—power critical missions across land, sea, air, and space. Proven performance, zero failures, and unmatched reliability—wherever the mission takes you.

D-FEND SOLUTIONS LTD.

D-Fend Solutions is the leading provider of field-proven, RF cyber-based non-kinetic, non-jamming, counter-drone takeover technology for sensitive environments. Focused on the most dangerous drone threats, the company's EnforceAir system avoids collateral damage and disruption, while providing end-to-end detection and mitigation for situational awareness, operational continuity, safe landings and controlled outcomes.

info@d-fendsolutions.com

GATE TECHNOLOGIES LTD.

GATE Technologies is an innovative electronic safe & arm device (ESAD) company. For almost 30 years, GATE has provided unique solutions to a vast range of needs, from innovative infantry-operated ESADs to cutting-edge low-volume missile & loitering ammunition ESADs. Among other solutions, GATE offers its international customers outstanding in-house customizing capabilities.

INFINIDOME

infiniDome develops battle-proven GNSS protection solutions for drones, unmanned systems, maritime, and ground vehicles against jamming attacks. As GNSS interference becomes a defining feature of modern conflict zones, demand for compact, lightweight, and operationally validated solutions is rapidly accelerating across the defense and homeland security sectors.

info@infinidome.com

LOWENTALHYBRID

LOWENTAL HYBRID LTD.

Lowental Hybrid delivers a breakthrough propulsion system for defense UAVs. Our unique fuel-electric hybrid engine powers ISR, loitering, and strike platforms with unmatched flight endurance. Operators can switch mid-air between quiet electric mode and fuel-efficient combustion. Designed to meet NATO standards, it redefines performance for tactical unmanned missions.

MAGAM SAFETY LTD.

Magam Safety, supplying for more than 60 years various products in the areas of:

Rubber, Textile & Inflatables.

Our Rubber Products Include:

Rubber Based Fuel Tanks | Rubber Blader fuel tanks | Self-Sealing fuel tanks | Self-Sealing Coating of metal / plastic fuel tanks.

Other Products Include:

Life Rafts, Life Vests and Inflatable Boats | Parachutes | Inflatable Decoys | Warrior Gear and supporting equipment | Pilot's Anti-G suits | Pilot's Survival Vests.

contact@manta-air.com

+972-50-8367699

MARIS TECH LTD.

Maris Tech delivers advanced video and AI-powered edge computing solutions in ultra-compact, lightweight, and low-power designs.

Our systems support video capture, encoding, streaming, recording, and real-time AI analytics. Deployed in situational awareness, unmanned vehicles, intelligence gathering, and tactical platforms, Maris-Tech empowers mission-critical operations with reliable, field-proven performance.

OMNISYS LTD.

Omnisys is a global provider of combat-proven BRO Mission Planning and Optimization Systems.

Our systems support customers for over two decades, delivering AI-powered solutions in domains of air defense, electronic warfare & spectrum management, intelligence gathering & border security, C-UAS etc.

BRO by Omnisys empowers commanders to optimize mission performance.

+972-52-6040334

PAXIS LTD.

Paxis Ltd. develops and manufactures advanced ceramic solutions for the defense and industrial sectors. Specializing in lightweight ballistic armor, including personal protection, vehicle, and aircraft applications, Paxis delivers high-performance products based on silicon carbide and boron carbide materials. Our expertise ensures precision, reliability, and innovation in every component.

RAYZONE GROUP LTD.

Data Driven Intelligence. Enhanced Decision Making.

At Rayzone Group, we specialize in delivering innovative and advanced cyber intelligence solutions designed to provide your organization with precise data and actionable intelligence. Using our solutions, you can make well-informed decisions that drive impactful results and give your organization data clarity and security.

REDLER TECHNOLOGIES LTD.

Redler Technologies delivers **intelligent power and motion systems** built for mission success. With decades of domain experience, in-house R&D, and full lifecycle support, our proven solutions empower Aerospace, Defense, and critical industries worldwide. From off-the-shelf to tailored builds, Redler ensures precision, readiness, and performance.

Trusted. Tested. Ready when you are.

+972-543216320

RSL ELECTRONICS LTD.

RSL Electronics provides advanced predictive maintenance systems, smart control solutions, and intelligent diagnostics for the Defense, Aerospace, Maritime, and Industrial sectors.

For decades, we've been a trusted partner to world-leading defense forces, OEMs, and industrial operators.

Whether in the air, at sea, or on the ground – RSL empowers platforms to perform better, longer, and safer.

Core Product Lines:

- Prognostic Health Monitoring Systems (HUMS)
- Advanced Control Systems
- Muzzle Velocity Radars (MVR)

Your Mission. Our Insight.

SOL SECURITY LABS LTD.

Sol security labs by Radiant is an Israeli based vulnerabilities & exploits research group that brings together extensive military and industry backgrounds. The group has a proven track record in developing unique, military-grade high-end capabilities across various platforms and web applications. The company collaborates exclusively with discerning TOP-tier partners!

Tzvikam@radiantrl.com

+972-54-3454437

SOLARPAIN LTD.

SolarPaint (by Apollo Power) delivers reliable, field-proven energy with a fully integrated hybrid system. Tested and approved by the IDF, it supports rapid deployment, providing energy continuity anywhere. From 30W chargers to 300kWh systems, our lightweight, flexible solutions are proudly made in Israel for defense and tactical missions.

nissa@apollo-power.com

+972-529243823

THERMAL BEACON LTD.

Thermal Beacon develops and produces high-end innovative Electro-Optical and DVRs:

- **Secure Optical Signaling for Identification of Friend or Foe (IFF)**

Thermal wavelengths LWIR, MWIR, and SWIR.

- **Powerful lasers for pointing, illuminating and dazzling**

Green, Red, IR and SWIR wavelengths.

- **Military Digital video recording**

Multi-channel, any format with tactical HD displays.
