## ► SIBAT – ISRAEL MINISTRY OF DEFENSE

SIBAT is the International Defense Cooperation directorate of the Israel Ministry of Defense. Working with partners all over the world, SIBAT serves as a gateway to Israel's vast defense ecosystem. As a government directorate, SIBAT fulfills a leading role in the Israeli Defense Ecosystem, maintaining a close, ongoing relationship with Israel's defense industries, the IDF and other Israeli defense authorities. This unique position enables SIBAT to remain informed in a fast-paced and dynamic defense field, to promote international defense cooperation and to provide global partners with tailored defense solutions.

## ► ASHOT ASHKELON INDUSTRIES LTD.

Ashot Ashkelon is a leading manufacturer of systems and components for the Aerospace Industry. Ashot is a BTS and BTP supplier of turn-key products for the leading OEMs.

Ashot specializes in:

- Jet engine shafts
- High lift systems
- Gearboxes and transmissions
- Electromechanical assemblies
- Landing gears
- Tungsten balance & counter weights

BET SHEMESH  
ENGINES

## BET SHEMESH ENGINES LTD.

The Group includes Bet Shemesh Engines, Carmel Forge and LPO (Serbia). Manufacture jet engine components, overhaul/repair jet engines.

FAA/EASA approved.

Machining: critical rotating parts.

Casting: single crystal and DS, vacuum/air melt of nickel and standard steel by investment casting.

MRO: F100-220/229, PWC PT6A, T700, RR250.

R&D: design jet engine parts and complete engines.

## BIRD AEROSYSTEMS LTD.

BIRD Aerosystems, a global provider of innovative defense technology, provides the following solutions:

AMPS - Airborne Missile Protection Solutions: leading protection suites that include a unique patented DIRCM. AMPS has hundreds of installations all over the world.

ASIO - Airborne Surveillance, Intelligence and Observation: products that provide customers solutions for a variety of Ground, Aerial and Maritime Patrol missions.

## COPTERPIX LTD.

Manufacturing drone solutions based on our CPX Opened Framework full end-to-end open-sourced solution-delivers 30% longer flight/heavier payloads than ANY commercial drone.

Our Portfolio:

Long inspection Quad drones (100min airtime)

Hexa multi-purpose drones, 15Kg payload

Hybrid drones, 7.5hours endurance time w/unique ability mid-air generator stop/start.

APS300 Autonomous Patrolling system w/Micro Drones.

## ► THERMAL BEACON LTD.

**Thermal Beacon Ltd.**  
Secure Optical Signaling

Thermal Beacon develops and produces high-end innovative Electro-Optical and DVRs:

Secure Optical Signaling for Identification of Friend or Foe (IFF):

Thermal wavelengths LWIR, MWIR, and SWIR.

Powerful lasers for pointing, illuminating and dazzling:

Green, Red, and IR wavelengths.

Military Digital video recording:

Multi-channel, any format with tactical HD displays.

## ► TOMER – A GOVERNMENT OWNED COMPANY LTD.

We are a company that specializes in the development and manufacturing of propulsion systems.

Our systems are designed to meet the specific requirements of the Israeli MOD and other customers.

We are also actively involved in Israel's space program and missile defense systems, such as the Arrow interceptor program.

**Hall 3, A-38**

## ► UVISION AIR LTD.

UVision designs, develops and manufactures innovative, cost-effective, lethal aerial loitering munition systems for customers worldwide. UVision utilizes cutting edge technology and has extensive field experience and a professional management team from leading Israeli defense companies. UVision's HERO Family ranges from tactical to operational loitering munitions for air, land and naval platforms.
